"Some men," she said, "wouldn't be able to sustain desire when their hands touched my back. I'll understand if you're one of them. It's not beautiful to the eye, and rough as oak bark to the touch. That's

why I brought you here, so you'd know this before you consider where you want to go from ... where we are now." And although Simon would have denied it, would even have joked that a conscience was a liability for an attorney, he possessed a moral compass. When he traveled too far along the wrong trail, that magnetized needle in his soul led him back from the land of the lost. Worrying is what mothers do best. Celestina was her mother, as far as Angel was concerned, and the child was not yet of an age to be told, and to understand, that she had been blessed with two mothers: the one who gave birth to her, and the one who raised her. A lamp with a fringed silk shade spread small feathery wings of golden light over one corner of the living room. On the coffee table were three decorative blown-glass oil lamps, ashimmer. He stopped straining to see through the black room to the corner armchair. He closed his eyes and tried to lull himself to sleep by summoning into his mind's eye a lovely but calculatedly monotonous scene of gentle waves breaking on a moonlit shore. The ninth piece was not art, certainly not a work by Griskin, and could disturb no one half as much as it rattled Junior. Upon a black pedestal stood a pewter candlestick identical to the one that had cracked the skull of Thomas Vanadium and had added dimension to the cop's previously pan-flat face. "Only for a little while. Then he is joining me at the gallery, and after the show's over, we're having dinner together." On the High Marsh. Otter's humble teachers had taught him pride. They had trained into him a deep contempt for wizards who worked for such men as Losen, letting fear or greed pervert magic to evil ends. Nothing, to his mind, could be more despicable than such a betrayal of their art. So it troubled him that he couldn't despise Hound. With all twelve fragments destroyed, the curse should have been lifted from little Bartholomew: the threat of the unknown, violent enemy who was represented by the four knives. Somewhere in the world, an evil man existed who would one day have killed Barty, but now his journey through life would take him elsewhere. Eleven saints had been given twelve shares of responsibility for lifting this curse. All right, yes, it had tiny hands and tiny feet, rather than hooked talons and cloven open grave. In his hand: the white rose, its thorns slick with his blood. He dropped the bloom, and it fell out of sight, into the gaping earth, atop Naomi's casket. The hardest was being in this room at the very moment when Phimie had moved on. Celestina knew beyond doubt that this was the worst thing she would have to endure in all her life, worse than her own death when it came. Although he was seventy-six, Tom still worked for Pie Lady Services. They had no set retirement age for staff, and Father Tom expected to die at his work. "And if it's a pie-caravan day, just leave my old carcass where I drop until you make all the deliveries. I won't be responsible for anyone missing a promised pie." When she tried to speak to him, she could no more easily raise her voice than she could extend a hand to him. In fifty years, until Angel, Tom had found no other like himself and now a second in little more than a week. "I can't do what you did." Nor could she begin to imagine the nature of the disaster that had befallen him, leaving his face looking blasted and loose at all its hinges. She had last seen him at Phimie's funeral. A few minutes ago at her doorstep, she'd recognized him only because of his port-wine birthmark. "What kept me going these past two and a half years was knowing that I could get my hands on Mr. Cain when I was finally well enough to do something about him." Jacob grunted, but probably not because he'd heard what had been said about him, more likely because he'd just turned the page to find a photo of dead cattle piled up like driftwood against the American Legion Hall in some flood-ravaged town in Arkansas. In spite of her nature, Agnes could not find forgiveness in her heart this time. Words of absolution clotted in her throat. Her bitterness dismayed her, but she could not deny it. He stepped into the house, quietly closed the front door, and examined the bottle. The glass was thick, especially at the base, where a large punt—a deep indentation—encouraged sediment to gather along the rim rather than across the entire bottom of the bottle. This design feature secondarily contributed to the strength of the container. Evidently he had hit her with the bottom third of the bottle, which could most easily withstand the blow. Junior reached the window seat and stared down at her. "I don't believe that's true." Paul's Mediterranean complexion didn't make a blush easy to detect, but Tom thought his face brightened until it was a shade or two closer to the color of his rust-red hair. His eyes, usually so direct, evaded Celestina. In fact, although weak and achy, Junior felt mentally refreshed and wonderfully alert. In southern California, Agnes Lampion dreams of her newborn son. In Oregon, Junior Cain fearfully speaks a name in his sleep, and Detective Vanadium, waiting to tell the suspect about his dead wife's diary, leans forward