The Masters had sent him out in the world to gain experience, for all the classes in the School cannot give a man the experience he needs to be a wizard. Birch looked a little dubious at this, and Ivory reassured him that his training on Roke had equipped him with every kind of magic that could be needed in Iria of Westpool on Way. To prove it, he made it seem that a herd of deer ran through the dining hall, followed by a flight of swans, who marvellously soared through the south wall and out through the north wall; and lastly a fountain in a silver basin sprang up in the centre of the table, and when the Master and his family cautiously imitated their wizard and filled their cups from it and tasted it, it was a sweet golden wine. "Wine of the Andrades," said the young man with a modest, complacent smile. By then the wife and daughters were entirely won over. And Birch thought the young man was worth his fee, although his own silent preference was for the dry red Fanian of his own vineyards, which got you drunk if you drank enough, while this yellow stuff was just honeywater..Heleth said. Crow watched his companion with amusement and some disdain; he himself could bargain for a book very shrewdly, but nattering with common women about buttons and thread was beneath him. "Let me just open this up," Tern was saying as he spread his pack out on the cobbles, and the women and the dirty, timid children drew closer to see the wonders he would show them. "Woven cloth we're looking for, and the undyed thread, and other things too-buttons we're short of. If you had any of horn or bone, maybe? I'd trade one of these little velvet caps here for three or four buttons. Or one of these rolls of ribbon; look at the color of it. Beautiful with your hair, mistress! Or paper, or books. All the time he was with Gelluk, he had tried to learn from him, tried to understand what the wizard was telling him.
