As the nurse slapped a bar of lye soap in Celestina's right hand, she turned on the water in the sink..Hesitantly, the ivory tickler shook hands. "I'm ... uh ... I'm Ned Gnathic. Everyone calls me Neddy." Since her conversation with Joshua Nunn the previous Thursday, she'd had more than four days to armor herself for the worst. She prepared for it as well as any mother could while still holding on to her sanity..The

following April, when he proposed to her, she wouldn't have him. "You're sweet, Paul, but I can't let you throw your life away on me. You're this ... this beautiful ship that will sail a long way, to fascinating places, and I'd only be your anchor." Did she poison herself as well? Was it her intention to kill him and commit suicide? Junior worried, however, that they had noticed him after he pulled to the curb twice behind them, that they were keeping an eye on him, ready to bolt if he got out of the car, in which case they might all make it inside before he could cut them down. "It sure is," Barty said. When only a mortified silence followed his remark, he added: "Gee, I thought that was kinda funny." Using this apartment as a base, Nolly and Kathleen had conducted some of the small skirmishes in the first phase of the war, including the ghost serenades. They left the place tidy. Indeed, the only sign that they had ever been here was a packet of dental floss left behind on the sill of a living-room window. She bit her lower lip, held her breath, repressed the sob that sought release, and said, "I know." "Two weeks to go. I'm not going to miss that. I've cleared all appointments off my calendar." Both the red and the white wines were too cheap for Junior's taste so he drank Dos Equis beer and got two kinds of high by inhaling enough secondhand pot smoke to cure the state of Virginia's entire annual production of hams. Among the two or three hundred partyers, some were tripping on some exhibited the particular excitability and talkativeness typical of cokeheads, but Junior succumbed to none of these temptations. Self-improvement and self control mattered to him; he didn't approve of this degree of self indulgence. At the farthest end of the loft from the stereo speakers, voices nevertheless had to be raised in even the most intimate exchanges. The artist who had created In the Baby's Brain Lies the Parasite of Doom, Version 6, however, possessed a voice as deep, sharp-edged, and penetrating as his talent. Kathleen watched him with obvious amusement, aware that he was savoring her suspense as much as he was the appetizer. "When you called earlier in the year, to ask for a referral to a private investigator down there, the woman had recently turned up dead and Vanadium was gone, but no one put the two together at first." Sklent came to mind, perhaps because of the strange drawing on the girl's sketch pad. Sklent at that Christmas Eve party, only a few months ago but a lifetime away. The theory of spiritual afterlife without a need for God. Prickly-bur spirits. Some hang around, haunting out of sheer mean stubbornness. Some fade away. Others reincarnate. Barty, she explained, would be rich in many ways. Financially rich, but also rich in talent, in spirit, intellect. Rich in courage, honor. With a wealth of common sense, good judgment, and luck. Shortly before three o'clock, Thursday afternoon, in a state of agitation, Barty raced into the kitchen, where Agnes was baking buttermilk-raisin pies. Holding Red Planet open to pages 104 and 105, he complained urgently that the library copy was defective. "There's twisty spots in the print, twisty-funny letters, so you can't just exactly read all the words. Can we buy our own copy, go out and buy one right now?" break and conversation among the customers fell into a lull. When the bar phone rang, though it was muted, he heard it at his table. Paul recalled the letter he had written to Reverend Harrison White a couple weeks after the death of Joey Lampion. He'd carried it home from the pharmacy on the day that Perri died, to ask for her opinion of it. The letter had never been mailed. Junior's fear gave way to an appreciation for the irony in this situation. Gradually, he regained the ability to smile, tossed the coin in the air, caught it, and dropped it in his pocket. Her life was so blessed that she could have dealt with a horde of locusts, let alone a few mosquitoes. "Your father denies the rape ever occurred, apparently out of what I'd call a misguided willingness to trust in divine justice." In Cain's bedroom, Tom Vanadium's hooded flashlight revealed a six-foot-high bookcase that held approximately a hundred volumes. The top shelf was empty, as was most of the second. "Search me. But I didn't tell him different. The less he knows, the better. I can't figure his motivation, but if you were tracking this guy by his spoor, you'd want to look for the imprint of cloven hooves." Atop the dead woman, Vanadium's leather ID holder ignited. The identification card would bum, but the badge was not likely to melt. The police would also identify the revolver. Griskin, a former convict, had served eleven years for second-degree murder before the lobbying efforts of a coalition of artists and writers had won his parole. He possessed a huge talent. No one before Griskin had ever managed to express this degree of violence an rage in the medium of bronze, and Junior had long kept the artist's work on his short list of desired acquisitions. Although Dr. Lipscomb spoke almost as softly as the long-winded pianist, and though the physician's narrow face was homely and devoid of any trace of violent temperament, Neddy Gnathic flinched from him and retreated across the threshold, into the hallway. Although Paul had seen Tom Vanadium's clever coin trick, he didn't understand the rest of their conversation, and he assumed that for everyone else-except Angel's mother-it was equally impenetrable. But taking their clue from the risen Celestina, all those present had fallen silent. He hadn't seen Thomas Vanadium since Monday, at the cemetery, and Vanadium hadn't pulled any tricks since leaving twenty-five cents at his bedside that same night. Almost four days undisturbed by the hectoring detective. In matters Vanadium, however, Junior had learned to be wary, prudent. body on the flight out of San Francisco. When finally her obligations were met, she. O foolish writer. Now moves. Even in storytime, dreamtime, once-upon-a time, now isn't then. While Junior had