in his chair to listen, while ceaselessly turning a quarter across the thick knuckles of his right hand. Dense, white, slowly billowing masses of fog rolled through the neighborhood, scented with woodsmoke from numerous fireplaces, as though everything north to the Canadian border were ablaze. Max hung up. The Ansaphone made a series of small robot-mouse noises and then fell silent. The most shameful thing Junior found was the "art" on the walls. Tasteless, sentimentalized realism. Bright landscapes. Still lifes of fruit and flowers. Even an idealized group portrait of Prosser, his late wife, and Zelda. Not one painting spoke to the bleakness and terror of the human condition: mere decoration, not art. Celestina had chosen to shelter the bastard boy, and in so doing, she had declared herself to be Junior's enemy, though he'd never done anything to her, not anything. She didn't deserve him, really, not even one quick bang before the bang of the gun, and maybe after he shot Ichabod, he'd let her beg for a taste of the Cain cane, but deny her. "Poker." Keeping his hands high, like a penitent confessing sin at a revival meeting and asking God to wash him clean, Obadiah said, "My specialty was close-up magic. Oh, I pulled a rabbit out of a hat more than once, silk scarves from thin air, doves from silk scarves. But close was my love. Coins, but mostly ... cards." In either case, printing the name in blood was a ritualistic act, and ritualism of this nature was an unmistakable symptom of a seriously unbalanced mind. Evidently, the wife killer would be easier to crack than expected, because his shell was already badly fractured. Without the pillow, she wouldn't have been able to lift her head to look toward the back of the ambulance. He stabbed Prosser, however, merely to relieve his frustration and to enliven the dull routine of a life made dreary by the tedious Bartholomew hunt and by loveless sex. In return for more excitement, he'd assumed greater risk, to mitigate risk, he must have insurance. Hound told his master that they had the hexer in a safe place, and Losen said, "Who was he working for?" The Hackachaks had arrived post-grief, brought to the hospital by the news that Junior had expressed distaste at the prospect of profiting from his wife's tragic fall. They knew he had turned away Knacker, Hisscus and Nork. People that he was innocent and, in fact, constitutionally incapable of premeditated murder. She sat at the kitchen table, staring at the glass. After a while she emptied it in the sink without having taken a sip. Barty grinned mischievously. "One of the places we visited today. Some big kids. They saw this scary movie, said they had to wash their shorts after." If she'd connected with his left side, as she intended, she might have broken his arm or cracked a few ribs. But he saw the chair coming, and as agile as a base runner dodging a shortstop's tag, he turned away from her, taking the blow across his back. But she knew. Barty, buoyant as ever, seemed not to be much worried about the problem with his vision. He appeared to expect that it would pass like any sneezing fit or cold. Evidently, her face was knotted with the effort to remember what the child had looked like, for the physician said,

"Yes? What's wrong?". Angel was lying on a towel on the convertible sofa, where Grace had just changed her diaper..He had bribed a parking attendant to keep his Mercedes at the curb in a valet zone, in front of a nearby restaurant, so it would be instantly available when needed. He could also leave the car and follow Celestina on foot if she chose to stroll home from here..Junior tipped his head back and gazed up toward the section of broken-out railing along the high observation deck.. "You should call San Francisco police, have them put your place under surveillance and nail him if he turns up.". Celestina turned in her seat to look back at Wally and Angel, who were waving. "I guess I am.". "Don't get me started on cyclones!" Edom hurried through the house and out to the station wagon, to fetch the boxes of groceries..glasses off the table. He seized one of the pewter candlesticks, as well, knocking the candle out of it..Nolly sighed. "Well, I guess if you were going to just plug him, you could've done that already, soon as you got to town.". Books were stacked high on a nearby table, favorite novels and volumes of verse, all of which Agnes had read before. With time so limited, she preferred the comfort of the familiar to the possibility that new writers and new stories would fail to please. Paul read to her often, as did Angel. Tom Vanadium sat with her, too, as did Celestina and Grace..Barty never cried. In the hospital neonatal unit, he'd been a marvel to the nurses, because when the other newborns were squalling in chorus, Barty had been unfailingly serene..Shaking with a fear that had nothing to do with Junior Cain and flying bullets, or even with memories of Josef Krepp and his vile necklace, Tom Vanadium closed the sketch pad and put it on the window seat. He opened the window, and in rushed the susurrations of breeze-stirred oak leaves..The boy's silvery giggles rang as merrily as sleigh bells, his Christmas spirit undampened. "Not between, Mommy. Nobody could do that. I just ran where the rain wasn't.". Eventually, of course, dear Edom held forth about tornadoes--in particular the infamous Tri-State Tornado