Murder itself was easy, but the aftermath was more draining than he had anticipated. Although the ultimate liability settlement with the state was certain to leave him financially secure for life, the stress was so great that he wondered, in his darker moments, if the reward would prove to be worth the risk..Focus, Caesar Zedd teaches, is the sole quality that separates millionaires from the flea-ridden, sore-pocked, urine-soaked winos who five in cardboard boxes and discuss vintages of Ripple with their pet rats. Millionaires have it, winos don't. Likewise, nothing but the ability to focus separates an Olympic athlete from a cripple who lost his legs in a car wreck. The

athlete has focus, and the cripple doesn't. After all, Zedd notes, if the cripple had it, he would have been a better driver, an Olympic athlete, and a millionaire..Edom had turned away from the box of groceries that he was packing. Frowning at the pies, he said, "You don't think. . .He turned the brochure in his hands, to look at the front of it again. Gradually he began to suspect that the title of the exhibition might be what had brought to mind the reverend's unremembered sermon..A quick review of these book spines revealed that the treasured Zedd collection wasn't here.."But I've never seen a case like this. Usually, boils appear on the back of the neck. And in moist areas like the armpits and the groin. Not so often on the face. And never in a quantity like this. Really, I've never seen anything like it."Angel, however, focused on a point in the air above the table. Faint furrows marked her brow for a moment, but then the frown gave way to a smile..Even on good days, when he wasn't hassled by the spirits of dead cops and wasn't prepping himself to commit murder, Junior sometimes grew uncomfortable in these bustling crowds. This afternoon, he felt especially claustrophobic as he shouldered through the throng-and admittedly paranoid, too..One worrisome problem: Neddy might be found in the container before it had been hauled away, instead of at the landfill that preferably would serve as his next-to-last resting place. If his body was discovered here, it must be at a distance from any trash bin used by the gallery. The less likely the cops were to connect Neddy to Greenbaum's art-sausage factory, the less likely they also were to connect the murder to Junior..Besides, even before he had fully turned on his charm, before he had shown her that a ride on the Junior Cain love machine would make other men seem forever inadequate, Renee was so hot for him that it might have been wise to open a bottle of champagne to douse her when spontaneous combustion destroyed her Chanel suit.."You may be eating yourself into an early grave, Vinnie, but poor Jacob has murdered his own soul, and that's infinitely worse."At her touch, she felt a tension go out of the doctor. His hands slipped from his face, and he turned to her, shuddering not with fear but with what might have been relief..Now that efforts were being made to control the preeclampsia, Dr. Daines had scheduled a series of tests for the following day. He expected to recommend a cesarean section as soon as Phimie's e's blood pressure was reduced and stabilized, but he didn't want to risk this surgery before determining what complications might have resulted from her restricted diet and the compression of her abdomen..Junior flung back the covers and came to his feet, but his knees proved weak, and he sat at once on the edge of the bed..After the amusement park, no hospital for the Pie Lady. With Wally near, she had a doctor all her own, capable of giving her the anticancer drugs and transfusions that she required. While radiation therapy is prescribed for acute lymphoblastic leukemia, it is much less useful to treat myeloblastic cases, and in this instance, it wasn't deemed helpful, which made treatment at home even easier..The musician's behavior required explanation. After wending through the crowd, Junior located the man in front of a painting so egregiously beautiful that any connoisseur of real art could hardly resist the urge to slash the canvas to ribbons..Bolting up from the couch-"Mom, are you there?"--she turned to Tom, her face collapsing in a ghostly expression..Angel moved her hand to Barty's right eye, and again he didn't twitch with surprise when her fingers lightly touched his closed and sagging lid. "I won't let you forget."With one tiny hand, Barty reached up for his mother. She gave him her forefinger, to which the sugar-bag boy clung tenaciously..Occasionally he woke in the night and heard himself murmuring the mantra aloud, which apparently he had been repeating ceaselessly in his sleep. "Find the father, kill the son." In April, Junior discovered three Bartholomews. Investigating these targets, prepared to commit homicide, he learned that none had a son named Bartholomew or had ever adopted a child..Maria was hand-repairing some of Joey's clothes, which Agnes had meticulously damaged earlier in the day..Agnes's suspicion that Barty would be a child prodigy had grown from seed to full fruit on the morning of the boy's first birthday, when he'd sat in his highchair, counting green-grape-and-apple pies. Through the