If the organism is very. First, there is the reactive pain. Only those who have reviewed, year in and year out, know how truly abominable most fiction is. And we can't remove ourselves from the pain. Ordinary readers can skip, or read every third word, or quit in the middle. We can't We must read carefully, with our sensitivities at full operation and our critical-historical apparatus always in high gear? or we may miss that subtle satire which disguises itself as cliché?, that first novel whose beginning, alas, was never revised, that gem of a quiet story obscured in a loud, flashy collection, that experiment in form which could be mistaken for sloppiness, that appealing tale partly marred by (but also made possible by) naivete<sup>1</sup>, that complicated situation that only pays off near the end of the book. Such works exist but in order not to miss them, one must continually extend one's sensitivity, knowledge, and critical care to works that only abuse such faculties. The mental sensation is that of eating garbage, I assure you, and if critics' accumulated suffering did not find an outlet in the vigor of our language, I don't know what we would do. And it's the critics who care the most who suffer the most; irritation is a sign of betrayed love. As Shaw puts it:.. so high that the North Wind lives in a cave there. The second piece of the mirror is on the highest peak of. "I'm just".. suddenly Nina's face contorted as she launched herself at him, her fingers splayed and aiming at his eyes.. It was the only possible place to hide. I sincerely hoped. I thought about it a minute. There seemed to be no harm in Selene being here. "No, I won't tell her".. The production model was ready for shipping hi September. It was a simplified version of the prototype, with only two controls, one for space, one for time. The range of the device was limited to one thousand miles. Nowhere on the casing of the device or in the instruction booklet was a patent number or a pending patent mentioned. Smith had called the device Ozo, perhaps because he thought it sounded vaguely Japanese. The booklet described the device as a distant viewer and gave clear, simple instructions for its use. One sentence read cryptically: "Keep Time Control set at zero." It was like "Wet Paint-Do Not Touch".. Tharsis Base sat on a wide ledge about halfway up from the uneven bottom of the Tharsis arm of the Great Rift Valley. The site had been chosen because it was a smooth area, allowing easy access up a gentle slope to the flat plains of the Tharsis Plateau, while at the same time only a kilometer from the valley floor. No one could agree which area was most worthy of study: plains or canyon. So this site had been chosen as a compromise. What it meant was that the exploring parties had to either climb up or go down, because there wasn't a damn thing worth seeing near the camp. Even the exposed layering and its areological records could not be seen without a half-kilometer crawler ride up to the point where Crawford had climbed to watch the sunrise.. "It will be tomorrow at four o'clock in the morning," said the grey man. "So don't stay up too late".. Her pictures, though, did not do her justice. Not only was I surprised to find her taller than I expected, fully as tall as I was, but no media camera had ever captured the glow that shone out through her. 264. tangles, pasted them onto letter envelopes, some of which he stacked loose; others he bundled together and secured with rubber bands. He opened the stacks and bundles and examined them at regular intervals. Some of the labels curled up and detached themselves after twenty-six hours without leaving any conspicuous trace. He made up another batch of these, typed his home address on six of them. On each of six envelopes he typed his office address, then covered it with one of the labels. He stamped the envelopes and dropped them into a mailbox. All six, minus their labels, were delivered to the office three days later.. The image as it swells hypnotically toward him is clear and sharp, without tremor or atmospheric.
