Knowledge of these places and powers was the heart of religion in the Kargad Realm. In the Archipelago, the lore of the Old Powers was still part of the profound, common basis of thought and reverence. On all the islands, the arts mostly practiced by witches, such as midwifery, healing, animal husbandry, dousing, mining and metallurgy, planting and growing spells, love spells, and so on, often invoked or drew upon the Old Powers. "Are you there, my dear?" said the traveler. He spoke in the Old Speech, the Language of the Making. He made out the big head more by touch than sight, stroking the silken dip between her eyes, scratching her forehead at the roots of the nubbin horns. "Beautiful, you are beautiful," he told her, breathing her grassy breath, leaning against her large warmth. "Will you lead me, dear Ulla? Will you lead me where I need to go?" "I'll keep the door," Medra said. "Being lame, I won't go far from it. Being old, I'll know what to say to those who come. Being a finder, I'll find out if they belong here." "You're here, it adds up, you see. It adds up. Well! But listen here, did you just run off from the him. Gelluk was powerful, masterful, strange, yet he had set him free. For the first time in weeks. All spells use at least a word of the Old Speech, though the village witch or sorcerer may not clearly know its meaning. Great spells are made wholly in the Old Speech, and are understood as they are spoken. pit us one against the other, for their gain not ours. We sell em our power. Why do we? If we went. "I think Irian of Way may have come to us seeking not only what she needs to know, but also what we need to know." The Doorkeeper's tone was equally sober, and his smile was gone. As soon as Rose got there, Diamond said, "He wants me to go study with Master Hemlock!" "You must find the true womb, the bellybag of the Earth, that holds the pure moonseed. Did you white seabird beat its wings up from the black water and flew, frail and desperate, to the north." "What's Alder paying you for all this?" she demanded while the water was heating. Seems there's no harm in a curer. Heal the foot rot, clear a caked udder. That's all fine. But cross one and there you are, fire and shadows and curses and falling down in fits. Uncanny. Always was uncanny, that one. Where'd he come from, anyhow? Answer me that. Master Hemlock's house and presence. He felt a little dead. Not dead, but a little dead. Crow had stocked the boat with better wares than most householders of the Isles were

It was known that they would trade for books, if the books were old and uncanny. But in the Isles all books were old and all uncanny, what there was of them.. "He drinks because he drinks," she said. I won't put a semblance-spell on you till we're on Roke." "Now the King is in my body, the noble guest of my house. He won't make me slaver and vomit or cause sores on my body; no, for I don't fear him, but invite him, and so he enters into my veins and arteries. No harm comes to me. My blood runs silver. I see things unknown to other men. I share the secrets of the King. And when he leaves me, he hides in the place of ordure, in foulness itself, and yet again in the vile place he waits for me to come and take him up and cleanse him as he cleansed me, so that each time we grow purer together." The wizard took Otter's arm and walked along with him. He said, smiling and confidential, "I am one who shits moonlight. You will not know another such. And more than that, more than that, the King enters into my seed. He is my semen. I am Turren and he is me..." He had not planned or intended any such adventure, but crazy as it was, it suited him better the more he thought about it. The prospect of spending the long grey winter at Westpool sank his spirits like a stone. There was nothing here for him except the girl Dragonfly, who had come to fill his thoughts. Her massive, innocent strength had defeated him absolutely so far, but he did what she pleased in order to have her do at last what he pleased, and the game, he thought, was worth playing. If she ran away with him, the game was as good as won. As for the joke of it, the notion of actually getting her into the School on Roke disguised as a man, there was little chance of pulling it off, but it pleased him as a gesture of disrespect to all the piety and pomposity of the Masters and their toadies. And if somehow it succeeded, if he could actually get a woman through that door, even for a moment, what a sweet revenge it would be! He looked up suddenly. The sheep, who had been grouped near the stile, were scurrying off, and someone was coming along the path from the Great House.. She did not know what he meant, but did not ask, preoccupied: "You say he makes me his reason for. was only a cal. I was with a six, you see, but it got awfully bottom. The orka was no good and. After a while she heard the latch rattle. The door opened. An ordinary-looking middle-aged man stood there. "What can I do for you?" he said. He did not smile, but his voice was pleasant.. "I'm not really good on the fife, but I'm good enough. What you didn't teach me, I can fill in with a spell, if I have to. And the band, they're all right. Labby isn't as bad as he looks. Nobody fools with me. We make a pretty good living. Winters, I go stay with Mother and help her out. So I'm all right. What about you, Di?". up on quick, laboring wings to the top of the cliffs.