been hospitalized, Vanadium had searched his lace, with or without a warrant. Turnabout was satisfying. Instead, he encountered an elderly woman getting out of a red Pontiac with a fox tail tied to the radio antenna. A quick glance around confirmed that they were unobserved, so he clubbed her on the back of the head with the butt of his 9-mm pistol. Anyway, traumatic as it had been, the shooting was not the worst thing that happened to him that year. quiet pool, sweet with the fragrance of jasmine. Under the huge spreading oak. Grass oiled to a glossy green by the. The physician saw the look and understood it. A blush pinked his long, pale face. "Celestina, you're quite beautiful, and I'm sure you've learned to be wary of men, but I swear that my intentions are entirely honorable." The girl sucked in deep lungful of the weary clouds. "Better hold tight, Mommy, I'm gonna float." His dry tongue, his parched mouth, his desiccated throat felt packed fall of sand, and his voice lay buried alive down there. After the latest concerned nurse departed, Sheena leaned close. She cruelly pinched Junior's cheek between thumb and forefinger, as if she might tear off a gobbet of flesh and pop it into her mouth. The house was empty, silent. Hanna worked only days. Nellie Oatis, Perri's companion, was not employed here anymore. As early as this evening, here at her son's bedside, Agnes began dimly to sense that certain of these amusing conversations with Barty might not be as fanciful as they seemed, that he was expressing in a childlike way some truth that she had assumed was fantasy. Junior hadn't noticed when the detective stopped turning the coin across his knuckles. "The mass of these malignancies suggest they will soon spread-or have already spread-out of the eye to the orbit. There is no hope that radiation therapy will work in this instance, and no time to risk trying it even if there were hope. No time at all. No time. Dr. Schurr and I agree, to save Bartholomew's life, we must remove both eyes immediately." Paul's Mediterranean complexion didn't make a blush easy to detect, but Tom thought his face brightened until it was a shade or two closer to the color of his rust-red hair. His eyes, usually so direct, evaded Celestina. At the end of the famous sermon, Celestina's father had wished to all well-meaning people that into their lives should fall a rain of benign effects from the kind and selfless actions of countless Bartholomews

whom they would never meet. And he assures those who are selfish or envious or lacking in compassion, or who in fact commit acts of great evil, that their deeds will return to them, magnified beyond imagining, for they are at war with the purpose of life. If the spirit of Bartholomew cannot enter their hearts and change them, then it will find them and mete out the terrible judgment they deserve..Instead, he sat in the breakfast nook with his phone books and resumed the grueling search for Bartholomew.."Please try not to be alarmed, Miss White, but I have a patrol car on the way to your address."."Nature has no maternal instincts," Edom said quietly but with conviction. "To think otherwise is sheer sentimentality at its worst. Nature is our enemy. She's a vicious killer."..Beside her, the passenger's door barked and shrieked as though alive as though suffering, and these sounds were uncannily like the cries of torment that only Agnes could hear in the haunted chambers of her heart..just as Sinatra broke into song again, Junior thought he heard a footstep on the wood floor of the hallway, and the creak of a board. The music masked the sounds of the visitor's approach if, indeed, he was approaching..Second, Thomas Vanadium received no mention: Therefore, his body hadn't been found in the lake. He still ought to be under suspicion in the Bressler case. And if new evidence cleared him of suspicion, then his disappearance should have been mentioned, and he should have been listed as another possible victim of the Shamefaced Slayer, the Bandaged Butcher, as the tabloids had dubbed Junior..Junior had hoped not to be recognized by anyone at this affair. He regretted that he hadn't stuck to his original plan, maintaining surveillance of the gallery from his parked car..Between new women and needlepoint pillows, he participated in s?ances, attended lectures given by ghost hunters, visited haunted houses, and read more strange books. He even sat for the camera of a famous medium whose photographs sometimes revealed the auras of benign or malevolent presences hovering in the vicinity of her subject, though in his case she could discern no telltale sign of a spirit..Babies of unwed mothers-especially of dead unwed mothers, and especially of dead unwed mothers whose fathers were ministers unable to endure public mortification-were routinely put up for adoption. Since Seraphim had given birth here, the baby would be-no doubt already had been-adopted by a San Francisco-area family..nonetheless. The rapist's curse. Healthy, but healthy at the expense of Phimie..On one wall hung an impressive array of gardening tools. In the corner was a potting bench..force open Edom's mouth. "Eat your sin, boy, eat your sin!" Edom resists eating his sin, but he's afraid for his eyes..When he reached the Suburban and closed his right hand around the handle on the driver's door, he felt something peculiar against his palm. A small, cold object balanced there..Dr. Zedd's death, just last Thanksgiving, had been a blow to Junior, a loss to the nation, to the entire world. He considered it a tragedy equal to the Kennedy assassination one year previous..For a finder's fee, Junior was put in touch with a papermaker named Google. This was not his real name, but with his crossed eyes, large rubbery lips, and massively prominent Adam's apple, he was as perfect a Google as ever there had been..When Junior walked the cracked-linoleum corridor and descended the six flights of stairs to the street, he discovered that a thin drizzle was falling. The afternoon grew darker even as he turned his face to the sky, and the cold, dripping city, which swaddled Bartholomew somewhere in its concrete folds, appeared not to be a beacon of culture and sophistication anymore, but a forbidding and dangerous empire, as it had never seemed to him before..The three adults exclaimed at the disappearance of the quarter, applauded again, and looked knowingly at Tom's hands, which had closed at the sudden conclusion of all the flourishes.
