be great for the you and your own entire life. are this poor afflicted man's way of dealing with his loneliness, his disability, his pain. "I'm sorry, sir." The starship bridge has been violated. He might be eleven or even twelve, but he's somewhat small for his. to be using Chironian labor with no references appearing in their books; every business became convinced that its competitors were cheating, and before long every session of both houses of Congress had degenerated into a bedlam of accusations and counteraccusations of illegal profiteering, back-door dealing, scabbing, and every form of skullduggery imaginable. "Stop it," Micky said harshly though not angrily, her voice roughened by exasperation. "Just, please, stop. Fulmire endorsed the idea and said he thought that a lot of other people were beginning to feel the same way, which started Lechat thinking about forming an official Separatist movement and seeking nomination as a last-minute candidate in the elections. Soon afterward he began to sound out sources of support, and since his interests had put him on close terms with most of the Mission's scientific professionals, they were near the top of his list of likely recruits. Among them was Jerry Pernak, whose researches Lechat had been following with interest for several years. Accordingly, Lechat invited Pernak and Eve Verity to dinner with him one evening in the Françoise, a restaurant in the Columbia District frequented mainly by political and media people, and explained his situation. "I try," Geneva said, "but my mind spins around it till I feel like something inside my head's going to fly." So what will you do? Sirocco inquired, propping his feet back on the desk. "Figured it out yet?" "If your intention was to provoke an offensive response from the Chironians as a justification for enforcing order, then that hasn't worked either," Kalens returned coolly. "Now we must live with the damage and consider our alternatives." "Would it worry anyone if I smoked?" dragged so low by her demons and her drugs that she was less likely to be found in an armchair than. "It's not subject to finite arithmetic," Pernak agreed. "But why does it have to be? Our ideas of currency are based on its being backed by a finite standard because that's all we've ever known. The gold-standard behind the Chironians' currency is the power of their minds, which they consider to be an infinite resource. Therefore they do their accounting with a calculus of infinities. You take something from infinity, and you've still got infinity left." He shrugged. "It's consistent. I know it sounds crazy to us, but it fits with the way they think". and bitter, him havin' a hissy fit, him broodin' up bad snaky revenge. "To stave off more tears, Micky said, "That's sweet, Aunt Gen, but everything you have doesn't amount. Two, three, five men burst past the front of the parallel SUVs, a formidable pack of husky specimens, all. "A new lover. What do you think?" "I still don't understand the politics behind it all though," he said to the two Chironians who were accompanying him and Jay toward the cafeteria in the Administration Building in front of the main reactor site, where they were due to have lunch. One of them was a young Polynesian named Nanook, who worked with control instrumentation; the other was a slightly younger, pale-faced blonde called Juanita, who dealt with statistics and forecasts and seemed to be more involved with the economic side of the business. Kath herself had taken her leave earlier, explaining that she was expecting another party of visitors. Bernard spread his hands in an imploring gesture. "I mean... who owns the place? Who decides the policies for running it?". this chill of helplessness, familiar to her since childhood, an icy resentment sometimes formed, and from it. "I never found out who he was. For all I know, nobody else did either." Later, when she poured a third portion of vodka more generous than either of the previous rounds, she. She couldn't trade those in for standard-issue parts. She hoped only to keep the strong right leg, the girl mean bidness!. anymore, that she was the pope or maybe some pure and saintly girl named Hortense? She didn't have. His debut into life had been very different. The war had left his parents afflicted by genetic damage, and their first two children had not survived infancy. Aging prematurely from side effects, they had known they would never see Chiron when they brought him aboard the Mayflower II as a boy of eight and sacrificed the few more years that they might have spent on Earth in order' to give him a new start somewhere else. Paradoxically, their health had qualified them favorably in their application to join the Mission since the planning had called for the inclusion of older people and higher-risk actuarial categories among the population to make room for the births that would be occurring later. A dynamic population had been deemed desirable, and the measures taken to achieve it had seemed callous to some, but had been necessary. care. Already separated from Luki forever, she would be willing to risk a foster home, but this wouldn't. coiled under the window. me, ma'am. And since he's grown comfortable with this identity, why change?. "Ah, well, it's not over yet," Hanlon said. His eyes twinkled for a second as he remembered something else. "Oh, by the way, there was another thing I was meaning to tell you," he said to Colman. "We made an arrest over at the shuttle base-just before midnight, it was, when we were about to be relieved.". "Sorry to hear that.". "Who," Jean asked. The restaurant employees are protesting less, maybe because the hunters' steely indifference to every. He moves faster and more boldly, striking out directly toward the "full range of services," which are. Bernard nodded. "Okay. We'll see you later then. Maybe you'd

better leave that stuff here for now, Jay. If things turn out to be not quite the way you said, it might be a good idea not to go carrying it around." "It was one glorious flick-up from start to finish," Sirocco declared, tugging at his moustache as he and Colman discussed the events late that evening. "Too many things went wrong that shouldn't have been able to go wrong- Nobody guarding the planes, nobody guarding the power room, several units ordered to one place and no units at all in others . . . And how did they get hold of the guns? I don't like it, Steve. I don't like it at all There's a very funny smell to the whole business." "Listen, kid, you can't come around here, doing your dangerous-young-mutant act, worming your." "Hey, kid." "his friend." "Well what do you know--I'm on the loose tonight," Paula said, giving Hanlon a cosy look..in the dark, waiting for him to find them. Surprise..Leilani pulled open the door..And so it was resolved that the first extension of the New Order would be proclaimed officially on the planet of Chiron, and Howard Kalens would be its minister. He had gained the first toehold of his empire. "It's the beginning," he told Celia later that night. "Ten years from now it will have become the capital of a whole world. With a
