"Ah, I've been looking over your record, Fallows," he looked up. "It shows a consistent attention to detail that is very pronounced . . . everything thorough and complete, and properly documented. It's commendable, very commendable . . . the kind of thing we could do with more of in the Service.".The room is small. One queen-size bed with a minimum of walk-around space. Built-in nightstands, a.Jay was beginning to see the connection. "Measures up with respect to what?" he asked. "What's the standard?". "Where to?" Colman asked her..stocked. So I took the test through a sugar rush and a major post-sugar crash. Not that I'm making.Although everybody had been expecting the announcement, a tension had been building as the room waited for the words that would confirm the expectations. Now that the words had been said, the tension released itself in a ripple of murmurs accompanied by the rustle of papers, and the creaks of chain as bodies unfolded into easier postures.. "Too hard," Geneva declared proudly.. "Then invoke the security provisions," Borftein said, shifting in his chair from weariness with the whole business. "It's a security matter, isn't it? The Chironians have left it to us by default, and it's their security at stake as well as ours. The Pagoda's only two years away. Somebody's got to take the helm in all this.". "Yeah," Noah acknowledged without enthusiasm..Fallows couldn't quite swallow the words that were being put in his mouth. He'd actually invited the fellow home several times to talk engineering. Colman had some fascinating ideas. He frowned and shook his head before he could stop himself. "Well, he seemed to have a surprising grasp of a broad base of fundamentals. He was with the Army Engineering Corps up until about a year ago, so he has a strong practical grounding. And he's studied extensively since we left Earth. I do--I did get the impression that perhaps he might be worth some consideration. But of course that's just an opinion.". "Good pup," the boy whispers.. "Don't be so sensitive. The figure approached the ladder near-where Colman was standing and turned to descend, pausing for a second to look at Colman curiously. The nametag on the breast pocket read 'B. FALLOWS. Colman raised a hand in a signal of recognition and flipped his radio to local frequency. "Hey, Bernard, it's me--Steve Colman. I don't know if you're heard yet, but that' transfer didn't go through. Thanks for trying anyway.".Lechat pursed his lips for a second, and then nodded curtly. "It do it," he said simply. He averted his eyes for a moment longer, and then looked across at Celia. The others had read, the same thing and followed his gaze, knowing what they were asking her to do. Colman could see the torment in her eyes as she looked back at Lechat. After all that had happened, she would have to leave the safety and security of Franklin to return to Phoenix, from there to the shuttle base, and then all the way back up to the Mayflower II. There was no other way..Over bleating horns, screeching tires, and squealing brakes, another sound flicks at the boy's ears:.. "I'm not shooting this. My associate is at an attic window of the place across the street. We made.percent of all life on the planet, whichever came first..Colman nodded to himself and wiped his mouth with a napkin from the dispenser on the table while he tried to form the right answer. He was stuck in the Army but wanted to become a professional engineer; Jay could walk into being an engineer but thought he wanted to be in the Army. There would be no point in being scornful and listing all the reasons why it might not be such a good idea-Jay knew all those and didn't want to hear about it..Leilani's palms were still damp. She blotted them again. In spite of the August heat, her hands were cold.. "It wasn't like that at all," she said. "Although, I suppose. I shouldn't really say too much since I've had nothing to compare it with. But it was"-she shrugged- "warm, friendly..., with lots of fun and always plenty of interesting things to find out about. I certainly don't

miss not having had my head filled with some of the things a lot of Terran children seem to spend their lives trying to untangle themselves from. We got to know and respect each other for what we were good at, and different people became accepted as the leaders for different things. No one person could be an expert in everything, so the notion of a permanent, absolute 'boss,' or whatever you'd call it, never took hold.".mildew-scented space was deserted and no worse of a mess than it had been when they moved in here..CHAPTER ELEVEN.Bernard hadn't really thought of that. He saw Jay nodding vigorously, and tossed up his hands. "Why not? :If.Colman nodded. "Her friends showed up, and she's in Franklin. It all went fine." He turned his head to Celia. "This is Bret. He got Veronica off the base." out of the booth and rose to his feet. "You wouldn't do something stupid like take the money and then not
