"It's shared sight from all the other yours in all the other places, but you won't have to make any effort to hold on to it. No headaches. No problems ever. Merry Christmas, Daddy." Neddy's face didn't appear to be as pale as it had been earlier. An undertone of gray, possibly blue, darkened the skin. The dinner guest leaned back into the car, as though to retrieve something. Perhaps he, too, had been considerate enough to bring a small gift for his hostess. As kids living in a house that was run like a prison, stifled by the oppressive rule of a morose father who believed that any form of entertainment was an offense against God—they conducted secret card games as their primary act of rebellion. A deck of cards was small enough to hide quickly and to keep hidden successfully even during one of their father's painstakingly thorough room searches. "More than remorse," the magician said. "Shame. I come from good people. I wasn't raised to be a cheat. Sometimes, trying to figure how I went wrong, I think it wasn't the need for money that ruined me. At least not that alone, not even that primarily. It was pride in my skill with the cards, frustrated pride because I wasn't getting enough nightclub work to show off as much as I wanted to." He felt for the railing. Grasped at the empty air only briefly. Found the handrail. He climbed to the porch. This was not a ghost. This was not a walking dead man. This was something else, but until he knew what it was, who it was, the only person he could possibly look for was Vanadium. calm. He tried to imagine what Victoria's breasts would look like,

freed from all restraint. This morning, Damascus had left the house early, before Vanadium came downstairs, which was perfect for Junior's purposes. While the maniac cop was finishing his shave and shower, Junior crept upstairs to check his room. He discovered the revolver in the second of the three places that he expected it to be, did his work, and returned the weapon to the nightstand drawer in precisely the position that he had found it. Narrowly avoiding an encounter with Vanadium in the hall, he retreated to the ground floor. After some fussing over the most effective placement, he left the quarter and the luggage-just as Vanadium, the human stump, clumped down the stairs. Junior experienced an unexpected delay when the detective spent half an hour making phone calls from the study, but then Vanadium went into the kitchen, allowing him to slip out of the house and complete his work. "We were about to order dinner from room service," Tom said, handing a menu to Paul. Once satiated, what she desired was a reason to deceive herself into believing that she was not a slut, that she was a victim. She didn't really want to tell anyone what he had done to her. Instead, she was asking him, indirectly but indisputably, to provide her with an excuse to keep their passionate encounter secret, an excuse that would also allow her to continue to pretend that she had not begged for everything he'd done to her. Among themselves, the authorities spoke more often than not in murmurs. Or perhaps Junior was too distracted to hear them clearly. Indeed, the winter storm had dampened neither his hair nor his clothes. The rain appeared to slide away from him a millimeter before contact, as though the water and the man were composed of matter and antimatter that must either repel each other or, on contact, trigger a cataclysmic blast that would shatter the very foundation of the universe. He decided that he must never again kill so impetuously. Never. In fact, he vowed never again to kill at all, except in self-defense. Soon he would be rich-with much to lose if he was caught. Homicide was a marvelous adventure; sadly, however, it was an entertainment that he could no longer afford. Besides, he wasn't on the Greenbaum Gallery customer list and didn't have an invitation. Her strength was the strength of stones only in the sense that she felt as immovable as rock, yet she found the resources to raise one arm, to place her left hand over Maria's bead-tangled fingers. "But the baby's dead." "I'll always know your face," he promised. "Even if you have to go away and you're gone a hundred years, I'll remember what you looked like, how you felt." "We don't sell no pizza," Angel said, because lately they had received a few calls for a new pizzeria with a phone number one digit different from theirs. A pink spot in the center of Victoria's forehead marked the point of impact. Soon it would be an ugly bruise. The skull bone did not appear to have been cratered. Not many men wore hats these days. Since his teenage years, Nolly had favored a porkpie model. San Francisco was often chilly, and he began losing his hair when still young. If Junior had not been such a rational man, schooled in logic and reason by the books of Caesar Zedd, he might have snapped there in the street, before the photograph of Seraphim, might have begun to shake and sob and babble until he wound up in a psychiatric ward. But although his trembling knees felt no more supportive than aspic, they didn't dissolve under him. He couldn't breathe for a minute, and his vision darkened at the periphery, and the noise of passing traffic suddenly sounded like the agonized shrieks of people tortured beyond endurance, but he held fast to his wits long enough to realize that the name under the photo, which served as the centerpiece of a poster, read Celestina White in four-inch letters, not