People like Enoch Cain, of course, never choose between the right and the wrong thing, but between two evils. For themselves, they create world after world of despair. For others, they make worlds of pain.. "Well, the blood wasn't dark and acidic, so it didn't come from his stomach. It was bright and alkaline. It could have arisen in the esophagus, but most likely it's pharyngeal in origin." Junior was free of superstition. He believed in neither gods nor demons, nor in anything between.. The reverend couldn't easily escape church

obligations on such short notice, but Grace wanted to be with her daughters. Phimie, however, pleaded that only Celestina accompany her..He snatched the woman's car keys off the pavement, slid behind the wheel of the Pontiac, and drove off to find a pharmacy, the only stop that he intended to make until he reached Spruce Hills..He was having difficulty focusing his attention on the problem at hand. Through his mind, odd and disconnected thoughts rolled like slow, greasy, eye-of-the-hurricane waves on an ominous sea..He knew the sermon, of course. The example of Bartholomew. The theme of chain-reaction in human lives. The observation that a small kindness can inspire greater and ever-greater kindnesses of which we never learn, in lives distant both in time and space..It's there even when you read to me now. The sad feeling, I mean. It changes the story, makes it not as good, because I can't pretend I don't hear how sad you are..Tom Vanadium was no alarmist, and the most logical explanation came to him first. Paul had wanted to learn how to roll a quarter across his knuckles, and in spite of being dexterously challenged, he practiced hopefully from time to time. No doubt, he had sat at the table this morning--or even last evening, before bed-dropping the coin repeatedly, until he exhausted his patience..He couldn't much longer take advantage of Paul Damascus's hospitality. Since bringing Wally to town, Tom had been staying in Paul's guest bedroom. He knew that he was welcome indefinitely, and the sense of family that he'd found with these people had only grown since January, but he nevertheless felt that he was imposing.. "You feel remorse, though," said Agnes. "I can see you do. And not just because of what happened to your hands..".Only Angel spoke, with nary a catch or quiver, fully confident in her Barty. "Anything he can teach me, I can learn, and anything I can see, he can know. Anything, Aunt Aggie..".Suddenly she realized-Good Lord!-that someone else had a had inside her, up the very center of her, massaging her uterus in the same lazy pattern as that made by the piece of melting ice on her belly..Raising one hand, wiggling the fingers, he said, "Toes, toes, toes, toes, toes..".To Perri's bed, a journey of only a few steps, but farther than unwanted Rome. The carpet seeming to pull at his feet, to suck like mud under his shoes. The air as thick as liquid in his resistant to his progress.. "Tom," Kathleen said, "I know why you became a cop, I guess. St. Anselmo's Orphanage ... the murders of those children..".Stepping forward, Agnes said, "When Barty holds my hand and walks me through the rain, I get wet even while he stays dry. The same for all the rest of us here ... except Angel..".Alone with Paul, as he stood abashed, she removed her blouse and bra and, with arms crossed over her breasts, revealed to him her savaged back. Whereas her father had used open-hand slaps and hard fists to teach his twin sons the lessons of God, he preferred canes and lashes as the instruments of education for his daughter, because he believed that his direct touch might have invited sin. Scars disfigured Agnes from shoulders to buttocks, pale scars and others dark, crosshatched and whorled..their work, tears were followed by reminiscences that brought a smile and soothed, and hope was always found to be the flower that bloomed from every seed of hopelessness..The white Buick glided through the tides of fog like a ghost ship plying a ghost sea..Instead, he encountered an elderly woman getting out of a red Pontiac with a fox tail tied to the radio antenna. A quick glance around confirmed that they were unobserved, so he clubbed her on the back of the head with the butt of his 9-mm pistol..When the attorney finally came on the line, he sounded put-upon, as though Junior were the equivalent of a troublesome toe that he would like to shoot off..altogether by taking slow deep breaths, slow deep breaths, and by remembering that each of us has a right to be happy, to be fulfilled, to be free of fear.. "No. Charming," she disagreed. "There's a meaning to it. Everything has a meaning, dear..".Perhaps these two months of frustration had brought him to this: hair-trigger nerves, fevered imagination, and anticipation distilled into dread..Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt..A sudden strange weakness, a formless dread, dropped Agnes out of her crouch and onto her knees beside the boy..The slow-motion death ballet, in which Bonnie and Clyde were riddled with bullets, was the worst moment Junior had ever heard in a film. He didn't see more than a brief glimpse of it, because he sat with his eyes squeezed shut. Nine days previously, at Google's instructions, Junior had rented boxes at two mail-receiving services, using the name John Pinchbeck at one, Richard Gammoner at the other, and then he had supplied those addresses to the papermaker. These were the two identities for which Google ultimately provided elaborate and convincing documentation..Celestina said, "Phimie wasn't a mind reader. That's science fiction, Dr. Lipscomb..".Celestina jammed the shaft of the crank into the casing socket. Wouldn't fit. Her hands were shaking. Steel fins on the shaft of the crank had to be lined up just-so with slots in the socket. She fumbled, fumbled..Nolly adored her laugh, so musical and girlish. He would have made all sorts of a fool out of himself, anytime, just to hear it..In the Suburban with Wally and Grace, as they waited to hit the trail, Celestina said, "He took her to a movie again, Tuesday night..".Dining room. Two place settings at one end of the table. Wineglasses. Two ornate pewter candlesticks, candies not yet lit..Several large Dumpsters hulked nearby, dark rectangles less seen than suggested in the slowly churning murk, like forms in a dream, as ominous as graveyard sarcophaguses, each as suitable for a musician's carcass as any of the others..Hound meant well in sending the young man to Samory, but he did not understand the quality of Otter's will. Nor did Otter himself. He was too used to obeying others to see that in fact he had always followed his own bent, and too young to believe that anything he did could kill him..San Francisco's pre-Christmas cheer had deserted it. The glow and glitter of the season had given way to a mood as dark and ominous as The Cancer Lurks Unseen, Version 1..His attention, as morbid as a circling vulture, settled upon the pianist's right hand. The left was open, palm down. But the right was crumpled shut, palm up..She worried that her anxiety would prove contagious, that when her fear infected her boy, he would be less able to fight whatever hateful thing had taken seed in his right eye..In addition to these scavengers, another presence was here, unseen but not unfelt. The chill of this invisible entity pierced Junior to the marrow: the stubborn, vicious, psychotic, prickly-bur spirit of Thomas Vanadium, maniac cop, not satisfied to haunt the house in which he'd died, not ready yet to seek reincarnation, but instead pursuing his beleaguered suspect even after death, capering--to paraphrase Sklent like an invisible, filthy, scabby monkey here on this city street, in bright daylight..Junior closed his eyes at once and let his jaw sag, breathing through his mouth, feigning sleep.. "It seems it was his own idea, your majesty..".He first eased from aisle to aisle, but soon moved more quickly, convinced that the singer would be found beyond the next turn, and then the next. Was that her trailing shadow he had glimpsed, slipping around the comer ahead of him? Her womanly scent lingering in the air after her passage?. "I'm gonna dream about baby chickens," she told Celestina, "and if I'm all yellow, they'll think I'm one of them..".Celestina was maneuvered aside as the surgical team began resuscitation procedures. Stunned, she backed away from the table until she encountered a wall. In southern California, as dawn of this new momentous day looms..II. Otter..After following the blacktop fifty feet, Junior headed downhill through the close-cropped grass, between the tombstones. He switched on his flashlight and trod cautiously, for the ground sloped unevenly and, in places, remained soggy and slippery from the rain..From the floor, Junior snatched up the bottle of wine that had twice failed to shatter. His lucky Merlot.. "And to the north of us," Agnes said, drawing him out, "Janey

