Later, weak and shaken, as he was packing his suitcase, the urge overcame him again. He was astonished to discover that anything could be left in his intestinal tract..He paused, not sure how to proceed. He was not accustomed to writing letters to total strangers..Seraphim White had come to California to give birth to him in or to spare her parents-and their congregation--embarrassment..AS GREASY WITH FEAR sweat as a pig on a slaughterhouse ramp, Junior woke from a nightmare that he could not remember. Something *is reaching for him-that's all he could recall, hands clutching at him out of the dark-and then he was awake,

wheezing. Night still pressed at the glass beyond the venetian blind. The pharmacy lamp in the corner was aglow, but the chair that had been beside it was no longer there. It had been moved closer to Junior's bed. During the course of this momentous day, he had employed Zedd learned techniques to channel his hot anger into a red-hot rage. Now, without any conscious effort on his part, rage grew into molten-white fury. "Nicholas Deed." On her tongue, the name was as bitter as a dissolving aspirin. Knew Phemie died in childbirth, not an accident, and Max's instincts told him rape. I explained to your dad why Cain was the man. I wanted whatever information he might have. But I suppose ... sitting there, looking at my face, he decided that Cain is indeed the biggest hornet's nest ever, and he didn't want to put his daughter and granddaughter at greater risk than necessary. The doors slid open, and they rolled Barty corridor to corridor, past the scrub sinks, to a waiting surgical nurse in green cap, mask, and gown. She alone effected his transfer into the positive pressure of the surgery. Junior was not immune to traditional logic, but in this case he recognized the superior wisdom of Zedd's philosophy. His dread of Bartholomew and his gut-level animosity toward a child he'd never met defied all reason and exceeded simple paranoia; therefore, it must be purest, infallible animal instinct. A sofa and one armchair provided the seating in the living room. No coffee table. A small table beside the chair. A wall unit held a fine stereo system and a few hundred record albums. She leaned forward in her seat, and toward him, so he could see her more directly, and when she put one trembling hand against his cheek, his head dropped forward on neck muscles as limp as rags, his chin. "He's a wonderful boy, so very bright, so very full of life. Blindness will be hard, but it won't be the end. He'll cope without the light. It'll be so difficult at first, but this boy ... eventually he'll thrive." The tone sounded, as promised, and a man's voice spoke from the box: "It's Max. You're psychic. I found the hospital here. Poor kid had a cerebral hemorrhage, arising from a hypertensive crisis caused by ... eclampsia, I think it is. Baby survived. Call me, huh?" "Do you know about the earthquake that destroyed seventy percent of Tokyo and all of Yokohama on September 1, 1923?" he asked. After examining Phemie, who was nauseous, Daines prescribed an anticonvulsant, an antiemetic, and a sedative, all intravenously. Frustrated on many levels, Junior hurried to a parking lot one block from the detective's office, where he'd left his new Chevrolet Impala convertible. This Chinese-red machine was even more beautiful when wet with rain than it had looked polished and pristine on the showroom floor. Shortly after nine-thirty in the morning, they landed in Eugene, and the cab driver who conveyed Junior to the town's largest shopping center spent more time staring at his afflicted passenger in the rearview mirror than he did watching the road. Junior got out of the taxi and paid through the driver's open window. The cabbie didn't even wait for his fiery-faced fare to turn completely away before he crossed himself. The night was holding its breath again, the previous breeze now pent up in the breast of darkness. Lord, listen to me-but I've really got to know if you can, if you are, how you feel, whether you feel, I mean, whether you think you could feel--". Nevertheless, being cautious even as he seized the day--or the night, in this case--he parked a short distance from his destination, on a parallel street. He walked the last three blocks. Holding the pistol, fully extending his right arm in execution style, the gunman approached the fallen minister. Junior opened his eyes and saw that only the second of the two rounds had found its intended mark. The first had cracked through the center of a cabinet door, surely shattering dishes within. He didn't rely on sounds to help him find his way, though here and there one served as a marker of his progress. Twelve paces from his room, a floorboard squeaked almost inaudibly under the hallway carpet, which told him that he was seventeen paces from the head of the stairs. He didn't need that muffled creak to know exactly where he was, but it always reassured him. During the day and then following a dinner break, the Hackachaks persisted. The hospital had never witnessed such a spectacle. Shifts changed, and new nurses came to attend to Junior in greater numbers than necessary, using any excuse to get a glimpse of the freak show. He wanted an explanation, but no one could give him the one that he needed, because nobody but he himself knew the significance and symbolism of the quarter. Applying enough pain, he could have gotten cooperation even from Vanadium. The detective had said he'd heard Junior fearfully repeat Bartholomew in his sleep, which Junior believed to be true, because the name did resonate with him; however, he wasn't sure he believed the cop's claim to be ignorant of the identity of this nemesis. Junior didn't find anything to explain her paranoia--though, to his surprise, he discovered six books by Caesar Zedd in her small library. The pages were dog-eared; the text was heavily underlined. Magusson considered the assaults on Victoria and on Vanadium to be hideous crimes, of course, but he also viewed them as affronts to his own dignity and reputation. He expected a felonious