Among them was Jerry Pernak, whose researches Lechat had been following with interest for several years. Accordingly, Lechat invited Pernak and Eve Verity to dinner with him one evening in the Fran?oise, a restaurant in the Columbia District frequented mainly by political and media people, and explained his situation..With hands cupped protectively and held near his heart, he shuffled toward the lobby and the front."Her mother's dying too," Jay had replied dryly. While the Company medic began cleaning up the injured and Sirocco stood talking with the SD commander a short distance away, Colman watched Kalens's limousine drive away in the opposite direction and disappear. That was how it had always been, he could see now. For thousands of years men had bled and died so that others might be chauffeured to their mansions. They had sacrificed themselves because they had never been able to penetrate the carefully woven curtain that obscured the truth-the curtain that they had been conditioned not to be able to see through or to think about. Why don't you do that?".Sirocco wrinkled his lip, showing a glimpse of his moustache. "You can't fool me, Steve. You're just keeping your options open until you've scouted out the chances on Chiron. Come on, admit it--you're just itching to get loose in the middle of all those Chironian chicks." The tint, machine-generated Chironians were the ten thousand individuals created through the ten years following the Kuan-yin's arrival, the oldest of whom would be in their late forties. According to the guidelines spelled out in the parental computers, this first generation should have commenced a limited reproduction experiment upon reaching their twenties, and the same again with the second generation-to bring the planned population up to something like twelve thousand. "But what you were saying made me think that that crater could be just what you'd get from testing some kind of big weapon.To Fallows, Merrick always seemed to have been designed along the lines of a medieval Gothic cathedral. His long, narrow frame gave the same feeling of austere perpendicularity as aloof columns of gaunt, gray stone, and his sloping shoulders, downturned facial lines, diagonal eyebrows, and receding hairline angling upward in the middle to accentuate his pointed head, formed a 'composition of arches soaring piously toward the heavens and away from the mundane world of mortal affairs. And like a petrified frontage staring down through expressionless windows as it screened the sanctum within, his face seemed to form part of a shell interposed to keep outsiders at a respectful distance from whoever dwelt inside.
