They're tired," Wally told her as he put the car in gear and released the hand brake. "Aren't you? ". A quick survey of the lavatory floor. The musician hadn't left anything behind, neither a popped button nor crimson petals from his boutonniere. After carrying the two pieces of luggage to the car in the garage, he returned to the study. He sat at the desk and examined the contents of the drawers, then turned to the file cabinet. Regardless of her other successes or failures as a parent, Agnes intended to make certain that Barty never lacked hope, that meaning and purpose flowed through the boy as constantly as blood. Besides, the possibilities repulsed him. The very thought of a splendid-looking woman like Victoria submitting to a grotesque like Vanadium would have withered his soul if he had possessed a soul. In answer, Wally came running with his heavy medical bag, as he was vow doctor to some people on the pie route. "The weather's a lot better than I expected, so I went back to change into lighter clothes." Third, Celestina had a daughter. Not a boy named Bartholomew. Seraphim's baby had been a girl. Named Angel. This confused Junior as much as it stunned him. Finally, only thirty miles south of Spruce Hills, he reluctantly acknowledged that slow deep breathing, positive thoughts, high self esteem, and firm resolve weren't sufficient to subdue his treacherous bowels. He needed to find lodging for the night. He didn't care about a swimming pool or a king-size bed, or a free continental breakfast. The only amenity that mattered was indoor plumbing. which was tied a gift tag bearing a hand-printed message: With our compliments. Thanks for your business. Celestina told them about Nella Lombardi and about the message Phimie delivered to Dr. Lipscomb after being resuscitated. "Phimie was, . . . so special. There's something special about her baby, too." To prove himself, he read a little of Dickens when she requested it, a passage from Great Expectations. Then a passage from Twain. Edom drove, happy to assist Agnes. He was happier still that he didn't have to make the pie deliveries alone. Although he ate more meals in restaurants than not, he hadn't ordered a burger in twenty-two months, since finding the quarter embedded in the half-melted slice of cheddar, in December of '65. Indeed, since then, he'd never risked a sandwich of any kind in a restaurant, limiting his selections to foods that were served open on the plate. In the gallery windows, eight of the nine sculptures were so disturbing that many passersby, catching sight of them, blanched and looked away and hurried on. Not everyone can be a connoisseur. Urgency gripped the paramedics. The rescuers' equipment and the pieces of the car door were dragged out of the way to make a path for a gurney, its wheels clattering across pavement littered with debris. Three equally modest rooms opened off this lounge. Two housed complete dental units, and the third provided cramped office space shared by the receptionist and the doctor. An exceptionally attractive woman, alone at the bar, stirred his desire. Glossy black hair: the tresses of night itself, shorn from the sky. Edom had turned away from the box of groceries that he was packing. Frowning at the pies, he said, "You don't think. . . . That happened ten years ago, the first and last time anyone shot at Nolly. The real work of a private eye had nothing in common with the glamorous stuff depicted on television and in books. This was a low-risk profession full of dull routine, as long as you chose your cases wisely--which meant staying away from clients like Enoch Cain. By Thursday, September 23, due to Junior's accident and surgery, the draft board--which had reinstated his I -A status after he'd lost the exemption that had come with his former job as a rehabilitation therapist--agreed to schedule a new physical examination in December. If not for Celestina's slutty little sister, Bartholomew would not exist. No threat. Junior's life would be different, better. Edom did as asked. Then he cut the deck into two approximately equal stacks when requested to do so. Even a cool day on the pie route could produce a good sweat by journey's end, because with the addition of the men to this ambitious project, they now not only made deliveries but also performed some chores that were a problem for the elderly or disabled. "That's obvious to us, but not always to others. Apparently, this would have been some years ago." Police identified Junior as the prime suspect, and newspapers featured his photograph in most stories. They referred to him as "handsome," "dashing," "a man with movie-star good looks." He was said to be well known in San Francisco's avant-garde arts community. He got a thrill when he discovered that Sklent was quoted as calling him "a charismatic figure, a deep thinker, a man -with exquisite artistic taste so clever he could get away with murder as easily as anyone else might get away with double-parking." "It's people like him," Sklent continued, "who confirm the view of the world that informs my painting." "Oh, it doesn't mean you're nervous in that sense. Nervous in this case means psychologically induced. Grief, Enoch. brief and shock and horror--they can have profound physical effects." The thorns had not been stripped from the long stem of the white rose. Vanadium clutched it so tightly that the sharp points punctured his meaty palm. He seemed to be unaware of his wounds. EVERY MOTHER BELIEVES that her baby is breathtakingly beautiful. She will remain unshakably convinced of this even if she lives to be a centenarian and her child has been harrowed by eight hard decades of gravity and experience. Swift and yellow, Angel flew to her mother, grabbing at one of the bunched drapes as if she might hide behind it. The nurse raised her eyes from Agnes to this other person. "Yes a chip of ice would be all right." This