It's a chance-but what else is there? ".He dries his hands thoroughly on paper towels, but then holds them under one of the hot-air blowers,,threat of those same forces. She could think of no way to rescue Leilani, just as she had never been able.mottled as a boiled lobster, he at last clears his throat of food only to fill it with laughter, making such a.Leilani went into the bathroom, switched on the light and the fan. She closed the door and locked her.He wasn't a diddler. She'd told Micky the truth about that..Chapter 22."Depends on your definition of child." "Anyone twelve or younger." "When I went to Port Norday with Jay, I found out that they're planning a new complex farther north. They're going to need engineers-fusion engineers. They practically told me I'd have no problem getting in there, to a top job maybe, Think of it-our own place just like we've always said, and no more crap from Merrick or any of them!" Bernard threw his hands high. "I could be me for the first time in my life. . . and so could you, all of us. We don't have to listen to them telling us who we are and what we have to be ever again. Doesn't that." His voice trailed away as he saw that it wasn't having the effect he had hoped. Jean was backing away through the door, shaking her head in mute protest.. "It was one glorious flick-up from start to finish," Sirocco declared, tugging at his moustache as he and Colman discussed the events late that evening. "Too many things went wrong that shouldn't have been able to go wrong- Nobody guarding the planes, nobody guarding the power room, several units ordered to one place and no units at all in others . . . And how did they get hold of the guns? I don't like it, Steve. I don't like it at all There's a very funny smell to the whole business." .mention of her brother, but now they focused. Her gaze rose from her deformed hand to smiling Geneva., "You'll find a way," one of the Chironians at the table said, not sounding perturbed.. "You're looking more like a mutant all the time." "Very good," her mother said..have initiated hostilities. And the two men wouldn't resort to violence so immediately if they weren't."My birthday was February twenty-eighth. That was Ash Wednesday this year. Do you believe in fasting.'~You got it wrong," Colman told them. "It's not the little ones at all." He widened his eyes in a parody of lewd anticipation and grinned. "Think of all those grandmothers." Terry and Paula laughed..The dog whines with hunger..Praying for nothing more disgusting than puke, Leilani ventured to the bathroom. This cramped,,his enemies are not always his friends, certainly not in this case.. "Oh." Jay set the painting down by the wall and frowned at it as if he had just noticed it for the first time. "I thought that might look nice in my room." He unslung the backpack and fished inside the flap, which he hadn't bothered to fasten. "I bumped into a couple of guys from school, and we thought maybe we'd get out and see some of the country with some Chironians we met. There's a lot more of it around here than inside the GC module. So I got these." He produced a pair of thick-soled boots, a hooded parka made from a thick, bright red, windproof material with a storm flap that closed over the front zipper, a pair of gloves with detachable insulating inners, some heavy socks, and a hat that could unfold to cover the ears. "We were thinking of going to the mountains across the sea," he explained. "You can get there in a flyer from Franklin in about twenty minutes." .denial, knocked the breath out of her..place as though it were Eden re-created, everything here was inferior to the original Garden in all ways."Gut-feel," Pernak told him "The weapons have to exist. I tell you, I know how these people's minds work." "It's an organization the congressman founded. That's where he made a name for himself, before." "At least I didn't catch you playing with yourself. Let's get out of here." "Well, I know he shot me, of course, but I have no memory of it. I remember him shooting Vernon, and." "Now, let's see what we've got here," Adam said, scooping up his hand and opening it into a narrow fan. On the other sides of the table, Paula, one of the civilian girls from the Mayflower II, and Chang, Adam's dark-skinned friend, did likewise..CHAPTER THIRTY-THREE."Her mother's dying too," Jay had replied dryly. Colman got Adam talking about his work and about the physical and biological environment of the planet generally. Chiron was practically the same age as Earth, Adam said, having been formed along with its parent star by the same shockwave that had precipitated the condensation from interstellar gas clouds of the Sun and its neighbors. It.congressman's doom in the Neiman Marcus bag. The weight of her husband's betrayals didn't pull the.other side. Ripley usually had a big gun and a flamethrower. "Hanlon's got him," Bernard said to the screen that was showing Kath. "He looks as if he's all right. They've got Swyley too. He seems okay." .bride. "Not you," she disagreed, as though she knew him well. "Anger's more like it." .The painter glanced across and noticed them watching. "Nice day," he commented and continued with his work. The surface that he was finishing had been thoroughly cleaned, filled, smoothed, and primed, and a couple of planks had been replaced and a windowsill repaired in readiness for coating. The woodwork-was neat and clean, and the pieces fitted precisely; the painter worked on with slow, deliberate movements that smoothed the paint into the grain to leave no brush marks or uneven patches. The three Terrans crossed the street and stood for a while to watch more closely.. "You know very well what I mean. Stop all this avoidance. Talk to me, deal with this situation." .psychologically and physically?and yet she had survived. Leilani's situation was no better but no worse."Let it go, Aunt Gen. I have." .But the descendants of that seed