following two years, ample proof of high intelligence and wondrous talents ripened Agnes's suspicion into conviction..Thrilled by the music but unable to understand a word of the play, he arranged German lessons with a private tutor..Permissions Department, Harcourt, Inc., 6277 Sea Harbor Drive, Orlando, Florida 32887-6777. www.harcourt.com "Darkrose and Diamond" first appeared in The Magazine of Fantasy and Science Fiction..Posing as a counselor with Catholic Family Services, he phoned each listed Bartholomew, with a question related to his or her recent adoption. Those who expressed bafflement, and who claimed not to have adopted a child, were generally stricken from his list..His patience exhausted, the pianist wrenched his hand out of Junior's grip. He glanced around nervously, certain that they must be the center of attention, but of course the reception guests were lost in their witless conversations, or they were gaga over the maudlin paintings, and no one was aware of this quiet little drama..Furthermore, fear of the unknown is a weakness also because it humbles us. Humility, Caesar Zedd declares, is strictly for losers. For the purpose of social and financial advancement, we must pretend to be humble-shuffle our feet and duck our heads and make self-deprecating remarks-because deceit is the currency of civilization. But if ever we wallow in genuine humility, we will be no different from the mass of humanity, which Zedd calls "a sentimental sludge in love with failure and the prospect of its own doom."..altogether by taking slow deep breaths, slow deep breaths, and by remembering that each of us has a right to be happy, to be fulfilled, to be free of fear..pending storm gathered as if called forth by a curse cooked up from eye of newt, toe of frog, wool of bat, and tongue of dog..Hope was the handmaid to Agnes's faith. She always held fast to the belief that the future would be bright, but right now she was hesitant to test that optimism even with a harmless card reading. Yet, as with the fifth place setting, she was reluctant to object..Judging by the sounds Vanadium made, Junior figured that the cop had settled once more into the armchair..He had been stowed in a storeroom of one of the old palaces that Losen had appropriated. It had no window, its door was cross-grained oak barred with iron, and spells had been laid on that door that would have kept a far more experienced wizard captive. There were men of great skill and power in Losen's pay. Hound did not consider himself to be one of them. "All I have is a nose," he said. He came daily to see that Otter was recovering from his concussion and dislocated shoulder, and to talk with him. He was, as far as Otter could see, well-meaning and honest. "If you won't work for us they'll kill you," he said. "Losen can't have fellows like you on the loose. You'd better hire on while he'll take you."Now Junior threw back the covers and sprang out of bed. In double briefs, he restlessly roamed the hotel room..Uneasy nevertheless, Agnes went down the hall to her son's room and found that he had fallen asleep sitting up, while reading. She slipped The Star Beast out of the tangle of his arms, marked his place with the jacket flap, and put the book on the nightstand..holding hands as they watched John Wayne in The Searchers, David Niven in Around the World in 80 Days. They were so young then, sure they would live forever, and they were still young now, but for one of them, forever had arrived.."Nah. Every secret society has a secret handshake. We'll have this instead." Her face was still close to his, and she rubbed noses with him..Succinctly, Edom told Jacob about visiting Obadiah, the magician with the mangled hands. Then: "When we left, I followed Agnes, and Obadiah held me back to say, 'Your secret's safe with me.'"The blessing of Nellie's silence lasted only until Hanna, cursed with speech if not with sufficient

strength to stand, said, "We tried to reach you, Mr. Damascus, but you'd already left the pharmacy." Her metal hands were still crossed defensively over her breasts. The artist had welded large hexagonal nuts to her rake-tine fingers to suggest knuckles, and balanced on one nut was a fourth quarter. So they had cooked up this project, math and mayhem, geometry of limbs and branches, arboreal science and childish stunt, a test of strategy and strength and skill-and of the scary limits of nine-year-old bravado. "What was it like, Enoch? Did you look into her eyes when you pushed her?" Vanadium's uninflected monologue was like the voice of a conscience that preferred to torture by droning rather than by nagging. "Or doesn't a woman-killing coward like you have the guts for that? ". On the fourth floor, at Dr. Klerkle's suite, the hall door stood ajar. Past office hours, the small waiting room was deserted. The voice continued, issuing from a device that stood on the desk beside the phone. "Please don't bang up. This is a telephone answering machine Leave a message after you hear the tone, and I will return your call later ". JUNIOR CAIN WANDERED among the Philistines, in the gray land of conformity, seeking one-just one-refreshingly repellent canvas, finding only images that welcomed and