finished chewing a mouthful of food. "You make them all sound like millionaires," he commented. Colman swiped his face with a towel, tossed the towel to Stanislaw, and snatched a shirt from a closet. "Do me a favor and straighten out this mess," he said. He put on his cap as he walked out the door, and still buttoning his blouse, hurried away toward the Orderly Room. "And how about this?" Pernak said. "Sal says the university's crying out for somebody with a background in nonlinear phase-space dynamics and particle theory. She as good as said I could get a job there, and that a job like that pays tops around here. What do you think of that for a break?" than Micky's had been, only different. Hardship strengthens those it doesn't break, and already, at nine, it had grown in stages from constructions that began toward the end of the colony's first decade, by which time the Founders, having profited from reflections on some of their experiences at Franklin, had been more inclined to follow the bitter admonition offered by the machines, which had amounted to, "It's going to be an industrial complex. If you mess around with it, it won't work." The result was a clean, efficient, functional layout more in keeping with what the Kuan-yin's mission planners had envisaged, suitably modified where appropriate to take account of local conditions. Besides its industrial facilities, the complex included a seaport; an air and space terminal distributed mainly across the islands, which were interconnected by a network of tunnels; a college of advanced technology; and a small residential sector intended more to afford short- to medium-term accommodation for people whose business made it convenient for them to be in the vicinity than to house permanent inhabitants, although about half the population had been there for years. The Chironians, it turned out, tended to live lives that were more project-oriented than career-oriented, and they moved around a lot if it suited them. Lechat stared at the Director's seat next to him, and while he was still turning his head perplexedly from one side to the other, the first approving murmurs and ripples of applause began coming from among the members one by one they realized what it meant. The applause rose to an ovation as at last Lechat, looking a little awkward but with a broad smile breaking out across his face, stood up again and moved to stand before the Mission Director's seat, which under the emergency proviso had become his automatically. Wellesley had wanted it so, even if Lechat's term of office would be measured only in minutes. "had a chance, she won by cheating." At the top is a short hallway. And he always knew the answer to that one: No, we never panic. And she would say. "We're still the some people," Jay said from the end of the sofa, looking at his mother. "That's not going to change. If you're going to act dumb, you can do that anywhere." To Bernard's mild surprise Jay had shown a lively interest in the conversation all through dinner and had elected to sit in afterward. About time too, Bernard thought to himself. Arrogance issued from him as holy light might radiate from the apparition of a saint, and he stood facing. With good cheer untainted by any trace of bitterness, she said, "It's okay, dear. If the man who shot my." The Chironians on channel eight are requesting a report, sir. whenever he was admitted. Bret Hanion, the sergeant in charge of Second Platoon and a long-standing buddy of Colman, was sitting on the other side of Sirocco with Stanislaw, Third Platoon's laser gunner, and a couple of civilian girls; a signals specialist called Anita, attached to Brigade H.Q. was snuggling close to Colman ~with her arm draped loosely through his.
