"Perhaps we could propose a goodwill exchange visit," Stern suggested. "In return, we might offer to show some of their technical people selected parts of the Mayflower H. A legitimate cover would be desirable." Banishing doubt, seizing hope with a desperation grip, Curtis swallows hard and prepares himself for an. "Exactly what I was thinking," Wellesley commented, nodding. "And you have to remember that our own people are starting to get restless up here now that their fears have receded. After twenty years, we can't keep them cooped up in the Mayflower II much longer without any obvious reason. They've got accommodations prepared by the space-base at Franklin. I'm inclined to say we should start moving the first batches down. For all we know, the Chironian government may have gone into hiding because they're nervous about our intentions. It might be a good way of enticing them to come out again." Chapter 2. synchronized spirit to spirit. Bernard was rubbing his lip slowly as he thought about it. He caught Lechat's eye and appeared worried. "The message would have to go out live from there," he said slowly. For the curtain that was falling away was the backcloth of the stage upon which the dolls had danced. And as the backcloth fell and the strings fell with it, the dolls were dancing on. The dolls were dancing without the strings because there were no strings. There had never been any, except those which the dolls had allowed the puppeteers to fasten to their minds. But those strings had held up the puppeteers, not the dolls, for the puppeteers were falling while the dolls danced on. CHAPTER EIGHTEEN. commotion. anger. A few yards away from them, Corporal Swley paid no heed as he stood by Fuller and Batesman, who were comparing notes on the best bars so far in Franklin; and watched an aircraft descending slowly toward the large island out in the estuary. He couldn't see any reason why travel shouldn't come free on Chiron, just like everything else, and wondered what kinds of connections could be made from Port Norday to the more remote reaches of the planet. Interesting. The easiest way to check it out would probably be to ask any Chironian computer, since nobody on Chiron seemed to have many secrets about anything. Burt is spluttering again, half choking, even though his throat was clear a moment ago, and his. Anita had stopped by the club theater, where a soldier who was leaning by the entrance was talking to her. She slipped an arm through his and laughed something in reply. "About as much as that." Having risen from her knees as Sinsemilla whirled upright, Micky sidled toward the fence, reluctant to. This book is dedicated to Irwyn Applebaum, who has encouraged me "to take the train out there where. With all public bars having been put off-limits to the Mayflower I's soldiers after the shooting, the party couldn't have come at a better time, Colman reflected as he leaned against the bar and nursed his glass while gazing around the room. Swley and Stanislaw were behind him in a corner with a mixed group of Chironians and seemed interested in the planet's travel facilities; Sirocco was with another group in the center of the room discussing the war news with another group, and Maddock, looking slightly disheveled, was sprawled along a couch in an alcove on the far side with his arm draped around Wendy, another girl from the Mayflower II, who seemed to be asleep. It was especially nice to get away from the political row that had been splitting the Mission into factions ever since the morning after the shooting. Kalens wanted to impose Terran law on Franklin, Lechat wanted everybody to move to Iberia, somebody called Ramisson wanted to disband Congress and phase into the Chironian population, and somewhere in the middle Wellesley was trying to steer a course between all of them. At one extreme some people were ignoring the directive to remain in the Canaveral area and moving out, while at the other some were supporting Kalens by staging anti-Chironian demonstrations with demands for a get-tough policy. Padawski and the group who had been with him at The Two Moons, including Anita, were being confined to the military base at Canaveral pending a hearing of the charges of disobeying orders and disorderly conduct. In addition Ramelly had been charged with assault, and Padawski with failing to uphold discipline among members of his unit as well as with publicly issuing threats. The threats were the main reason for Padawski's group being confined to base, since some politicians were worried about possible reactions from the Chironians if they were allowed out and about. Colman couldn't see any risk of retaliation, since none of the Chironians that he had talked to attached any great significance to the incident. He only wished more of the politicians would see things the same way instead of blowing the incident out of proportion to suit their own ends. If they had stayed out of the situation and left the Army to deal with its own people in its own way, the whole thing would probably have been forgotten already, he

thought to himself.. "Why would you think so?". Wellesley shook his head firmly. "Not if you, re talking about roughing up people in the streets. It would undo everything we've achieved." "They do the same thing all the time, from when they quit school to when they retire," Ci reminded her mother..only the previous evening, over dinner. . . . "It's not So bad. Things like that don't happen all the time--in fact, hardly ever. Just sometimes.. .". Grimacing, Leilani said, "Worming?". Bernard shook his head, mystified, and started asking questions again. "Just do it," Kath said, cutting him off. "There might not be much time.".. terror, wails of anguish. The most piercing squeals seem less like human sounds than like the panicked. Colman sighed. "It's not anything like that. It's just--" Anita waved a hand in front of her face. "It's okay. You don't want me around... you don't want me around. It's okay." Her voice was staging to rise and fall singsong fashion. "Who says I need anybody to have a good time, anyhow? I'm fine, see. It's okay You and lay can go talk about brains and trains." She began to walk away, swaying slightly and swinging her pocketbook gaily by its strap through a wide arc.. river runs wild, and suddenly we're caught up in a flood.