even charmed, yearning for real art and the vicious emotional whirlpool of despair and disgust that it evoked, finding instead only themes of uplift and images of hope, surrounded by people who seemed to like everything from the paintings to the canapes to the cold January night, people who probably hadn't spent even one day of their lives brooding about the inevitability of nuclear annihilation before the end of this decade, people who smiled too much to be genuine intellectuals, and he felt more alone and threatened than eyeless Samson chained in Gaza. She expected him to be gone, snatched by an accomplice who had come in the back way while Deed had distracted her at the front door. But when the lore-books of a wizard came into a warlord's hands he was likely to treat them with caution, locking them away to keep them harmless or giving them to a wizard in his hire to do with as he wished. In the margins of the spells and word lists and in the endpapers of these books of lore a wizard or his prentice might record a plague, a famine, a raid, a change of masters, along with the spells worked in such events and their success or unsuccess. Such random records reveal a clear moment here and there, though all between those moments is darkness. They are like glimpses of a lighted ship far out at sea, in darkness, in the rain. These Spartan arrangements were good enough for Vanadium. He had arrived from Oregon the previous night with three suitcases full of his clothes and personal effects. He expected that his unique combination of detective work and psychological warfare would enable him to entrap Cain in a month, before these accommodations began to feel too austere even for one to whom anything fancier than a monk's cell could seem baroque. Never would he pause to reload at this desperate penultimate moment, when success or failure might be decided in mere seconds. That would be the choice of a man who thought first and acted later, the behavior of a born loser. "This is for Zelda," Junior said, ramming forward across the threshold with the knife. Another thought: The young gallery employee would remember that Junior had asked after Neddy and had followed him toward the men's room. He would provide a description, and because he was an art connoisseur, therefore visually oriented, he'd most likely provide a good description, and what the police artist drew wouldn't be some cubist vision in the Picasso mode or a blurry impressionistic sketch, but a portrait filled with vivid and realistic detail, like a Norman Rockwell painting, ensuring apprehension. "Yes, Barty," Tom said. "I feel a depth to life, layers beyond layers. Sometimes it's ... scary. Mostly it inspires me. I can't see these other worlds, can't move between them. But with this quarter, I can prove that what I feel isn't my imagination." He extracted a quarter from a jacket pocket, holding it between thumb and forefinger for all but Barty to see. "Angel?". She asked him how many fingers she was holding up, and he said four, and four it was. Then two fingers. Then seven. Her hands so pale, the palms both bruised. She devoted half her work time to the neighbors-in-need route that Agnes had established and steadily expanded, the other half to her painting. She was in no rush to mount a new show; anyway, she didn't dare renew contact with the Greenbaum Gallery or with anyone at all from her past life, until the police found Enoch Cain. Startled, he snatched his hand back. The object fell, ringing faintly against the pavement. "Mommy, watch!" He turned in the deluge with his arms held out from his sides. "Not scary!". A MOMENTOUS DAY for Celestina, a night of nights, and a new dawn in the forecast: Here began the life about which she'd dreamed since she was a young girl. One nurse and one nun brought Celestina into the creche behind the viewing window. "Indeed, you did," said Magusson. "And I dismissed him as a well intentioned crusader, a holy fool. Looks like you had a better take on him than I did, Mr. Cain." The hardest was being in this room at the very moment when Phimie had moved on. Celestina knew beyond doubt that this was the worst thing she would have to endure in all her life, worse than her own death when it came. From the moment the girl was admitted on the evening of January 5, the nurses at St. Mary's Hospital in San Francisco called her Phimie, too, not because they knew her well enough to love her, but because that was the name they heard Celestina use. Edom carried the honey-raisin pear pie, and Agnes toted Barty across the neatly cropped yard, to the front door. The bell push triggered chimes that played the first ten notes of "That Old Black Magic," which they heard distinctly through the glass in the door. As if he sensed her reluctance to return to Dr. Chan, Barty had kept her occupied with talk of the red planet as they approached the office building, had talked her off the street, along the driveway, and into a parking space, where finally she relinquished the fantasy of an endless road trip. At 5:45, long past the end of office hours, Dr. Chan's suite was quiet. Flush with the promise of their engagement, still excited by the success at the gallery, with Angel exuberant