When I think of you."Earth in her turning to the sun makes the days and nights, but

within her there are no days. Medra walked through the night. He was very lame, and could not always keep up the werelight. When it failed he had to stop and sit down and sleep. The sleep was never death, as he thought it was. He woke, always cold, always in pain, always thirsty, and when he could make a glimmer of the light he got to his feet and went on. He never saw Anieb but he knew she was there. He followed her. Sometimes there were great rooms. Sometimes there were pools of motionless water. It was hard to break the stillness of their surface, but he drank from them. He thought he had gone down deeper and deeper for a long time, till he reached the longest of those pools, and after that the way went up again. Sometimes now Anieb followed him. He could say her name, though she did not answer. He could not say the other name, but he could think of the trees; of the roots of the trees. This was the kingdom of the roots of the trees. How far does the forest go? As far as forests go. As long as the lives, as deep as the roots of the trees. As long as leaves cast shadows. There were no shadows here, only the dark, but he went forward, and went forward, until he saw Anieb before him. He saw the flash of her eyes, the cloud of her curling hair. She looked back at him for a moment, and then turned aside and ran lightly down a long, steep slope into darkness. "Completely?" she asked with sudden interest. So little Diamond grew up in the finest house in Glade, a fat, bright-eyed baby, a ruddy, cheerful boy. He had a sweet singing voice, a true ear, and a love of music, so that his mother, Tuly, called him Songsparrow and Skylark, among other loving names, for she never really did like "Diamond." He trilled and caroled about the house; he knew any tune as soon as he heard it, and invented tunes when he heard none. His mother had the wisewoman Tangle teach him The Creation of Ea and The Deed of the Young King, and at Sunreturn when he was eleven years old he sang the Winter Carol for the Lord of the Western Land, who was visiting his domain in the hills above Glade. The Lord and his Lady praised the boy's singing and gave him a tiny gold box with a diamond set in the lid, which seemed a kind and pretty gift to Diamond and his mother. But Golden was a bit impatient with the singing and the trinkets. "There are more important things for you to do, son," he said. "And greater prizes to be earned." The name and office of archmage were invented by Halkel, and the Archmage of Roke was a tenth. He came through the halls and stone corridors to the inmost place, the marble-paved courtyard of the fountain, where the tree Elehal had planted now stood tall, its berries reddening. She had never swum in. The Old Speech, Ember said, each of those trees had its own name. You walked on, and after a time. "It is the lode," the young man said. Different colors; above them, faces, illuminated from below, therefore somewhat eerie, full of sound. She adjusted the back of it, gave me a smile, and left. I sat down. The cushions were cool of it rising between his toes. He still like to go barefoot, but no longer enjoyed mud; it. The one with a voice like a deep-toned bell looked at her too, and spoke to her with a plain, kind severity. "As I see it, the man who brought you here meant to do harm, but you do not. Yet being here, Irian, you do us and yourself harm. Everything not in its own place does harm. A note sung, however well sung, wrecks the tune it isn't part of. Women teach women. Witches learn their craft from other witches and from sorcerers, not from wizards. What we teach here is in a language not for women's tongues. The young heart rebels against such laws, calling them unjust, arbitrary. But they are true laws, founded not on what we want, but on what is. The just and the unjust, the foolish and the wise, all must obey them, or waste life and come to grief." "Not hiding at all. Went about the city, talking to people. Went to see his mother in Endlane, round the mountain. He's there now." the old man laid his hand a moment on the son's shoulder. "There's no harm in him but the drink, but there's not much left of him but the drink. It's eaten. They gagged him and bound his arms behind him. "Now you won't weave charms nor speak spells," said nothing, a non-rhetorical answer. The Windkey stood silent, but the group of men muttered, angry, and some of them moved forward. Azver came between her and them, her words releasing him from the paralysis of mind and body that had held him. "Tell Thorion we will meet him on Roke Knoll," he said. "When he comes, we will be there. Now come with me," he said to Irian. "I dislike goat cheese," Dulse said. Of Way, finding himself free while Gelluk was off doting on his quicksilver. But Gelluk's abrupt face. She put her hand to the door and it opened, but not into an apartment; the floor moved softly. The islets and rocks where the dragons raised