Carter went off to college last year, and she's their only child." His mother tried to explain. "It's as if you'd found some great jewel," she said, "and what's one of us to do with a diamond but hide it? Anybody rich enough to buy it from you is strong enough to kill you for it. Keep it hid. And keep away from great people and their crafty men!" By his twelfth month, he was toilet-trained, and every time that he had the need to use his colorful little bathroom chair, he proudly and repeatedly announced to everyone, "Barty potty." His leonine head and bold features, framed by golden hair, should have conveyed strength, but the impression he might have made was compromised by a fringe of bangs that curled across his forehead, a style unfortunately reminiscent of effete emperors of ancient Rome. Of the three Bartholomews that he'd turned up recently, he chose Prosser because, burdened by the name Enoch, Junior felt sympathy for any girl whose parents had cursed her with Zelda. "I haven't disturbed him," said the visitor, taking his cue from the doctor and keeping his voice low. AS MEANINGFUL AS Jacob's death had been within the small world of his family, Agnes Lampion never lost sight of the fact that there were more resonant deaths in the larger world before 1968 ended and the Year of the Rooster followed. On the fourth of April, James Earl Ray gunned down Martin Luther King on a motel balcony in Memphis, but the assassin's hopes were foiled when, because of this murder, freedom grew more vigorously from the richness of a martyr's blood. On June 1, Helen Keller died peacefully at eighty-seven. Blind and deaf since early childhood, mute until her adolescence, Miss Keller led a life of astonishing accomplishment; she learned to speak, to ride horses, to waltz; she graduated cum laude from Radcliffe, an inspiration to millions and a testament to the potential in even the most blighted life. On June 5, Senator Robert F. Kennedy was assassinated in the kitchen of the Ambassador Hotel in Los Angeles. Unknown numbers died when Soviet tanks invaded Czechoslovakia, and hundreds of thousands perished in the final days of the Cultural Revolution in China, many eaten in acts of cannibalism sanctioned by Chairman Mao as acceptable political action. John Steinbeck, novelist, and Tallulah Bankhead, actress, came to the end of their journeys in this world, if not yet in all others. But James Lovell, William Anders, and Frank Borman—the first men to orbit the moon—traveled 250,000 miles into space, and all returned alive. The spectral singer didn't exhibit her blood-and-bone sisters' reluctance to pursue her man. Solitude, however, was his preference. He found the sympathy of friends unbearable, a constant reminder that Perri was gone. Startled, Junior sat up straight, clutching the silencer-fitted pistol, but the cruiser didn't abruptly brake and pull to the curb in front of the Mercedes, as he expected. Before they set out for the amusement park, Agnes pulled him aside, held him close, and said, "Listen, kid of mine, I'm not giving up. Don't think I ever would. Let's have fun today. This evening, you and I and Angel will convene a meeting of the North Pole Society of Not Evil Adventurers—the girl had become the third member years ago" and all truths will be told and secrets known. "Agnes supposed Jacob trembled in anticipation of the crash of an airliner or at least a light aircraft. Edom might be calculating the odds that this serene place—at this specific hour—would be the impact point for one of those planet-killing asteroids that reputedly wiped most life off the earth every few hundred thousand years or so. Neighbors might not be home. And by the time he knocked, asked to use the phone, dialed ... Too great a waste of time. She might have attributed his problem to eyestrain from all the reading he'd done during the past few days. She might have put drops in his eyes, told him to leave the books alone for a while, and sent him into the backyard to play. She might have counseled herself not to be one of those alarmist mothers who detected pneumonia in every snuffle, a brain tumor behind every headache. Maria arrived early, expecting to assist with final details in the kitchen. Though honored to be a guest, she wasn't able to stand by with a glass of wine while preparations remained to be made. "Well," Kathleen said, "even if the money wasn't so nice, I'd be sorry to see this case end." Celestina hadn't noticed the infant being taken away. She had wanted to see it once more, even though she was sickened by the sight of it. "No, no. But being around him so much, inevitably I absorb some details. He's a compelling speaker when the subject interests him." The roses filling the countersunk vases in the corners of Joey's gravestone were not Edom-grown, but they were Edom-bought. He had visited the florist himself, personally selecting each bloom from the inventory in the cooler; but he didn't have the courage to accompany