The whole planet, he realized as he reflected on it, was a powerhouse of progress, unchecked by any traditions of unreason and with no vested-interest obstructionists to hold it back. If the pattern continued until Chiron became a fully populated world, it would effectively leave Earth back in the Stone Age within a century. "Have you actually flown it anywhere yet?" he asked, turning his head toward Kath. "The Kuan-yin . Has it been anywhere since it arrived in orbit here?".Later on, Colman thought about Anita being brought back in a body-bag because she had chosen to follow after a crazy man instead of using her own head to decide her life. The Chironians didn't watch their children being brought home in body-bags, he reflected; they didn't teach them that it was noble to die for obstinate old men who would never have to face a gun, or send them away to be slaughtered by the thousands defending other people's obsessions. The Chironians didn't fight that way..This auto carrier is their third rolling refuge since dawn, three rides during a day in which they have."Of course it is.', Jay sighed wearily. "Exactly.".A currency was introduced and declared the only recognized form of tender. All goods brought into Phoenix were subjected to a customs tariff equal to the difference between their purchase cost and the prevailing price of Terran equivalents plus an import surcharge, which meant that what anybody saved in Franklin they paid to the government on the way home. Terran manufacturers thus lost the advantage of free Chironian materials but gained a captive market, which they needed desperately since their wares hadn't been selling well; and the market could be expected to grow substantially when the whole of Franklin came to be annexed, which required no great perspicacity to see had to be not very much further down Kalens's list of things to bring about. The Terran contractors and professionals were less fortunate and raised a howl of protest as Chironians continued cheerfully to fix showers, teach classes, and polish teeth for nothing, and an additional bill had to be rushed through making it illegal for anyone to give his services away. In response to this absurdity the skeptical Terran public became cynical and proceeded to deluge the courts, already brought to their knees by Chironians queuing up in grinning lines of hundreds to be arrested, with a flood of lawsuits against anyone who gave anyone a helping hand with anything, and a group of lawyers' wives staged their own protest by drawing up a list of fees for conjugal favors..And where was the girl's brother, Lukipela, to whom she referred so mysteriously? Was he Preston.Kath switched on her impish smile again. "That's all I'm prepared to say," she replied. "For now, anyway. I just thought you'd like to hear it."