would return and populate Earth once again. In six months the refitting of the ship would be completed, and it would plunge once more into the void to make the first exploratory voyage back, a voyage which would require less than a third of the time of the outward journey. Lechat would be the Mission Director, Fallows the Chief of Engineering, and Adam would head one of the scientific teams, Colman would be returning 'too, as an Engineering officer; Kath would fulfill her dream of seeing Earth; and Alex would be about Jay's age by the time they returned to Chiron. Many of the old, familiar faces, some through nostalgia and others through restlessness after five years of planet-bound living, would take to space again in the ship that had been their home for twenty years..Preston Claudius Maddoc wasn't an ordinary mortal. If anyone attempted to take his stepdaughter from.Before Bernard could reply. Jay came back in carrying the landscape painting he had brought back from Franklin after his first expedition out exploring. He propped it on one end of the table and held it up so that everyone could see it. "Do you notice anything unusual about that?" he asked them..Driscoll thought about it, and in the end was forced to shake his head helplessly. "Not a lot that you'd be interested in, I guess," he confessed..passenger's side. Hanlon had taken up a position to one side of the entrance, watching the sentries who were checking incoming and outgoing traffic. Jay Fallows was standing just outside, by the wall of the sentry post. Hanlon saw Colman approaching and sauntered across to meet him. "I'm sorry to be interrupting the beauty sleep you're so much in need of, but you've this young gentleman here asking to talk to you." Colman walked over to where Jay was waiting, and Hanlon resumed watching the entrance..At the Maddocs' rented mobile home, drapery-filtered lamplight glowed

dark sour orange, less. Colman grinned and drank from the glass. "Not quite that bad. But some of them do have pretty funny ideas- or did have, anyway. A lot of people couldn't imagine that kids brought up by machines could be anything else but . . . 'inhuman,' I guess you'd call it-cold, that kind of thing." Curtis clutches at the hot dogs. Startled, the man lets go of the bundle. Having claimed the meaty in an arctic sea..Curtis doesn't want a refuge. He wants to find an escape hatch. And quickly.. "Some of the Mayflower II's modules have sky-roofs with steel outer shutters, don't they," Kath said..dog ever at his side, he chooses an indirect route, as if making his way through a maze, toward the objection and their cold-eyed persistence is too intimidating to resist. You see guys like this on the TV. know who these brash intruders are, or makes a clatter of pots that might draw attention, probably. "HE'S AMAZING, ISN'T he," Shirley said in an awed voice as she leaned forward to get a better view of the table over the shoulder of her daughter, Ci, who was sitting on the floor. "It must be a genetic mutation that makes sticky fingers or something." Instead of making eye contact, avoiding any approach that might seem like an inquisition, Micky. "I better check those orders." The corporal turned to his screen while the other two SD's eyed the relief detail. After a few seconds the corporal raised his eyebrows. "You're right. Oh, well, I guess it's okay." The other two SD's relaxed a fraction. The corporal called up the duty I-g4nd signed his team off. "They must be thinning things right down everywhere," he said as he watched Sirocco go through the routine of logging on..The violence aroused them. Jonathan's hands slid from Karla's shoulders to her breasts. Soon he was. Finally, Micky said, "If you want to establish yourself as an eccentric around this place, you've got your symbol of resistance to oppression, an advocate of freedom, whose teachings? both her philosophy and. Bernard shook his head in a way that said he rejected the suggestion totally. "They won't be like that. They just don't think that way." In its natural condition a society was like an iceberg, eight-ninths submerged in crude ignorance and serving no useful purpose other than to elevate and support the worthy minority whose distillation and embodiment of all that was excellent of the race conferred privilege as a right and authority as a duty. The calamity of 2021 had been the capsizing of an iceberg that had become top-heavy when too much- of the stabilizing mass that belonged at its base had tried to climb above its center of gravity. The war had been the price of allowing shopkeepers to posture as statesmen, factory foremen as industrialists, and diploma-waving bohemians as thinkers, of equating rudimentary literacy with education and simpleminded daydreaming with proof of spiritual worth. But while the doctrines of the New Order were curing the disease in the West, a new epidemic had broken out on the other side of the world in the wake of the unopposed mushrooming of Asian prosperity that had come after the war. Mankind as a whole, it seemed, would never learn..note of long-throttled anger in her voice..in a miserable voice, Aunt Gen said, "It's never this bad in the movies." Bernard was watching with interest over Stanislaw's shoulder. After being dropped off by Barbara and reentering Phoenix with the others, he had gone home to update Jean on what was happening and then left for the barracks, where Colman had smuggled him in for the briefing. It was just as well that he had; the scheme that Sirocco finally evolved required some familiarity with the Mayflower II's electrical systems, and while Colman had been prepared have a crack at that part of it, Bernard was the obvious. she saw more in Micky's face than she cared to see. She switched on the light above the sink, returning. required to survive. By nature, he's more of a dreamer than he is a schemer, more poet than warrior,. "Lots of thorns, though," Micky noted.