in spite of the hour and Oreo energized, he was amazed that they had made the transfer of the little red whirlwind from house to Buick to house with nothing else forgotten other than one purse. Celie called it ballet, but Wally thought that it was merely momentary order in chaos, the challenging-joyous-frustrating-delightful-exhilarating chaos of a life full of hope and love and children, which he wouldn't have traded for calm or kingdoms. Ever since he'd searched Vanadium's house, over fourteen months ago, Junior had enjoyed learning about other people by touring their homes in their absence. Because he was unwilling to risk arrest for breaking and entering, these explorations were rare, other than in the homes of women whom he'd dated long enough to justify swapping keys. Happily, in this golden age of trust and easy relationships, as little as a week of hot sex could lead to key-level commitment. She kissed his cheek, and he pulled his arms out from under the covers to hug her. Such small arms, but such a fierce hug. Edom drove, happy to assist Agnes. He was happier still that he didn't have to make the pie deliveries alone. The white Buick glided through the tides of fog like a ghost ship plying a ghost sea. Of course, he had the Pinchbeck and Gammoner identities waiting, two escape hatches. But he didn't want to use them. He liked his life on Russian Hill, and he was loath to leave it. Over the following hour, as Walter Panglo guided Jacob through the planning of the funeral, Jacob recounted the gruesome details of numerous airliner crashes, shipwrecks, train collisions, coal-mine disasters, darn collapses, hotel fires, nightclub fires, pipeline and oil-well explosions, munitions--plant explosions.... His first year in San Francisco was an eventful one for the nation and the world. Winston Churchill, arguably the greatest man of the century thus far, died. The United States launched the

first air strikes against North Vietnam, and Lyndon Johnson raised troop levels to 150,000 in that conflict. A Soviet cosmonaut was the first to take a space walk outside an orbiting craft. Race riots raged in Watts for five fiery days. The Voting Rights Act of 1965 was signed into law. Sandy Koufax, a Los Angeles Dodger, pitched a perfect game, in which no hitter reached first base. T. S. Eliot died, and Junior purchased one of the poet's works through the Book-of-the-Month Club. Other famous people passed away: Stan Laurel, Nat King Cole, Le Corbusier, Albert Schweitzer, Somerset Maugham.... Indira Gandhi became the first woman prime minister of India, and the Beatles' inexplicable and annoying success rolled on and on.. "I really am sorry about this," Junior said, regretting the necessity to deny her the right to look good at her own funeral, "but it's got to appear to be a crime of passion." She was sobbing, shivering. Water streamed from her soaked hair, down her face, as she wiped at her beaded eyelashes with one dripping hand.. One manly woman. Several womanly men. But no blocky figure that could have been the crazed cop even in disguise.. As Edom crossed the threshold, moving outside to the landing at the top of the stairs, Jacob followed, proselytizing for his faith: "Christmas Eve, 1940, St. Anselmo's Orphanage, San Francisco. Josef Krepp killed eleven boys, ages six through eleven, murdering them in their sleep and cutting a different trophy from each-an eye here, a tongue there." By mid-March, he had exhausted the possibilities of Bartholomew as a surname. By the time that he shot himself in September, he had combed through the first quarter million listings in the directory in search of those whose first names were Bartholomew.. As he edged closer, to better hear the conversation, he became aware of someone staring at him. He looked up into anthracite eyes, into a gaze as sharp as that of any bird, set in the lean face of a thirty something man thinner than a winter-starved crow.. When Agnes had asked him to deliver the pies, before she had set out with Joey for the hospital the previous day, Edom had wanted to beg off, but he had agreed without hesitation. He was prepared to suffer every viciousness that nature could throw at him in this life, but he could not endure seeing disappointment in his sister's eyes.. Along Junior's hairline, on his cheeks, his chin, and his upper lip, a double score of hard little knots had risen, angry red and hot to the touch. Having previously experienced a particularly vicious case of the hives, Junior realized this was something new-and worse. To the pilot, he replied, "Allergic reaction." A tune clinked off the keys of a phantom piano in Junior's mind, "Someone to Watch over Me." The hawk-eyed watcher was the pianist at the elegant hotel lounge where Junior had enjoyed dinner on his first night in San Francisco, and twice since.. His musical abilities were most likely an offshoot of his more extraordinary talent for math. He said that music was numbers, and what he seemed to mean was that he could all but instantly translate the notes of any song into a personal numerical code, retain it, and repeat the song by repeating the memorized sequence of code. When he read sheet music, he saw arrangements of numbers.