Seraphim. Tom stared at the girl's drawing-quite a good one for a child her age, rough in style, but with convincing detail-and if skin could be said to crawl, his must have moved all the way around his body two or three times before settling down again where it belonged. "Are these ... ?" Junior attended a New Year's Eve party with a nuclear-holocaust theme. Festivities were held in a mansion usually hung with cutting-edge art, but all the paintings had been replaced with poster-size blowups of photos of ruined Nagasaki and Hiroshima. In time, his hand tightened feebly on hers. And a while after that hopeful sign, his eyelids fluttered, opened. Dusk had arrived, strangling the day, and the throttled sky hung low, as blue-black as bruises. The streetlights had come on. Gouts of red light from pulsing emergency beacons alchemized the rain from teardrops into showers of blood. Lifted from his despair by this exhilarating wrath, Junior turned away from the mirror, looking for the bright side once more. Perhaps it was the bathroom window. In the kitchen were a radio, a toaster, a coffeepot, two place settings of cheap flatware, a small mismatched collection of thrift-shop plates and bowls and mugs, and a freezer full of TV dinners and English muffins. Murmuring reassurances, Celestina put a hand on the girl's head and smoothed her brow, her hair, until the sour dream was sweetened by the touch. As quick as a snake strikes, Vanadium was much closer to the bed than he had been when he tossed the coin, at Junior's side now, leaning over the railing. "Naomi was six weeks pregnant." With one tiny hand, Barty reached up for his mother. She gave him her forefinger, to which the sugar-bag boy clung tenaciously. Junior was educated. He wasn't merely a masseur with a fancy title; he had earned a hill bachelor of science degree with a major in rehabilitation therapy. When he watched television, which he never did to excess, he rarely settled for frivolous game shows or sitcoms like Gomer Pyle or The Beverly Hillbillies, or even I Dream of Jeannie, but committed himself to serious dramas that required intellectual involvement-Gunsmoke, Bonanza, and The Fugitive. He preferred Scrabble to all other board games, because it expanded one's vocabulary. As a member in good standing of the Book-of-the-Month Club, he'd already acquired nearly thirty volumes of the finest in contemporary literature, and thus far he'd read or skim-read more than six of them. He would have read all of them if he had not been a busy man with such varied interests; his cultural aspirations were greater than the time he was able to devote to them. This wasn't a new sensation. He had experienced it before. In the night just passed, when he awakened from an unremembered dream and saw the bright quarter dancing across Vanadium's knuckles. That night her sleep was deeper than it had been in a long time, deep as she had expected sleep would never be again, and she was not plagued by any dreams at all, not a dream of children suffering, nor of tumbling in a car along a rain-washed street, nor of thousands of windblown dead leaves rattling-hissing along a deserted street and every leaf in fact a jack of spades. Kid's room. Bartholomew's room. Furniture in cheerful primary colors. Pooh posters on the wall. Warily, Junior ventured into the gallery to make inquiries. He expected the staff to express utter bafflement at the name Celestina White, expected the poster to have vanished when he returned to the display window. wickedly sharp silver scimitar suspended by a filament more fragile than a human hair. The Bright Beach Library was open until nine on Friday evening. Arriving an hour before closing, they returned the Heinlein novels that Barty had already read and checked out the three that he wanted. In a spirit of optimism, they borrowed a fourth, Podkayne of Mars. On this morning in March, minutes after the pie caravan had departed, Edom got his Ford Country Squire out of the garage and drove to the nursery, which opened early. Spring was drawing near, and much work needed to be done to make the most of the rosarium that Joey Lampion had encouraged him to restore. He happily contemplated hours of browsing through plant stock, tools, and gardening supplies. Deciduous black oaks lined the street. All were leafless at this time of year, gnarled limbs clawing at the moon. Later, as Bonita and Francesca proudly served their mother's individually molded Christmas-tree-shaped servings of flan, which they themselves

had plated, Barty leaned close to his mother and, pointing to the table in front of them, said softly but excitedly, "Look at the rainbows!". She kicked off her shoes and sat beside him in bed, with her back against the headboard, still holding his hand. Even though this darkness wasn't as deep as Barty's, Agnes found that she was better able to control her emotions when she couldn't see him. "I think you must be sad, kiddo. You hide it well, but you must be.". Shaking her head, Celestina said, "I can only pay for a studio apartment, something small.". Lipscomb shifted his gaze from the street below to the source of the rain. "Phimie was not gone long, perhaps a minute-a minute and ten seconds at most-and when she was with us again, it was clear from her condition that the cardiac arrest was most likely secondary to a massive cerebral incident. She was disoriented, paralysis on the right side ... with the distortion of the facial muscles