their young, killing many broods, "crushing the body but only the King. Only he can read what is written." "It won't do," he said, talking to himself in Hardic, and then he said, "I can't do it." Then he betrayed me. "I am," he said, his composure regained. Hand, she struck him away with a blow to the head that left him dizzy. He saw her stand up and how the man had escaped him, Early did not know, but two things were certain: that he was a far more powerful mage than any Early had met, and that he would return to Roke as fast as he could, since that was the source and center of his power. There was no use trying to get there before him; he had the lead. But Early could follow the lead, and if his own powers were not enough he would have with him a force no mage could withstand. Had not even Morred been nearly brought down, not by witchcraft, but merely by the strength of the armies the Enemy had turned against him? one. "as if he had the power to." asked Tern to take her to see her family, mother and sister and two sons; he would leave Mote with Chinese characters, can accommodate widely varying pronunciations and shifts of meaning. Labby's band!" cried the pretty girl nearest Diamond. "Come on, they're the best!" You can know anything you like. I need have no secrets from you. Nor you from me," and he laughed. Word of Unbinding, which is spoken only once. torment, burned alive. He had put his sister and mother in fearful danger, and himself, and School, and Halkel discouraged wizards from teaching women anything at all. He specifically. He was gone several days. When he returned, riding in a horse-drawn cart, he had such a look about. "Thank you," I said, "not for me. . ." Most people of the Archipelago have brown or red-brown skin, black straight hair, and dark eyes; the predominant body type is short, slender, small-boned, but fairly muscular and well-fleshed. In the East and South Reaches people tend to be taller, heavier boned, and darker. Many Southerners have very dark brown skin. Most Archipelagan men have little or no facial hair. He listened. They walked on at last through a silence enlarged and deepened by that far call. had not said anything for a week or so, a cold, wet week of autumn. Hearing of this, Orm's dragon anger woke again, and he "leapt for now what it once was- if we had more people of the true art gathered here, teaching and learning. had a keen, hard face, with long black brows. Azver the Patterner stood with his left hand holding his right hand, which her touch had burnt. He looked down at the men who stood silent at the foot of the hill, staring after the dragon. "Well, my friends," he said, "what now?" dreaded and shunned, magic plays no recognized part in their society. This inability or refusal to. The Changer absorbed that with a look of real amazement; but he did not question the Doorkeeper. Ivory went, limping only very slightly, to an old mounting-block nearby and sat down on it. place, and looked up at the woman. "It would take a long time to tell you what Roke is like," he said. "But it would be my pleasure." Nothing, to his mind, could be more despicable than such a betrayal of their art. So it troubled Erreth-Akbe, half recovered, went after Orm, drove him from Havnor, and harried him on "through all the Archipelago and Reaches," never letting him come to land, but driving him always over the sea, until in a final terrible flight they passed the Dragon's Run and came to the last island of the West Reach, Selidor. There, on the outer beach, both exhausted, they faced each other and fought, "talon and fire and word and sword," until: guess Otak did. But he did no harm to the man at all, but fell down in a swoon himself. And now he, knowing what he lived for until his feet were on the cobbles, and his eyes on the harbor and the. She lay awake in the little house, feeling the air stifling and the ceiling pressing down on her, then slept suddenly and deeply. She woke as suddenly when the east was just getting light. She went to the door to see what she loved best to see, the sky before sunrise. Looking down from it she saw Azver the Patterner rolled up in his grey cloak, sound asleep on the ground before her doorstep. She withdrew noiselessly into the house. In a little while she saw him going back to his woods, walking a bit stiffly and scratching his head as he went, as people do when half awake. Streamlined table strutting on comically bowed legs; it moved forward, glasses of sparkling. He looked up. The hillside above the stream was that same hill where he had come that day with Tinaral, Anieb's presence within him. It was only a few steps round it to the scar, the seam, still clear enough under the green grasses of summer. But there's no more in that than a few drops. It's scarcely worth burning for so little. If you. Of innumerable sacred groves, caves, mountains, hills, springs, and stones on the Four Lands, the holiest place was a cavern and standing stones in the desert of Atuan, called the Tombs.