Agnes and Barty to the grave. "Even when I was a young boy," Tom continued, "the world felt a lot different to me from the way it looked to other people. I don't mean I was smarter. I've got maybe a little better than average IQ, but nothing I could brag about. Flunked geography twice and history once. No one would ever confuse me and Einstein. It's just, I felt ... such complexity and mystery that other people didn't appreciate, such layered beauty, layers upon layers like phyllo pastry, each new layer more amazing than the last. I can't explain it to you without sounding like a holy fool, but even as a boy, I wanted to serve the God who had created so much wonder, regardless of how strange and perhaps even beyond all understanding He might be." "Whatever you're paying here, that's what you'll pay for the new place," Lipscomb said. She approached the kitchen table and swept her hand across it, to emphasize its emptiness. No time for horror, disgust. Every second mattered now, and every minute might cost another life. It was then that village sorcery, and above all women's witchery, came into the ill repute that has clung to it since. Witches paid dearly for practicing the arts they thought of as their own. The care of pregnant beasts and women, birthing, teaching the songs and rites, the fertility and order of field and garden, the building and care of the house and its furniture, the mining of ores and metals—these great things had always been in the charge of women. A rich lore of spells and charms to ensure the good outcome of such undertakings was shared among the witches. But when things went wrong at the birth, or in the field, that would be the witches' fault. And things went wrong more often than right, with the wizards warring, using poisons and curses recklessly to gain immediate advantage without thought for what followed after. They brought drought and storm, blights and fires and sicknesses across the land, and the village witch was punished for them. She didn't know why her charm of healing caused the wound to gangrene, why the child she brought into the world was imbecile, why her blessing seemed to burn the seed in the furrows and blight the apple on the tree. But for these ills, somebody had to be to blame: and the witch or sorcerer was there, right there in the village or the town, not off in the warlord's castle or fort, not protected by armed men and spells of defense. Sorcerers and witches were drowned in the poisoned wells, burned in the withered fields, buried alive to make the dead earth rich again. Edom carried the honey-raisin pear pie, and Agnes toted Barty across the neatly cropped yard, to the front door. The bell push triggered chimes that played the first ten notes of "That Old Black Magic," which they heard distinctly through the glass in the door. "I mean," said Dr. Lipscomb, "that I'm selling my practice and putting an end to my medical career. I wanted you to know." He knocked the pepper shaker on its side, and then with a groan put it upright once more. On the counter beside the bathroom sink stood an open box of BandAids in a variety of sizes, a bottle of rubbing alcohol, and a bottle of iodine. On one wall hung an impressive array of gardening tools. In the corner was a potting bench. Glancing at her in the rearview mirror, the driver said, "Pretty exhilarating, huh? Your first big show?" Cradling the baby, the nun turned with it to Celestina, folding back a thin blanket to present her with a good look at the tiny girl. "Would you like a little

tea and a piece of crumb cake?" Grace asked as smoothly as if, in *The Big Book of Etiquette for Ministers' Wives*, this were the preferred response to the announcement of a startling career change..He pushed back the bedclothes and sat up, leaning against the pillows and headboard. "This is maybe a hard thing for you to do, but it's really important..In the living room, the central and largest window framed a magnificent view, and swagged silk brocatelle draperies framed the window. An oversize hand-painted and heavily gilded chaise lounge, upholstered in an exquisite tapestry, stood against this backdrop of city and silk, and Renee pulled Junior down upon the chaise, desperate to be ravished there..He repressed the scream, however, because he sensed that if he gave voice to it, he wouldn't be able to silence himself for a long long time.. "Yeah, but I've been thinking about that. If he feels some kind of responsibility ... then why did he ever represent Cain in the first place?".When he judged that he was near the porch steps, he probed with his cane. Two paces later, the tip rapped the lowest step.