ended any hope of romance, and he was disappointed. A less self-controlled man might have seized a nearby bronze vase--fashioned to resemble dinosaur stool--and stuffed her into it or vice versa. He didn't rely, either, on a sixth sense to detect obstacles or open spaces, which some blind people claimed to have. Sometimes instinct told him that in his path was an object that ordinarily would not have been there; but as often as not, it went undetected, and unless he was using his cane, he tripped over it. The sixth sense was greatly overrated. The hospital was eerily quiet, except for the occasional squeak of rubber-soled shoes on the vinyl floor of the corridor. Fortunately, at least the desk was cigarette-scarred, because it came with the office. It had been the property of a skip-tracer named Otto Zelm, who'd made a good living at the kind of work Nolly avoided out of boredom: tracking down deadbeats and repossessing their vehicles. On a stakeout, Zelm fell asleep in his car, while smoking, thereby triggering the payoff of both life- and casualty-insurance policies, and freeing the lease on this furnished space. Surprisingly, dolls. Quite a few dolls. Apparently the bastard boy was effeminate, a quality he sure as hell hadn't inherited from his father. "Here we are," said the driver, braking to a stop at the curb in front of the gallery. The reception still roared in both showrooms of the gallery. Legions of the uncultured, taste-challenged in every regard except in their appreciation for hors d'oeuvres, yammered about art and chased their cloddish opinions with mediocre champagne. "Did he say I'd met him?" Jacob asked, squinting past Edom toward the bright sunlight at the open door. Almost as an afterthought, as he was leaving, he tucked the brochure for "This Momentous Day" into a jacket pocket. There would be amusement value in hearing a group of cutting-edge young artists

analyze Celestina's greeting-card images. Besides, as the Academy of Art College was the premier school of its type on the West Coast, a few of the partygoers might actually know her and be able to give him some valuable background. The party raged in a cavernous loft on the third-and top-floor of a converted industrial building, the communal residence and studio of a group of artists who believed that art, sex, and politics were the three hammers of violent revolution, or something like that..In spite of her nature, Agnes could not find forgiveness in her heart this time. Words of absolution clotted in her throat. Her bitterness dismayed her, but she could not deny it..Thrilled by the music but unable to understand a word of the play, he arranged German lessons with a private tutor..Judging by Grace's expression when Paul plucked the chest off the floor, he figured it was heavy. He had no way of knowing for sure, because he was in a weird state, so saturated with adrenaline that his heart squirted blood through his arteries at a speed Zeus couldn't have matched with the fastest lightning bolts in his quiver. The chest felt no heavier than a pillow, which couldn't be right, even if it was empty..and humble. They managed to worry up tuition for art school, but Celestina worked as a waitress to pay for her studio apartment and other needs..Tom pointed to the nearly finished martini that stood on the table before him. Balanced on the thin rim of the glass: impossibly, precariously--the coin.. "I'm not sad," Tom said, "because though I have this face here in this world, I know there's another me-in fact, lots of other Tom Vanadiums-who don't have this face at all. Somewhere I'm doing just fine, thank you..". "In the early hours of January seventh," Nolly continued, "Miss White died in childbirth, as you figured..". "I'm a healer, not a prosecutor. I'm not in the habit of making accusations, especially not against my own patients..". Perhaps, reluctant to admit to herself that she had yearned for him to do everything that he'd done, she had slowly been inflamed by guilt, until she convinced herself that she had, indeed, been raped. Psychotic little bitch.. "I thought there was a burglar," Junior groaned, but he knew better than to spit out his entire story at once, for then he would appear to be reciting a script..Celestina hadn't noticed the infant being taken away. She had wanted to see it once more, even though she was sickened by the sight of it..From Sparky, Tom Vanadium had borrowed a master key with which he could open the door to Cain's apartment, but he preferred not to employ it as long as he could enter by a back route. The less often he used the halls that were frequented by residents, the more likely he would be able to keep his flesh-and-blood presence a secret from Cain and sustain his ghostly reputation. If too many tenants got a look at his memorable face, he would become a topic of discussion among neighbors, and the wife killer might tumble to the truth..That night, in Barty's room, after Agnes had listened to his prayers and then had tucked him in for the night, she sat on the edge of his bed. "Honey, I was wondering.... Now that you've had more time to think, could you explain to me what happened?". Finally, he said, "What I did was grab the shovel, dig a hole really fast, and bury Muffin in it up to her neck-just until she calmed down..". With everyone in the diner now aware of Junior, with every head turned toward him and with every wary eye tracking him, he dropped the bun cap and the mustard dispenser on the floor. Barging through the swinging gate at the end of the lunch counter, he entered the narrow work area behind it..He was having difficulty focusing his attention on the problem at hand. Through his mind, odd and disconnected thoughts rolled like slow, greasy, eye-of-the-hurricane waves on an ominous sea..Finished, she gave him a mirror, so he could admire his new bicuspid cap. After five years of dentistry, paced so as not to