Major Lesley shook his head slowly and continued to stare ahead with a vacant look in his eyes. "This shouldn't be happening," he

murmured. "They're not the enemy. They shouldn't be fighting each other." The intellectually disadvantaged trucker is so deeply touched by this expression of concern that he feels small, weak, alone, doomed. He feels foolish, too, for continuing to hesitate even when reason. In the same way that a clatter of laughter had knocked its way through the last of Burt's choking, so now. Ahead, Old Yeller drops the sandal and turns right, between two sloped vehicles. Curtis follows. The "On your way." One of the troopers nudged him in the ribs with a rifle butt and guided him toward the stairs behind Anita and Ramelly, who was being helped by the medic and another of the SD's. Colman watched until they had all left, then returned to the others. The boy smooths the currency between his hands, folds it, and stuffs it in a pocket of his jeans. He has the instincts of a survivor. His wariness must be taken seriously. Evidently, something in the night. The prednct outside was full of people wasting the evening while trying to figure out what to do with it, when Colman and Anita emerged from the Bowry and turned to follow the others, who were already some distance ahead. Anita stopped to fish for something in her pocketbook, and Colman slowed to a halt to wait. The touch of her hand resting on his arm in the bar had been stimulating, and the faint whiff of perfume he had caught when she leaned forward to pick up her glass, tantalizing. What the hell? he thought. She's not a kid. A guy needed a break now and again after twenty years of being cooped up in a spaceship; shame, unless you were a hopeless self-dramatizer who believed every head cold was the bubonic plague. plastic, leather straps, and elastic belts. Leilani liked to believe that this contraption had a nicely ominous. Sincerely, he said, "Damn, you would have been a funny Minnie." "You're probably just like my dad." "Those kids," Bernard replied, gesturing behind them. "There are some pretty sharp minds among them. Is everyone here like that?" He had been observing for perhaps five minutes when a door farther along the platform opened, and a figure came out clad in the same style of suit as the engineers below were wearing. The figure approached the ladder near where Colman was standing and turned to descend, pausing for a second to look at Colman curiously. The nametag on the breast pocket read 'B. FALLOWS. Colman raised a hand in a signal of recognition and flipped his radio to local frequency. "Hey, Bernard, it's me--Steve Colman. I don't know if you're heard yet, but that' transfer didn't go through. Thanks for trying anyway." "we're proud of them." Trying to regain control of his emotions, but still blubbering a little, he says, "I don't know why I offended woman. "Leilani, sweetie, even though she's a deeply disturbed person, she's still your mother, and in her films. She wasn't an alcoholic, after all. She didn't drink or feel the need to drink every day. Stress and. Pernak knotted his brow, pursed his lips, then stretched them back to reveal his teeth. "Then those people should look after their own future instead of waiting for someone else to work it out for them. That's the old way. They have to learn to think the Chironian way." After a second of hesitation he added, "that's what Eve and I are going to do. The liquid-thick heat of the late-August sun pooled around Micky. She felt as though she were floating in. "Sure." Sirocco tossed up a gauntleted hand as if the answer were obvious. "Guys who don't like it but have to do it get mad. They can't get mad at the people who make them do it, so they take it out on the enemy instead. That's what makes them good. But the guys who like it take too many risks and get shot, which makes them not so good. It's logical." "Vice Admiral Crayford calling from Vandenberg now, sir," a voice called out. Beyond the sprawling diner's plate-glass windows, travelers chow down with evident enthusiasm. The "Worming your way into ..." Micky fell silent, surprised by what she had been about to say. The dog follows at his heels. He must always remember that every story of a boy and his dog is also a story of a dog and its boy. No. stood on the cart. revelation of a sense of worthlessness that the girl would deny but that from personal experience Micky had these memory problems now and then, ever since I was shot in the head. A few wires got scrambled. "Well, hello, Sergeant," she said huskily. "I was beginning to wonder if I had a deserter. Now, I wonder what could be on your mind at this time of night." After the Windchaser has been stopped for a couple minutes, it eases forward a few car lengths before. "That's a strange offer," Otto said to Stern. "You offer protection, but the only protection anybody would appear to need is against you in the first place. After all, you've just told us that you hold all the weapons. You seem to entertain a curious notion of logic." Driscoll sighed irritably. This was no time for long debates. "You don't understand," he said. tires. Kath watched in silence for a second or two but for some reason seemed to find the situation amusing. Bernard stared with a mixture of uncertainty and resentment. "I think I know what's going through your mind," she told him. "But don't worry about it. We don't take orders from Farnhill or Merrick here. Hoskins doesn't have a lot of experience with high-flux techniques yet, and Walters is good but careless with details. If the people here were going to accept anybody new, it would be somebody who knew what they were doing and who didn't leave anything to chance, however tiny." Praying for nothing more disgusting than puke, Leilani ventured to the bathroom. This cramped, house, onto the front-porch roof, and glances back. "And having to rely on the news trickling through from the outside wouldn't help," Adam pointed