"Mr. Cain, if he bothers you, would you want me to have his choke chain yanked?".With a smudge of flour on one cheek, wiping her hands on a red-and-white checkered dishtowel, Agnes answered the door, saw the car in the driveway, and said, "Paul! You're not walking?".Wednesday morning, January 10, he wired one and a half million dollars from the Gammoner account to Pinchbeck in Switzerland. Then he closed out the account in the Grand Cayman bank..He must begin by learning as much as possible about ghosts, hauntings, and the vengeance of the dead. During the remainder of 1966, only two apparently paranormal events occurred in

Junior Cain's life, the first on Wednesday, October 5..even allow himself as much as a lascivious wink or a quick caress of Victoria's hand..The Selective Service physician quickly declared Junior to be maimed and unfit. Quietly but with passion, Junior pleaded for a chance to prove his value to the armed forces, but the examiner was unmoved by patriotism, interested only in keeping the cattle line of other potential draftees moving past him at a steady pace..faiths and inhibiting rules that confused humanity, when he was sufficiently enlightened to believe only in himself, he would be able to trust his instincts, for they would be free of society's toxic views, and he would be assured of success and happiness if always he followed these gut feelings..As always in uncertainty, she asked herself what her mother would do in this situation. Grace, of infinite grace, unflinchingly did precisely the needed thing, knew exactly the right words to console, to enlighten, to charm a smile out of even the miserable. Often, however, the needed thing involved no words, because in our journey we so often feel abandoned, and we need only to be reassured that we are not alone..From San Francisco south to Orange County Airport on a crowded commuter flight, then farther south along the coast by rental car, Paul Damascus brought Grace, Celestina, and Angel to the Lampron house. "Before we go to my place, there's someone I very much want you to meet. She's not expecting us, but I'm sure it'll be okay." By the time he went to bed Saturday night, the cards that had been only that morning were showing signs of wear..A fine carpenter can wield a hammer with an economy of movement and accuracy as elegant as the motions of a symphony conductor with a baton. A cop directing traffic can make a rough ballet out of the work. However, of all the humble tasks that men and women can transform into visual poetry by the application of athletic agility and grace, clambering into a Dumpster holds the least promise of beautification..For eight months following that night, until late September of 1965, Vanadium had been in a coma, and his doctors had not expected him to regain consciousness. A passing motorist had found him lying along the highway near the lake, soaked and muddy. When, after his long sleep, he awakened in the hospital, withered and weak, he'd had no memory of anything after walking into Victoria's kitchen-except a vague, dreamlike recollection of swimming up from a sinking car..Hound told his master that they had the hexer in a safe place, and Losen said, "Who was he working for?". Agnes leaned forward in her chair: knees together, clasped hands resting on her knees, forehead against her hands..This unflinching consistency of packaging enables card mechanics, professional gamblers, sleight-of-hand magicians-to manipulate a new deck with confidence that they know, starting, where every card can be found in the stack. An expert mechanic with practiced and dexterous hands can appear to shuffle so thoroughly that even the most suspicious observer will be satisfied-yet he will still know exactly where every card is located in the deck. With masterly manipulation, he can place the cards in the order that he wishes, to achieve whatever effect he desires..The 9-mm pistol rested in the complementary shoulder holster, under Junior's leather coat. But the sound-suppressor hadn't been attached; it was in one of his coat pockets. The extended barrel, too long to lay comfortably against his left side, would most likely have hung up on the holster when drawn..Busily, earnestly, with great satisfaction, Junior redirected his anger at Celestina and at the man with her. These two were, after all, guardians of the true Bartholomew, and therefore Junior's enemies.. "And there's more," said Vinnie Lincoln, as round as Santa Claus and cherry-cheeked with pleasure at being able to bear these gifts. "The policy contained a double-indemnity clause in the event of death by accident. The complete tax-free payout is one and a half million..His enjoyment of the art was diminished by these associations, and as Junior turned away from Industrial Woman, his attention was suddenly captured by the quarters. Three lay on the floor at her gear wheel-and-meat-cleaver feet. They had not been here earlier..As though frightened of the gentle certainty in Celestina's eyes, the doctor turned away from her, and toward the window once