tax Nolly's tolerance, Kathleen had done well what nature had done poorly, giving him a perfect bite and a supernatural smile. This final cap was the last of the reconstruction..He smiled. "Those of us who were priests first--yeah, we're all a broody bunch. Of the others--not many, but probably more than you think..". Tom Vanadium was too unnerved by the Cain scare to be interested in the newspaper anymore. The strong black coffee, superb before, tasted bitter now..Throughout this procedure, Barty appeared solemn and thoughtful. When he had squeezed the tenth toe, he stared at it, brow furrowed..The big trees on Vanadium's property also stood bare, allowing a relatively unobstructed view of the house. The back of the residence as dark, but a soft light warmed two windows at the front..An emergency kit in the trunk of his car contained a flashlight. He fetched it and sweetened the bribe to the valet..Into the autumn of 1967, Junior reviewed hundreds of thousands of phone listings, and occasionally he located a rare Bartholomew. In San Rafael or Marinwood. In Greenbrae or San Anselmo. Located and investigated and cleared them of any connection with Seraphim White's bastard baby..At 11:45, on her way to bed, Agnes stopped at Barty's room and found him propped against pillows. The book was not particularly large as books went, but it was big in proportion to the boy; unable to hold it open with his hands alone, he rested his entire left arm across the top of the volume..Friday, December 29, was a grand day: cool but not cold; high scattered clouds ornamenting a Wedgwood-blue sky. The streets were agreeably abustle but not swarming like the corridors of a hive, as sometimes they could be. San Franciscans, reliably a pleasant lot, were still in a holiday mood and, therefore, even quicker to smile and more courteous than usual..Neddy favored a quick greeting, two curt pumps, but Junior held fast after the handshake was over. He didn't grind the musician's knuckles, nothing so crude, just held on pleasantly but firmly. His intention was to confuse and further rattle the man, taking advantage of his obvious dislike of having his personal space encroached upon, in the hope that Neddy would reveal why he'd been watching Junior so intently from across the room..Missing windshield. Considering that the space was pinched by the crumpled roof, however, and in light of Agnes's pregnancy and imminent second-stage labor, the severe contortions involved in this extraction would be too dangerous.. "Last I noticed, his car was out. Let me check." Sparky put down his phone and went to look in the garage. When he returned, he said, "Nope. Still out. When he parties, he usually parties late..". "Paul," she said, "you've got a lovely house, but Celestina and Grace are doers. They need to keep occupied. They'll go stir-crazy if they don't stay busy. Am I right, ladies?". First, he searched immediately around the dead man, figuring that the watch might still be snared on the coat belt or on one of the sleeve straps. No luck..Although their apartments were above the garage, back to back, each was served by a separate exterior staircase. As often as either man entered the other's domain, they might as well have lived hundreds of miles apart..If he didn't find the Rolex and get back to his car before the reception ended, he'd forfeit his best chance of following Celestina to Bartholomew..Paul knelt on one knee beside her wheelchair. "This momentous day, Agnes. This momentous day, with all of its beginnings. Hmmm?". Angel moved her hand to Barty's right eye, and again he didn't twitch with surprise when her fingers lightly touched his closed and sagging lid. "I won't let you forget..". Phimie gazed upon the child briefly, then sought her sister's eyes again. Another word..They had a few days for quiet celebration of this astonishing recovery of his sight, and in that time, she never tired of watching him read to her. He didn't think she even listened closely. It was the fact of him made whole that lifted her spirits so high as they were now, not any writer's words nor any story ever written..Celestina gave birth to Seraphim in '69, saw her painting on the cover of American Artist in '70, and gave birth to Harrison in '72.. "This momentous day," Thomas Vanadium said quietly, stiff gazing into the grave, "seems full of terrible endings. But like every day, it's actually full of nothing but beginnings..". murdered would be discounted. And if every death was suspicious to him, then

he would quickly lose interest in Junior and move on to a new enthusiasm, harassing some other poor devil..This Dry Sack-assisted effort at recollection, however, brought back to him one thing in addition to all the sweet lubricious images of Seraphim naked. The voice of her father. On the tape recorder. The reverend droning on and on as Junior pinned the devout daughter to the mattress..On the drive home, Junior dropped the knife down a storm drain in Larkspur. He tossed the gloves in a Dumpster in Corte Madera..This was his door, however, not hers. She did not possess a ticket to ride the train that had come for him. He boarded, and the train was gone, and with it the light in his eyes. She lowered her mouth to his, kissing him one last time, and taste of his blood was not bitter, but sacred..Otter shrugged..It didn't seem to him to amount to much. It was such an easy matter to him to make a silvery light shine in a dark room, or find a lost pin by thinking about it, or true up a warped joint by running his hands over the wood and talking to it, that he couldn't see why they made a fuss over such things. But his father raged at him for his "shortcuts," even struck him once on the mouth when he was talking to the work, and insisted that he do his carpentry with tools, in silence..Either this chatterbox was at all times a babbling airhead or Junior particularly disconcerted him.
