Friday morning, Junior resigned his position as a physical therapist at the rehabilitation hospital. He expected to be able to live well off interest and dividends for the rest of

his life, because his tastes were modest.. "By law, adoption records are sealed and so closely guarded that you'd have an easier time acquiring a complete roster of the CIA's deep cover agents worldwide than finding this one baby..". "Forget Barty's tree for a second and imagine that all these many worlds are like stacked slices of Swiss cheese. Through some holes, you can see only the next slice. Through others, you see through two or three or five slices before holes stop overlapping. There are little holes between stacked worlds, too, but they're constantly shifting, changing, second by second. And I can't see them, really, but I have an uncanny feel for them. Watch closely..". "Stop it, stop it! " Agnes, only ten years old, slender and shaking, but wild with righteousness, until now held in thrall by her own fear, by the memory of all the beatings that she herself has taken. She screams at their father and strikes him with a book she's brought from the house. The Bible. She strikes their father with the Bible, from which he's read to them every night of their lives. He drops the roses, tears the holy book out of Agnes's hands, and pitches it across the yard. He rakes up a handful of the scattered roses, intending to make his son resume this dinner of sin, but here comes Agnes once more, the Bible recovered, brandishing it at him, and now she says what all of them know to be true but what none of them has ever dared say, what even Agnes herself will never again dare to say after this day, not while the old man lives, but she dares to say it now, holding the Bible toward him, so he can see the gold-embossed cross upon the imitation-leather cover. "Murderer," Agnes says. "Murderer " And Edom knows that they're all as good as dead now, that their father will slaughter them right here, right this minute, in his rage. "Murderer," she says accusingly, behind the shield of the Bible, and she doesn't mean that he is killing Edom, but that he killed their mother, that they heard him in the night, three years before, heard the short but awful struggle, and know that what happened was no accident. Roses fall from his skinned and pierced hands, a flurry of petals yellow and petals red. He rises and takes a step toward Agnes, his dripping fists crimson with his blood and with Edom's. Agnes doesn't back away, but thrusts the book toward him, and scintillant sunlight caresses the cross. Instead of tearing the book out of her hands again, their father stalks away, into the house, surely to return with club or cleaver ... yet they will see no more of him this day. Then Agnes-with tweezers for the thorns, with a basin full of warm water and a washcloth, with iodine and Neosporin and bandages-kneels beside him in the yard. Jacob, too, comes forth from the dark crawlspace under the porch, having watched in terror from behind the latticework skirt. He is shaking, crying, flushed with embarrassment because he didn't intervene, although he was wise to hide, for the disciplinary beating of one twin usually leads to the pointless beating of the other. Agnes gradually settles Jacob by involving him in the treatment of his brother's wounds, and to Edom she says, often thereafter, "I love your roses, Edom. I love your roses. God loves your roses, Edom." Overhead, agitated wings quiet to a soft flutter, and the shrieking crows grow silent. The air pools as still and heavy as the water in a hidden lagoon within a secret glade, in the perfect garden of the unfallen.....Currently, Jacob was far removed from the embalming chamber and intended never to set foot there, alive. With Walter Panglo as his guide, he toured the casket selection in the funeral-planning room..Certain the caller was the police operator, Junior screamed as though in agony, wondering if his cries sounded genuine, since he'd had no opportunity to rehearse. Then, in spite of the painkiller, his cries suddenly were genuine..Naomi's beautiful countenance rose in his mind, and she looked beautiful for a moment, but then he thought he saw a certain slyness in her angelic smile, a disturbing glint of calculation in her once loving eyes..mother's understanding of the world and of her own existence. Unlike most other toddlers, Barty was entirely comfortable with change. From bottle to drinking glass, from crib to open bed, from favorite foods to untried flavors, he delighted in the new. Although Agnes usually remained near at hand, Barty was as pleased to be put temporarily in the care of Maria Gonzalez as in the care of Edom, and he smiled as brightly for his dour uncle Jacob as for anyone..Lord, listen to me-but I've really got to know if you can, if you are, how you feel, whether you feel, I mean, whether you think you could feel--". Junior thought he was alone, but just when he felt capable of summoning the energy to shift to a more comfortable position, he heard a man clear his throat. The phlegmy sound had come from beyond the. The blinds were raised, the windows bare. Usually, she liked the smoky, reddish-gold glow of the city at night, but this once it made her uneasy..NOT IN A MOOD to garden, but wearing the proper gloves, Junior clicked on the foyer light, the hall light, the kitchen light, and stepped around the clubbed-smothered-shot nurse, to the range, where he switched on the right oven, in which an unfinished pot roast was cooling, and the left oven, in which the dinner plates waited to be warmed. He cranked up a flame again under the pot of water that had been boiling earlier-and glanced hungrily at the uncooked pasta that Victoria had weighed and set aside..Indeed, he would get through the rest of 1965 without resorting to another homicide. The nonfatal shooting in September would be regrettable, quite messy, painful-but necessary, and calculated to do as little damage as possible..Even in this soft light, Nolly could see that she was blushing like a young girl. She glanced around at the nearby tables..Junior had made a mistake when he smashed the pewter stick into Vanadium's face after the cop was already unconscious. He should have bound the bastard and attempted to revive him for interrogation.. "Who?" she shouted, though they were perched side by side on a black-leather love seat..This philosophy had worked for him previously, but forgetting the aftermath was more difficult when the aftermath was your own poor, torn, severed toe. Your own poor, torn, severed toe was infinitely more difficult to ignore than a busload of dead nuns..Friday brought Scamp again, all of Scamp, all day, every way, wall-to-wall Scamp, so on Saturday he hadn't enough energy to do more than shower.. "Maria is coming by with Francesca and Bonita," Agnes said. "We might as well put all the extensions in the table. Barty, call Uncle Jacob and Uncle Edom and invite them for dinner..". Tuesday morning, while he showered with a swimming cockroach that was as exuberant as a golden retriever in the motel's lukewarm water, Junior vowed never to kill again. Except in self-defense..But both the Church and quantum physics contend there is no such thing. Coincidence is the result of mysterious design and meaning--or it's strange order underlying the appearance of chaos. Take your pick. Or, if you choose, feel free to believe that they're one and the same..Ordinarily, she would have returned to the first of the candles and offered a second fragment to Saint Peter. In this case, however, she entrusted it to the least known of the apostles, because she was sure that he must have special significance in this matter.. "A friend's daughter. They say she died in a traffic accident down in San Francisco. She was even younger than Naomi..". Confused, Panglo held out his right hand, but Jacob said, "Sorry, no offense, but I don't shake with anyone..". Initially, lying drowsily in the sumptuous comfort of Pratesi cotton sheets with black silk piping, Junior assumed that he was in a twilight state between wakefulness and sleep, and that the singing must be a lingering fragment of a dream. Although rising and falling, the voice remained so faint that he didn't at once identify the tune, but when he recognized "Someone to Watch over Me," he sat up in bed and threw back the covers..Celestina's question had been about Phimie, but they had told her about the baby, and she was alarmed by their evasion..She shook her head. "No way back." She pointed to the sketch pad on the floor. "I pushed him there..". His request felt like an assault. Agnes almost rocked backward as though struck..He

stared I out at the congregated ghosts of fog, white multitudes that entirely obscured the bay, as if all the sailors ever lost at sea had gathered here, pressing at the window, eyeless forms that nevertheless saw everything.