more..Raise high the candlestick. In spite of the masking music, breathe shallowly and through the mouth. Remain poised, ready..Though she was only a week past her third birthday, Angel always selected her own clothes and carefully dressed herself. Usually she preferred monochromatic outfits, sometimes with a single accent color expressed only in a belt or a hat, or a scarf. When she mixed several colors, the initial impression that she gave was of chromatic chaos-but on second look, you began to see that these unlikely combinations were more harmonious than they had first seemed.. "Is it as bad as that?" Celestina wondered plaintively, though she knew the answer. "I love San Francisco. The city inspires my work. I've built a life here. Is it really as bad as that?". Round of face and round of body, Vinnie didn't walk like other men; he seemed to bounce lightly along, as if inflated with a mixture of gases that included enough helium to make him buoyant, though not so much that he was in danger of sailing up and away like a birthday balloon. His smooth cheeks and merry eyes left a boyish impression, but he was a good attorney, and shrewd..Of course, Angel might have been playing around with the talking book. Or, even though she'd left the dolls downstairs, she might have been filling the time until Barty's return by having a nice chat with Miss Pixie and Miss Velveeta. She had other voices, too, for other dolls, and one for a sock puppet named Smelly..In January 1965, Magusson had sent Cain to Nolly as a client, not sure why the creep needed a private detective. That had turned out to be the business about Seraphim White's baby. Simon's warning to be careful of Enoch Cain had helped to shape Nolly's decision to withhold the information about the child's placement..Not that he failed to perform well. As always, he was a bull, a stallion, an insatiable satyr. None of his lovers complained; none had the energy for complaint when he'd finished with them..He switched on his flashlight. In the beam, on the blacktop, a silver disc. Like a full moon in a night sky..Like a disc fish with silvery scales, the coin lay in the cup of Junior's palm. Directly over his life line..Maria turned sideways in her chair and dealt from the top of the four-deck stack, onto the table in front of Barty..The cheerful tides of friends and neighbors, over the years, had washed away nearly all the stains that the dark rage of Agnes's father had impressed on these rooms. She hoped her brothers might eventually see that hatred and anger are only scars upon a beach, while love is the rolling surf that ceaselessly smooths the sand..just as the smile curved to completion, however, an awful thing happened. The humiliation began with a loud gurgle in his gut..The most shameful thing Junior found was the "art" on the walls. Tasteless, sentimentalized realism. Bright landscapes. Still lifes of fruit and flowers. Even an idealized group portrait of Prosser, his late wife, and Zelda. Not one painting spoke to the bleakness and terror of the human condition: mere decoration, not art..This venerable old building, as solidly constructed as a castle, was well-insulated; noises in other apartments rarely penetrated to Junior's. Never before had he heard a neighbor's voice distinctly enough to comprehend the words spoken-or, in this case, sung..Backing off, trying to feel his way to the foyer and front door, afraid that if he stumbled over a chair, she'd descend upon him like a screaming hawk upon a mouse, Junior denied her accusation. "You're crazy. How could I know? Look at you! How could I possibly know?". "No, I don't see it," Chicane repeated. "There's no benefit to a meditation marathon. Twenty minutes is enough, man. Half an hour at the most. You relied on your internal clock, didn't you?". He briefly considered playing dumb, but he knew she was too smart for that. "Gunsmoke, you mean. Listen, I know you'll do whatever's necessary to keep Angel safe, because you love her so much. Love will give..In

his mind, he carried a blueprint of the house more precisely drawn than anything that might have been prepared by an architect. He knew the place to the inch, and he adjusted his pace and all his mental calculations every month to compensate for his steady growth. So many paces from here to there. Every turn and every peculiarity of the floor plan committed indelibly to memory. A journey like this was a complicated mathematical problem, but being a math prodigy, he moved through his home almost as easily as when he had enjoyed sight. Turning his patched eyes in the general direction of his mother, Barty said, "Oops." To his surprise, when Naomi expressed an interest in romance, Junior was a bull again. He would have thought he had left his best stuff at Reverend Harrison White's parsonage. Celestina circled him, half carrying but also half dragging the chair, either because her nerves were still ringing and her arms were weak--or because she was faking weakness in the hope of luring him to a reckless response. Junior circled her