of 1925, which ravaged portions of Missouri, Illinois, and Indiana..Thereafter, Junior managed to drive four miles before he was forced to pull off the road at another service station, after which he felt that his ordeal might be over. But less than ten minutes later, he settled for more rustic facilities in a clump of bushes alongside the highway, where his cries of anguish frightened small animals into squeaking flight..As Joey opened the driver's door and got in behind the steering wheel, he said, "Okay?". "Each life," Barty Lampion said, "is like our oak tree in the backyard but lots bigger. One trunk to start with, and then all the branches, millions of branches, and every branch is the same life going in a new direction.". As he headed toward the door, the detective said, "Don't forget your apple juice. Got to build some strength for the trial.". Bill wasn't impressed. "They build houses out of mud in China. No wonder everything falls down.". Her hands were locked together in her lap, gripped so tightly for so long that the muscles in her forearms ached. "What's wrong?". She felt that she had failed her sister. She didn't know what more she could have done, but if she'd been wiser and more insightful and more attentive, surely this terrible loss would not have come to pass..Agnes's big brother by six years, Edom had lived in one of the two apartments above the large detached garage, behind the main house, since he was twenty-five, when he'd left the working world. He was now thirty-six..Relieved but still wary, he toured the small house again to be sure doors and windows were locked..He stashed two suitcases full of clothes and toiletries-plus the contents of Pinchbeck's safe-deposit box-in the van, and then added those precious items that he'd be loath to lose if the hit on Bartholomew went wrong, forcing him to leave his Russian Hill life and flee arrest. The works of Caesar Zedd. Sklent's three brilliant paintings. The needlepoint pillows, to which he'd colorfully applied the wisdom of Zedd, constituted the bulk of this collection of bare essentials: 102 pillows in numerous shapes and sizes, which he had completed in just thirteen months of feverish stitchery-.The rough massage had only just begun to bring a little relief to Junior's legs when Sparky returned with six stoppered rubber bags full of ice. "This was all the bags they had down at the drugstore.". Something was very wrong with her, and she tried to speak, but again her voice failed her..The musician's behavior required explanation. After wending through the crowd, Junior located the man in front of a painting so egregiously beautiful that any connoisseur of real art could hardly resist the urge to slash the canvas to ribbons..A shiver of awe traveled Celestina's spine, because she knew what the physician's next words would surely be..Focus. Get Ichabod all the way inside. Act now, think later. No, no, proper focus requires an understanding of the need to: scrutinize, analyze, and prioritize. Get the bitch, get the bitch! Slow deep breaths. Channel the beautiful rage. A fully evolved man is self-controlled and calm. Move, move, move!.As Barty stepped across the threshold into the upstairs hall, Miss Pixie Lee said, "You're sweet, Barty..Only madmen were capable of such butchery. Hopeless lunatics like Ed Gein, out there in Wisconsin, arrested just seven years ago, when Junior had been sixteen. Ed, the inspiration for Psycho, had constructed mobiles out of human noses and lips. He used human skin to make lampshades and to upholster furniture. His soup bowls had once been human skulls. He ate the hearts and selected other organs of his victims, wore a belt fashioned from nipples, and occasionally danced under the moon while masked by the scalp and face of a woman he had murdered..The dining room again, but this time he remembered how he had gotten here: by way of the living room..Tom between curiosity and emotional exhaustion, Celestina held his gaze, thinking, and finally she said, "Deal.". "There's a valuable lesson in that," Agnes said. "Others can learn from it if you care to share. But if you want to record your life only up to the card cheating, that's okay, too. Even that far, it's a fascinating journey, a story that shouldn't be lost with you when you pass on. Libraries are packed with biographies of movie stars and politicians' most of them not capable of as much meaningful self-analysis as you'd get from a toad. We don't need to know more about celebrities' lives, Obadiah. What might help us, what might even save us, is knowing more about the lives of real people who've never made it even medium but who know where they came from and why.".An overflow crowd of mourners had attended the services at St. Thomas's Church, standing shoulder to shoulder at the back of the nave, through the narthex, and across the sidewalk outside, and now everyone appeared to have come to the cemetery, as well..After moving all of a hundred feet, Celestina and Wally-with Grace fretting that someone would be hurt-had torn down the high stave fence between properties, for theirs had become one family with many names: Lampion, White, Lipscomb, Isaacson. When backyards were joined and a connecting walkway poured, Barty's travels from house to house were greatly simplified, and regular visits by the Gonzalez, Damascus, and Vanadium branches of the clan were also facilitated.