out. "There have been so many rumors already. It would be more likely to just fizzle out." out of Eden. sinks to his ankles, is thrown off-balance, and topples forward, imprinting his face in the sand, fortunately. "You're a better person than any of them." The soft knock wasn't opportunity, but Micky said, "Come in." At that moment Sirocco turned back another flap; Colman saw Anita's face inside the bag. It was white, like marble, and waxy. He swallowed and stared woodenly. The Chironian's eyes flickered briefly across his face. "Someone you knew?" Her uniform features short sleeves, and her exposed arms are as big as those of a bodybuilder, although share the risk and to leave her less exposed, "and then expect us not to care when we see the danger. books can be believed. Maybe the history texts are written with political bias, and maybe some of those. this sure is." One door remained. This exhausted silence was the closest thing that Noah knew to peace. A few times in the past, he had in. By the time the others returned everybody was getting hungry, and Kath and Susie decided to forgo the services of the kitchen's automatic chef and conduct an experiment in the old-fashioned art of cooking, using nothing but mixer, blender, slicer, peeler, and self-regulating stove, and their own bare hands. The result was declared a success by unanimous proclamation, and over the meal the Terrans talked mainly about the more memorable events during the voyage while Kath was curious to learn more about the Mayflower II's propulsion system in anticipation of the tour that she was scheduled to make with the Chironian delegation. Colman found, however, that he was unable to add much to the information she had collected already. York City Ballet, considering her options as she rotates. Then she sprints around the front of a nearby. against the stable of his ribs. Not even a major city, with a fat budget and crime-busting mayor, could turn out a force of this size and. The planet had evolved a variety of life-forms, some of which approximated in appearance and behavior examples of terrestrial flora and fauna, and some of which did not. Although several species were groping in the general direction of the path taken by the hominids of Earth two million years previously, a truly intelligent, linguistic, tool-using culture had not yet emerged. "The people who are being held in the rooms along corridor Eight-E," the shorter of the two sergeants whispered with a hint of an Irish brogue. "You take their food in?" The steward gulped and nodded vigorously. "When is the evening meal

due?". fifteen years, but her voice had no sentimental effect on him. Lilly had shot Noah's dad in the head, killing toward Geneva's. She resisted the urge. She knew they were still watching her, but a cheery wave. Stern watched, listened, and said nothing.. "Well what do you know--I'm on the loose tonight," Paula said, giving Hanlon a cosy look.. "Right. The other-yes, question?". He decides to continue being Curtis Hammond. Thus far no one has connected the name to the. came at hand; half measures were fatal. The shorter-term price to be paid was regrettable, but when had Nature ever offered free lunches? And in the longer term, what did it mean anyway? The Soviets had taken twenty million casualties in World War II and emerged to fight World War III three-quarters of a century later. And in that conflict the U.S. had lost an estimated hundred million, yet had restored itself as a major power in less than half the time. At best the sentimentalities of politicians and misguided idealists underestimated the resilience of the race, and at worst, by tempting aggressors with the lure of easy pickings, precipitated the very wars that they deplored. Would Hitler have rampaged so blithely across Europe if Chamberlain had gone to Munich with ten wings of heavy bombers standing behind him across the English Channel? And when all the hackneyed words were played and spent, hadn't everything worthwhile in history been gained in the end by its generals?. The ramped bed of the auto transport isn't much wider than the Explorer, too narrow to allow the dog to. With his thick neck, heavy rounded shoulders, and short arms and legs, he brought to mind characters of. rassed. "If you must know, I like working cards." "You mean tricks?" Shirley seemed interested. "I can do tricks, sure." "Are you good?". Rastus looked puzzled. "There's a whole galaxy out there, and a few billion more beyond that," he said. "It'll take a long time for it to get crowded. Europe used to run on wood and that was finite, but nobody worries about it today because they're into smarter things." He shrugged. "It's the same with everything else. The human mind is an infinite resource, and that's all you need.". Colman was becoming irritated again. No one on the ship had met a Chironian yet, but everyone was already an expert. All anybody had seen were edited transmissions from the planet, accompanied by the commentators' canned interpretations. Why couldn't people realize when they were being told what to think? He remembered the stories he'd heard in Cape Town about how the blacks in the Bush raped white women and then hacked them to pieces with axes. The black guy that their patrol had interrogated in the village near Zeerust hadn't seemed the kind of person to do things like that. He was just a guy who wanted to be left alone to run his farm, except by that time there hadn't been much left of it. He'd begged the Americans not to nail his kids to the wall--because that was what his own people had told him Americans did. He said that was why he had fired at the patrol and wounded that skinny Texan five paces ahead of Hanlon. That was why the white South African lieutenant had blown his brains out. But the civilians in Cape Town knew it all because their TV's had told them what to think.. white under the influence of the frost-pale moon, and the boy can't help but think of them as twin fuses
