And he stalked off towards the Overfell, angry with the boy for coming and with himself for giving in; but it was not anger that made his heart pound. Striding along-he could stride, then-with the seawind pushing at him always from the left and the early sunlight on the sea out past the vast shadow of the mountain, he thought of the Mages of Roke, the masters of the art magic, the professors of mystery and power. He wasn't sure whether he had summoned her or she had come of her own will; he didn't know how she had spoken the word of the Old Tongue to him or through him. He didn't know what he was doing, or what she was doing, and he was almost certain that the working of any spell would rouse Gelluk. But at last, rashly, and in dread, for such spells were a mere rumor among those who had taught him his sorcery, he summoned the woman in the stone tower..The young man, called Ivory, did not actually have his staff and cloak yet; he explained that he was to be made wizard when he went back to Roke. The Masters had sent him out in the world to gain experience, for all the classes in the School cannot give a man the experience he needs to be a wizard. Birch looked a little dubious at this, and Ivory reassured him that his training on Roke had equipped him with every kind of magic that could be needed in Iria of Westpool on Way. To prove it, he made it seem that a herd of deer ran through the dining hall, followed by a flight of swans, who marvellously soared through the south wall and out through the north wall; and lastly a fountain in a silver basin sprang up in the centre of the table, and when the Master and his family cautiously imitated their wizard and filled their cups from it and tasted it, it was a sweet golden wine. "Wine of the Andrades," said the young man with a modest, complacent smile. By then the wife and daughters were entirely won over. then that was gone, and there was nothing there but the woman standing on the hill path and the tall man bowing down before her, bowing slowly down to earth, and lying on it.
