At this extreme end of town, no streetlamps lit the pavement. With only moonlight to reveal him, he wasn't likely to be recognized if anyone happened to glance out a window..He could recall clearly when he had known that he would marry her: during his first year of college, when he'd returned home for the Christmas break. Away at school, he had missed her every day, and the moment that he saw her again, an abiding tension left him, and he felt at peace for the first time in months..When he killed the Bartholomew, this haunting would finally end, too. In Junior's mind, Vanadium and Bartholomew were inextricably linked, because it was the maniac cop who first heard Junior calling out Bartholomew in his sleep. Did that make sense? Well, it made more sense at some times than at others, but it always made a

lot more sense than anything else. To be rid of the dead-but-persistent detective, he must eliminate Bartholomew. The galerieur's icy demeanor thawed marginally at this proof of taste and financial resources. He either smiled or grimaced at a vague but unpleasant smell-hard to tell which-and identified himself as the owner, Maxim Coquin. The port-wine birthmark appeared to be darker than before and differently mottled than he remembered it. Without sigh or complaint, he would walk back to her with the purse. The errand was no trouble. In fact, returning the purse would give him a chance to get another good-night kiss. Tom removed the lid. No beer, one head. Simon Magusson's severed head lay faceup on the ice, mouth open as though he were standing in court to object to the prosecution's line of questioning. A trickster, this detective. Full of taunts and feints and sly stratagems. Psychological-warfare artist. On January 1, 1966, five days before Barty's first birthday, Agnes discovered him, in his playpen, engaged in unusual toe play. He wasn't simply, randomly tickling or tugging on his toes. Between thumb and forefinger, he firmly pinched the little piggy on his left foot, and then one by one pinched his way to the biggest toe. His attention shifted to his right foot, on which he first pinched the big toe before systematically working down to the smallest. Over generous slices of Black Forest cake and coffee, Jacob at first held forth on the explosion of a French freighter, carrying a cargo of ammonium nitrate, at a pier in Texas City, Texas, back in 1947. Five hundred and seventy-six had perished. Vanadium couldn't know the whereabouts of the quarter. Besides, even when he'd swung the lunch tray over Junior's lap, the detective hadn't been close enough to pick the pocket of the robe. I got Starkweather, killing all those people with no hope of personal gain. You got maniac cops and this new war in Vietnam. He was as solid as any boy. He was in the day but not in the rain. He was moving toward the back of the car. "Yeah, but I've been thinking about that. If he feels some kind of responsibility ... then why did he ever represent Cain in the first place?" Grace and Celestina fell at once into the rhythms of kitchen work, not only brewing the coffee, but also helping Agnes with the pies. "Water can break?" Maria asked, looking toward the faucet at the kitchen sink. She sighed. "I have so much to be learned." In a neatly groomed neighborhood of unassuming houses, Vanadium's place was as unremarkable as those around it: a single-story rectangular box of no discernible architectural style. White aluminum siding with green shutters. An attached two-car garage. Once, she left the TV and came to Tom, where he sat talking with Paul. "It's like Gunsmoke and The Monkees are next to each other on the TV, both at the same time. But the Monkees, they can't see the cowboys-and the cowboys, they can't see the Monkees." "You're heaven-sent," Grace assured Paul at breakfast Saturday morning. "With all your stories, you lifted our hearts when we most needed to be lifted." Indeed, as Celestina and the kid reached the foot of the steps to this second house, Bartholomew pointed, and the woman turned to look back. She appeared to stare straight at the Mercedes, though the fog made it impossible for Junior to be sure. When Agnes and Paul returned from a honeymoon in Carmel, they discovered that Edom had finally cleared out Jacob's apartment. He donated his twin's extensive files and books to a university library that was building a collection to satisfy a growing professorial and student interest in apocalyptic studies and paranoid philosophy. Sparky Vox-with less training in theology and philosophy than his guest, but with a spiritual insight that any overeducated Jesuit would have to admire, even if grudgingly-had settled Vanadium's uneasy conscience. "The problem with movies and books is they make evil look glamorous, exciting, when it's no such thing. It's boring and it's depressing and it's stupid. Criminals are all after cheap thrills and easy money, and when they get them, all they want is more of the same, over and over. They're shallow, empty, boring people who couldn't give you five minutes of interesting conversation if you had the piss-poor luck to be at a party full of them. Maybe some can be monkey-clever some of the time, but they aren't hardly ever smart. God must surely want us to laugh at these fools, because if we don't laugh at 'em, then one way or another, we give 'em respect. If you don't mock a bastard like Cain, if you fear him too much or even if you just look at him in an all-solemn sort of way, then you're paying him more respect than I ever intend to. Another glass of wine?". The odds against this phenomenal eleven-card draw must be millions to one, which seemed to give the predictions validity. Among Junior's many gifts, his ability to focus might have been the most important. Bob Chicane, his former instructor in matters meditative, had called him intense and even obsessive, following the painful incident involving meditation without seed, but intensity and obsession were false charges. Junior was simply focused. Frowning at him, she said, "You don't mind them around, do you, Joey? They're eccentric, but I love them very much. If he woke, however, and saw her sitting vigil, Barty would understand how terrible his condition might be. CLOUDS SWARMED THE late-afternoon sun, and the Oregon sky grew sapphire where still revealed. Cops gathered like bright-eyed crows in the lengthening shadow of the fire tower. deodar cedars with layers of drooping branches surrounded the place, and usually they seemed sheltering, but now they loomed, ominous. Rising from the chair and approaching the bed, the detective kept turning the quarter without hesitation. "She was a very sweet girl. Very romantic. Her diary's full of rhapsodies about married life, about you. She thought you were the finest man she'd ever known and the perfect husband." Nolly shuddered. "The wilds of Oregon. I don't intend ever to go there until it's civilized." He found nothing especially gratifying, switched off the lights, and moved on to the living room. If Cain was coming home, he could glance up from the street and see lights ablaze here, so Vanadium resorted to a small flashlight, always carefully hooding the lens with one hand. "Yes?" the silver-haired eminence replied, wrinkling his nose as though he suspected that this customer would ask if the display pedestal was included in the price. The night that followed might as well have been a night in Hell, though a hell in which Satan provided an electrolytically balanced beverage. In the cab, pulling into traffic, the driver said, "The mister tells me you're the star of the show tonight." Kathleen expected this would prove to be true. She herself was not frightened by Thomas Vanadium's appearance; but then she had been prepared for it before she first saw him. And she wasn't a murderer, fearful of retribution, to whom this particular face would seem like Judgment personified. Tom had no idea who Perri might be, but something in the way Grace asked the question and the way she regarded Paul suggested that she knew something about Perri that had won her deep respect and admiration. She proceeded down the shadowy center aisle, genuflected at the chancel railing, and went to the votive rack. "I think we could wind up as crazy as he is, if we tried long enough to puzzle out his twisted logic." Not all of the pins were knocked to the shear line with a single pull of the trigger. Three pulls were the minimum required, sometimes as many as six, depending on the lock.