client, rewarded with four and a quarter million instead of jail time, to be grateful and thereafter to walk a straight line. As he was wheeled headfirst into the operating room, Barty raised off the gurney pillow. He fixed his gaze on his mother until the door swung shut between them. This was a relaxation technique that had worked often before. He had teamed it from a brilliant book, *How to Have a Healthier Life through Autohypnosis*. Junior suspected that no one other than this man's mother called him Tom. He was probably "Detective" to some and "Vanadium" to most who knew him. "By the way he acted, you'd have sworn that he gave me and Angel shelter in the storm, back then, instead of turning us out to freeze in the snow." Tongue clamped between his teeth as he concentrated on keeping the blue crayon within the lines of the bunny, Barty nodded. "Yeah. Commit and command. It doesn't matter so much whether the course of action to which you commit is prudent or hopelessly rash, doesn't matter whatsoever whether society at large thinks it's a "good" thing that you're doing or a "bad" thing. As long as you commit without reservation you will inevitably command, because so few people are ever willing to commit to anything, right or wrong, wise or unwise, that those who plunge are guaranteed to succeed more often than not even when their actions are reckless and their cause is idiotic. As she tucked the bedclothes around him again, she said, "Barty, I don't think you should let anyone else see how you can walk in the rain without getting wet. Not Edom and Jacob. Not anyone at all. And anything else special that you discover you can do ... we should keep it a secret between you and me." "I'm gonna dream about baby chickens," she told Celestina, "and if I'm all yellow, they'll think I'm one of them." The operator attempted to calm him, but he remained hysterical. Between gasps and sharp squeals of pretended pain, he shakily rattled off his name, address, and phone number. After checking her carotid artery and detecting no pulse, Junior returned to the sofa in the living room. He fluffed the little pillow and left it precisely as he had found it. In the Fairmont coffee shop, Junior ordered french fries, a cheeseburger, and cole slaw. He requested that the burger be served cooked but unassembled: the halves of the bun turned face up, the meat patty positioned separately on the plate, one slice each of tomato and onion arranged beside the patty, and the slice of unmelted cheese on a separate dish. Drawn one after the other, two knaves of spades didn't signify two deadly enemies, but meant that the enemy already predicted by the first would be unusually powerful, exceptionally dangerous. Whereas the lone heart at the center of the rectangular white field inspired amazement and delight in her brothers and in Maria, Agnes reacted to it with dread. She strove to mask her true feelings with a smile as thin as the edge of a playing

card..Dressed entirely in a shade of pink that darkened to rouge when wet, Angel squealed and deserted Barty. Spotted-streaked-splashed, with false tears on her cheeks, with a darkly glimmering crown of rain jewels in her hair, she raced up the steps as though she were a princess abandoned by her coachman, and allowed herself to be scooped into her grandmother's arms..The verdant hills to the east lay like slumbering giants under blankets of winter grass, bright in the morning sun. But when the shadows of clouds sailed off the sea and gathered inland, the slopes darkened to a blackish green, as somber as shrouds, and a landscape that had appeared to be sleeping forms now looked dead and cold..No one seemed to realize that predicting the future might not be a suitable entertainment in this house, at this time, considering that Agnes had so recently and horribly been blindsided by fate.. "A friend's daughter. They say she died in a traffic accident down in San Francisco. She was even younger than Naomi."..He smiled ruefully. "Might be ready for a wedding by then, but not a honeymoon."..IN HIS FORD VAN filled with needlepoint and Sklent and Zedd, Junior Cain-Pinchbeck to the world-left the Bay Area by a back door. He took State Highway 24 to Walnut Creek, which might or might not have walnuts, but which offered a mountain and a state park named for the devil: Mount Diablo. State Highway 4 to Antioch brought him to a crossing of the river delta west of Bethel Island. Bethel, for those who had taken good advanced courses in vocabulary improvement, meant "sacred place.".. "No. Just tricks. Turn a leaf to a gold piece. Seemingly."..Now, here, lying on a bed in the emergency room of a Sacramento hospital, on a Saturday afternoon only six weeks before the camellia festival, Junior suffered under the care of a resident physician who was so young as to raise the suspicion that he was merely playing doctor..The mummified moon had unwound itself from its rags of embalming clouds. Its pocked face glowered in full brightness on the spreading branches of the pine, on the yard, and on the graveled driveway..Neither Agnes nor Edom knew of Jacob's great skill with cards. He had been discreet about his apprenticeship with Obadiah, and for almost twenty years, he'd resisted the urge to dazzle his siblings with his expertise..On that busy night, with Vanadium's corpse in the Studebaker and Victoria's cadaver awaiting a fiery disposal at her house, Junior was too distracted to recognize the pertinence of the message. Now it tormented him from a dark nook in his subconscious..The one piece he had purchased was by a young Bay Area artist, Bavol Poriferan, about whom art critics nationwide were in agreement: He was destined for a long and significant career. The sculpture had cost over nine thousand dollars, an extravagance for a man trying to live on the income of his hard-won and prudently invested fortune, but its presence in his living room immediately identified him, to cognoscenti, as a person of taste and cutting-edge sensibilities..His first word after mama was papa, which she taught him while showing him pictures of Joey. His