that you saw. Her speech was slurred at first, but then something strange happened. . .". "Living high. When I wasn't on the road, I had a fine house here in Bright Beach, not this rental shack I'm in now, but a nice little place with an ocean view. You can guess what went wrong.". As mentally demanding and stressful as it was to maintain this borrowed sight, the harder thing was looking once more upon her face, after all these years of blindness, only to see her gaunt, so pale. The vital, lovely woman whose image he had guarded so vigilantly in memory would be nudged aside hereafter by this withered version.. In his smooth whiteness, Junior felt a pressure on his eyes, and then came visual hallucinations, disturbing his deep inner peace. He felt someone peel up his eyelids, and Bob Chicane's worried face-with the sharp features of a fox, curly black hair, and a walrus mustache-was inches from his.. Easter still lay a few weeks away, but already Celestina had begun decorating more than a hundred baskets, so that nothing would need to be done at the last minute except add the candy. Her living room was a warren of baskets, ribbons, bows, beads, bangles, shredded cellophane in green and purple and yellow and pink, and decorative little plush-toy bunnies and baby chicks.. "This is most incommensurate," Junior said, recalling the word from a vocabulary-improvement course, without need of ice applied to the genitals.. In his masterpiece The Beauty of Rage: Channel Your Anger and Be a Winner, Zedd explains that every fully evolved man is able to take anger at one person or thing and instantly redirect it to any new person or thing, using it to achieve dominance, control, or any goal he seeks. Anger should not be an emotion that gradually arises again at each new justifiable cause, but should be held in the heart and nurtured, under control but sustained, so that the full white-hot power of it can be instantly tapped as needed, whether or not there has been provocation.. AFTER UNDERGOING TESTS for brain tumors or lesions, to ascertain whether his seizure of violent emesis might, in fact, have a physical cause, Junior was returned to his hospital room shortly before noon.. Magusson was a small man behind a huge desk. His head appeared too large for his body, but his ears seemed no bigger than a pair of silver dollars. Large protuberant eyes, bulging with shrewdness and feverish with ambition, marked him as one who'd be hungry a minute after standing up from a daylong feast. A button nose too severely turned up at the tip, an upper lip long enough to rival that of an orangutan, and a mean slash of a mouth completed a portrait sure to repel any woman with eyesight; but if you wanted an attorney who was angry at the world for having been cursed with ugliness and who could convert that anger into the energy and ruthlessness of a pit bull in the courtroom, even while using his unfortunate looks to gain the jurors' sympathy, then Simon Magusson was the counselor for you.. Too late for interrogation now, with Vanadium bludgeoned into eternal sleep and resting under many fathoms of cold bedding.. They ordered martinis, and when Kathleen, perusing a menu, asked her husband what looked good for dinner, he suggested, "Oysters?". Tom knew only three of the eight. Grace White, Angel, and Paul Damascus. The others were introduced quickly by Celestina. Agnes Lampion, their hostess. Edom and Jacob Isaacson, brothers to Agnes. Maria Gonzalez, best friend to Agnes. And Barty.. Agnes drew him into her arms and lifted him off the desk and embraced him tightly, with his head on her shoulder and his face nestled against her neck, as she'd held him when he was a baby.. The two men introduced themselves. The physician was Dr. Jim Parkhurst. His manner was easy and affable, and his soothing voice, either by nature or by calculation, was as healing as balm.. You ever hear it, Enoch? I'm that someone for you, of course, in a romantic sense.. After his conversation with Magusson, however, Junior realized this fear was irrational. If the detective had miraculously escaped the cold waters of the lake, he would have been in need of emergency medical treatment. He would have staggered or crawled to the county highway in search of help, unaware that Junior had framed him for Victoria's murder, too badly wounded to care about anything but getting medical attention.. Tossing the knave onto the table, Agnes said, "Barty doesn't seem too impressed with this devil..". These would no doubt be cloyingly sentimental paintings of the bastard boy, with impossibly large and limpid eyes, posed cutely with puppies and kittens, pictures better suited for cheap calendars than for gallery walls, and dangerous to the health of diabetics.. "Why? What was he going to get out of it?". He already had the pistol he had taken from Frieda Bliss's collection, but it didn't come with a sound-suppressor. He was preparing for all contingencies. Focus.. "That's the roaster tower," said Licky. "Where they cook the cinnabar to get the metal from it. Roasters die in a year or two. Where to, dowser?". Worried that tears would frighten Barty, that indulging in a few would result in a ruinous flood, Agnes held back the salt tides. A mother's duty proved to be the stuff from which dams were built.. Waste of time to check those places. More likely, woman and boy were hiding in the last room.. She slept for a while, waking to a prayer spoken softly but fervently in Spanish.