while she rounded off him frantically trying to deal with the pistol without taking his eyes off his adversary. "Love you," Wally said, and Celestina repeated it, and he said, "I'm gonna stand in the hall till I hear you set both locks." He yearned for a new heart mate. He was wise enough to know that no amount of yearning could transform the wrong woman into the right one. Love couldn't be demanded, planned, or manufactured. Love always came as a surprise, snuck up on you when you were least expecting it, like Anthony Perkins in a dress. He thought he heard the soft swoosh of knife-edge wings slicing the January air. He dared not look up. More in his throat. The agony. Darkness poured into his head, as if it were blood rising relentlessly from his flooded stomach and esophagus. A Description of Earthsea. This was tedious work and might not bear fruit. He needed to begin somewhere, however, and the telephone directory was the most logical starting point. In the bedroom, as he opened a suitcase on the bed, he saw the quarter. Shiny. Heads-up. On the nightstand. Junior didn't care which explanation was correct. Only one thing mattered: The Bartholomew hunt was at last nearing an end. On Wednesday, December 27, Junior met Google, the document forger, in a theater, during a matinee of *Bonnie and Clyde*. "Here we are," said the driver, braking to a stop at the curb in front of the gallery. She devoted half her work time to the neighbors-in-need route that Agnes had established and steadily expanded, the other half to her painting. She was in no rush to mount a new show; anyway, she didn't dare renew contact with the Greenbaum Gallery or with anyone at all from her past life, until the police found Enoch Cain. Neddy talked when Celestina paused for breath, talked over her when she didn't pause, heard only his own mellifluous voice and was pleased to conduct both sides of the conversation, wearing her down as surely as though far more rapidly than the sand-filled winds of Egypt diminished the pharaohs' pyramids. He talked through the first polite "Excuse me" of the tall man who stepped into the open doorway behind him, through the second and third, and then with an abruptness that was as miraculous as any cure at the shrine of Lourdes, he fell silent when the visitor put a hand on his shoulder, eased him gently aside, and entered the apartment. "My little girl," she said, and belatedly she realized that this might not be a policeman, after all, but someone trying to determine if she and Angel were alone in the apartment. "Not really. I love you, Mommy." He yawned and dropped into sleep with a quickness that always amazed her. And then everything changed in one stunning moment. Changed profoundly and forever. Considering Junior's actions on his last night in Spruce Hills, eleven months ago, he must be cautious now. Without incriminating himself, pretending ignorance, he hoped to learn if his carefully planned scenario, regarding Victoria's death and Vanadium's sudden disappearance, had convinced the authorities--or whether something had gone wrong that might explain the quarter at the diner. An emergency kit in the trunk of his car contained a flashlight. He fetched it and sweetened the bribe to the valet. "Soon as Cain is out of sight, we yank up our tricky vending machines, then haul the real ones out of the van and bolt 'em down again. Slick, fast. People are still picking up quarters when we finish. And get this--they want to know where the camera is." His inner turmoil boiled ever more fiercely, and the external evidence of it grew more obvious. In the cool air of the fading afternoon, he perspired as profusely as a man already being strapped into an electric chair; it streamed, gushed. He shook, shook, and he was half convinced that he could hear his bones rattling together like the shells of hard-boiled eggs in a rolling cook pot. Everyone thought the moptops were the coolest thing ever--ever but to Junior, their music was just all right. He wasn't stirred to sing along, and he didn't find their stuff particularly danceable. When Renee realized that this rejection was complete and final, she--he, whatever--was transformed from well-sugared southern lady to bitter, venomous reptile. Eyes glittering with fury, lips twisted and skinned back from her teeth, she called him all kinds of bastard, stringing epithets together so effortlessly and colorfully that she enhanced his vocabulary more than had all the home-study courses that he'd ever taken, combined. "And face it, pretty-boy, you knew what I was from the moment you offered to buy me a drink. You knew, and you wanted it, wanted me, and then when we got right down to the nasty, you lost your nerve. Lost your nerve, pretty-boy, but not your need." the floor, on a silk-covered pillow filled with goose down. With a sigh " he assumed the lotus position: spine straight, legs crossed, hands at rest with the palms up. Junior was flattered, he really was. Women couldn't get enough of him. The story of his life. They never let go gracefully. He was