third word: pie..Although he was a stranger, arriving unannounced, and something of an eccentric by anyone's definition, Paul was received by Grace and Harrison White with warmth and fellowship. At their doorstep, raising his voice to compete with the wailing weather, he hurriedly blurted out his mission, as if they might reel back from his wild windblown presence if he didn't talk quickly enough: "I've walked here from Bright Beach, California, to tell you about an exceptional woman whose life will echo through the lives of countless others long after she's gone. Her husband died the night their son was born, but not before naming the boy Bartholomew, because he'd been so impressed by 'This Momentous Day. And now the boy is blind, and I hope you'll be able and willing to give some comfort to his mother." The Whites failed to reel backward, didn't even flinch from his unfortunately explosive statement of purpose. Instead, they invited him into their home, later invited him to dinner, and later still asked him to stay the night in their guest room..In that slow, flat delivery with which Junior was becoming increasingly impatient, Detective Vanadium said, "We all were, Doctor. It was another election year, remember? More than once during that campaign, I could've chugged ipecac. What else would work if I wanted to have a good vomit?"..When he passed by his own lunch plate on the counter and again saw the quarter gleaming in the cheese, he spat out a curse..Maria's mother, visiting from Mexico, was babysitting, so Maria came without her children, as a guest, joining Agnes and the laugh-a-minute Isaacson twins, chroniclers of destruction. They ate in the dining room, rather than at the kitchen dinette, with a lace-trimmed tablecloth, the good china, crystal wineglasses, and fresh flowers..Even on good days, when he wasn't hassled by the spirits of dead cops and wasn't prepping himself to commit murder, Junior sometimes grew uncomfortable in these bustling crowds. This afternoon, he felt especially claustrophobic as he shouldered through the throng-and admittedly paranoid, too..Here again were these peculiar grammatical constructions, which sometimes she had thought were just the mistakes that even a prodigy could be expected to make, and which sometimes she had interpreted as expressions of fanciful speculations, but which lately she had suspected were of a more complex-and perhaps darker-nature. Now her dread took form, and she wondered if the personality disorders that had shaped her brothers' lives could have roots not just in the abuse they had taken from their father, but also in a twisted genetic legacy that could manifest again in her son. In spite of his great gifts, Barty might be destined for a life limited by a psychological problem of a unique or at least different-nature, first suggested by these occasional conversations that seemed not fully coherent..He was in a mood to shoot her, but this weapon was not fitted with a sound-suppressor. He'd left that gun in Celestina's bedroom. This was the pistol that he had taken from Frieda Bliss's collection, and it was as full of sound as Frieda had been full of spew..With the stocky detective looming, Junior wasn't able to stroke his imagination into an erotic mood. In his mind's eye, Victoria's ample bosom remained concealed behind a starched white uniform..Downstairs again, as Agnes reached the foot of the stairs, she began to worry that she had done too thorough a job on the khakis and that the extent of the damage would raise suspicions..Munching an Almond Joy, Junior returned to the phone book, with no choice but to find Bartholomew the hard way..In his voice, he heard a tremor that had nothing to do with the hideous deaths in Effingham more than sixteen years previous..His request felt like an assault. Agnes almost rocked backward as though struck..Too much had happened in those rooms. They were stained dark with family history, and in the night, when either Edom or Jacob slept under that gabled roof, the past came alive again in dreams..Warily, Junior ventured into the gallery to make inquiries. He expected the staff to express utter bafflement at the name Celestina White, expected the poster to have vanished when he returned to the display window.. "You didn't at all," Dr. Salk assured him. "I need to talk to you. If you would give me a little of your time..."..He summoned enough courage to approach the nightstand. His hand trembled. He half expected the quarter to be illusory; to disappear between his pinching fingers, but it was real..This is a tale of those times. Some of it is taken from the Book of the Dark, and some comes from Havnor, from the upland farms of Onn and the woodlands of Faliern. A story may be pieced together from such scraps and fragments, and though it will be an airy quilt, half made of hearsay and half of guesswork, yet it may be true enough. It's a tale of the Founding of Roke, and if the Masters of Roke say it didn't happen so, let them tell us how it happened otherwise. For a cloud hangs over the time when Roke first became the Isle of the Wise, and it may be that the wise men put it there.. "And, listen, if you leave too soon behind me, I've got a guy watching, and he'll put a hollow-point

thirty-eight in your ass." Celestina sensed an easy camaraderie between these two men, but also tension that was perhaps related to the reference to an illegal search..As home tours went, this one was notably less interesting than most. The accountant appeared to have no secret life, no perverse interests that he hid from the world..This soiling of Naomi's memory was a sadness so poignant, so terrible, that he wondered if he could endure it. He felt his mouth tremble and go soft, not with the urge to throw up again, but with something like grief if not grief itself. His eyes filled with tears.. "Just now." Although Angel tried to sound nonchalant, she was trembling. "I'm not sure I can do it again." If he didn't find the Rolex and get back to his car before the reception ended, he'd forfeit his best chance of following Celestina to Bartholomew.