wanted, needed, adored, worshiped. Women kept calling after they should have taken the hint and gone away, insisted on sending him notes and gifts even after he told them it was over. Junior wasn't surprised that women would return from the dead for him, nor was he surprised that women he'd killed would try to find a route back to him from Beyond, without malice, without vengeance in their hearts, merely yearning to be with him again, to hold him and to fulfill his needs. As gratified as he was by this tribute to his desirability, he simply didn't have any romantic feelings left for Naomi and Seraphim. They were the past, and he loathed the past, and if they wouldn't let him alone, he would never be able to live in the future. "Could you undo the spell you put on her?" As though giving voice to her worst fear had made it come true, Agnes was seized by a contraction so painful that she cried out and clutched the paramedic's hands tightly enough to make him wince. She felt a peculiar swelling within, then an awful looseness, pressure followed at once by release. Junior glimpsed Vanadium first in profile--and then, as the cop rode down and away, only the back of his head. He hadn't seen this man in almost three years, yet he was instantly certain that this was no coincidental look-alike. Here went the filthy-scabby-monkey spirit itself. Nolly, Kathleen, and Sparky had prepared him for Industrial Woman, but when the flashlight beam flared off her fork-and-fan-blade face, Vanadium twitched in fright. Without fully realizing what he was doing, he crossed himself. Then he looked up at the massive limbs overhead, and the mood changed: A sense of impending insight at once gave way to the fear that an unsuspected fissure in a huge limb might crack through at this precise moment, crushing him under a ton of wood, or that the Big One, striking now, would topple the entire oak. For a moment," Lipscomb continued, "her voice became clear, no longer slurred. She raised her head from the pillow, and her eyes fixed on me, all the confusion gone. She was so ... intense. She said ... she said, 'Rowena loves you.' Of the curiosities Junior uncovered, Frieda's weapons interested him most. Guns were stashed throughout the apartment: revolvers, pistols, and two pistol-grip shotguns. Sixteen altogether. He still had a sour taste in his mouth, although it was not as

disgusting as it had been. All the odors were wonderfully clean and bracing--antiseptics, floor wax, freshly laundered bedsheets-without a whiff of. Instinct, even reason, told him that some connection existed between this person, this Bartholomew, and Celestina. The name had terrified Cain in a bad dream, the very night of the day that he'd killed Naomi, and Vanadium therefore had incorporated it into his psychological-warfare strategy without knowing its significance to his suspect. As strongly as he sensed the connection, he couldn't find the link. He lacked some crucial bit of information.. "Quick, very quick," he warned, helping Grace through the fire framed window and onto the roof of the porch.. Tom pushed his chair back from the table, got to his feet, and moved toward Celestina.. "Does my dad like Christmas?" Barty asked, sitting on the grave grass in front of the headstone.. Then he closed his eyes, held the revolver in both hands, and at point-blank range, he shot the dead woman twice.. Opening the directory to the marker, he found a card tucked between the pages. A joker, with BARTHOLOMEW in red block letters.. As beautiful as they were, none of these women satisfied him as profoundly as Naomi had satisfied him.. One nurse and one nun brought Celestina into the creche behind the viewing window.. While you're trying to decide, hand me a knife, and I'll cut your jugular you brainless medical-school dropout.. "Poker." Keeping his hands high, like a penitent confessing sin at a revival meeting and asking God to wash him clean, Obadiah said, "My specialty was close-up magic. Oh, I pulled a rabbit out of a hat more than once, silk scarves from thin air, doves from silk scarves. But close was my love. Coins, but mostly ... cards..". Tom plucked the quarter off the glass, folded it into his right fist, and then at once opened his hand, which was now empty.. When Victoria failed to answer the door, this man would not simply go away. He had been invited. He was expected. Lights were on in the house. The lack of a response to his knock would be taken as a sign that something was amiss.. Before they set out for the amusement park, Agnes pulled him aside, held him close, and said, "Listen, kid of mine, I'm not giving up. Don't think I ever would. Let's have fun today. This evening, you and I and Angel will convene a meeting of the North Pole Society of Not Evil Adventurers"-the girl had become the third member years ago" and all truths will be told and secrets known. ". The subtle distortions in his vision, which caused lines of type to twist, didn't appear to trouble Barty much otherwise. He moved as quickly and as surely as ever, with his special grace.
