Indeed, Junior suspected that they might be here at Vanadium's urging. The cop would be interested in determining how avaricious the mourning husband would prove to be when presented with the opportunity to turn his wife's cold flesh into cash..To the left, a door led to a back staircase, accessible with the special key already in his hand. To the right: a key-operated service elevator for which he'd been provided a separate key..At the bedside, Joshua Nunn, friend and physician, looked up as Paul approached. He rose as though under a yoke of iron..A quick survey of the lavatory floor. The musician hadn't left anything behind, neither a popped button nor crimson petals from his boutonniere..Her strength was the strength of stones only in the sense that she felt as immovable as rock, yet she found the resources to raise one arm, to place her left hand over Maria's bead-tangled fingers. "But the baby's dead."Five days later, on Barty's birthday morning, when Agnes and

Edom were in the kitchen, making preparations for the visits that had earned her the affectionate title of Pie Lady, Barty was in his highchair, eating a vanilla wafer lightly dampened with milk. Each time a crumb fell from the cookie, the boy plucked it off the tray and neatly conveyed it to his tongue..excited, shrieking. Branch to branch, the flapping of wings is leathery, demonic. The only other sounds are the thud.On a street a half mile from the airport in Eugene, he sat in the parked Dodge long enough to gingerly unwind the bandages and use a tissue to wipe off the pungent but useless salve he'd purchased at a pharmacy. Although he pressed the Kleenex to his face so gently that the pressure might not have broken the surface tension on a pool of water, the agony of the touch was so great that he nearly passed out. The rearview mirror revealed clusters of hideous, large, red knobs with glistening yellow heads, and at the sight of himself, he actually did pass out for a minute or two, just long enough to dream that he was a grotesque but misunderstood creature being pursued through a stormy night by crowds of angry villagers with torches and pitchforks, but then the throbbing agony revived him..STILL WEARING HIS white pharmacy smock over a white shirt and black slacks, striding purposefully along the streets of Bright Beach, under a malignant-gray twilight sky worthy of a *Weird Tales* cover, with ominous accompanying rhythm provided by wind-clattered palm fronds overhead, Paul Damascus headed home for the day.. "Quitting medicine?" Celestina asked, baffled by his announcement and his upbeat attitude..Paul said, "I wanted you ... I don't know ... I just wanted you to see her. I wanted to say ... to say. . .". "Well, it's true," he said, finally turning the key in the proper direction and firing up the engine..One of the paramedics knelt beside the body, checking Naomi for a pulse, although in these circumstances, his action was such a formality that it was almost harebrained..As long as Junior continued to fake sleep, the cop couldn't be absolutely sure that any deception was taking place..The wine tasted bitter, but Celestina knew that it was sweet. The bitterness was in her, not in the legacy of the grape..Another machine beside the first, stocked with copies of a sexually explicit publication for gays, fired a quarter that hit Junior's forehead. The next snapped against the bridge of his nose..From Christmas through February, he dated a beautiful stock analyst and broker-Tammy Bean-who specialized in finding value in companies that had rewarding relationships with brutal dictators..ROCKING AS IF AFLOAT on troubled waters, abused by an unearthly and tormented sound, Junior Cain imagined a gondola on a black river, a carved dragon rising high at the bow as he had seen on a. "Not that trains are any better. Look at the Bakersfield crash back in '60. Santa Fe Chief, out of San Francisco, smashed into an oil-tank truck. Seventeen people crushed, burned in a river of fire.". "Just that she's aware of all the ways things are," Maria added. "Like you and Barty.".When he heard the snick of the lock being disengaged, he rammed into the men's room..His request felt like an assault. Agnes almost rocked backward as though struck..To Nolly, Kathleen said, "This is why I married you. To be around talk like this.".On New Year's Day, the town learned that it had lost its first son in Vietnam. Agnes had known the parents all her life, and she despaired that even with her willingness to help, with all her good intentions, there was nothing she could do to ease their pain. She recalled her anguish as she'd waited to learn if Barty's eye tumors had spread along the optic nerve to his brain. The thought of her neighbors losing a child to war made her turn to Paul in the night. "Just hold me," she murmured..He lived high, on Russian Hill, in a limestone-clad building with carved Victorian detail. His one-bedroom unit included a roomy kitchen with breakfast nook and a spacious living room with windows looking down on twisty Lombard Street..He smiled and shrugged. "I used to be a fisher of men. Now I hunt them. One in particular.". "Oh, Wally, I am worried. I'm deeply worried. My mama is going to buy herself a first-class ticket to the fiery pit if she doesn't stop this prevaricatin'.". "He's an attorney, and this grieving husband comes to him with a big liability case. There's money to be made.".Mrs. Lombardi had no visitors. She was alone in the world, her two children and her husband having passed away long ago..Agnes was grateful for the speed with which these arrangements were made, but she was also disturbed. Chan's expeditious management of Barty's case resulted in part from his friendship with Joshua, but an urgency arose, as well, during his examination of the boy, from a suspicion that he remained reluctant to put into words. Dr. Morley Schurr, the oncologist, who had offices in a building near Hoag Hospital, proved to be tall and portly, although otherwise much like Franklin Chan: kind, calm, and confident..Skinny, pasty-faced, chattering sissy," he hissed, still so furious with Neddy that he wanted to jam the pianist's head in the toilet even though he was dead. Jam his head in and stomp on him. Stomp him into the bowl. Flush and flush, stomp and stomp..Stepping forward, Agnes said, "When Barty holds my hand and walks me through the rain, I get wet even while he stays dry. The same for all the rest of us here ... except Angel.".Paul in the guest room again. Sweeping a bedside lamp to the floor, lifting the nightstand..Not limited to a survey of the nursing staff on a single floor of the hospital, Junior used the elevators to roam higher and lower. Checking out the skirts..In the three years since Perri's death, he had walked thousands of miles. He hadn't kept a record of the cumulative distance, because he wasn't trying to get into Guinness or to prove anything..The only bad moment in the evening came when the pianist played "Someone to Watch over Me.".Each booth was at a large window, and each window provided a view of the street. Vanadium wasn't out there, watching from the sidewalk, either: no glimpse of his pan-flat face shining in the December sun.. "There must be something important I'm supposed to do here that I don't need to do everywhere I am, something I'll do better if I'm blind.".By Thursday, the eruption passed from him. Because he'd had the self-control not to claw his face or hands, he was presentable enough to venture out into the city; although if people in the streets could have seen the weeping scabs and inflamed scratches that tattooed his body and limbs, they would have fled with the grim certainty that the black.Both angry and mortified, yet still fearful, a walking multimedia collage of emotions, Junior left the gallery..Jacob trusted no one but Agnes and Edom. He'd trusted Joey Lampion, too, after years of wary observance. Now Joey was dead, and his corpse was in the embalming chamber of the Panglo Funeral Home..Vanadium sat in the chair, watching. With the perfect control of a sleight-of-hand artist, he turned a quarter end-over-end across the knuckles of his right hand, palmed it with his thumb, caused it to reappear at his little finger, and rolled it across his knuckles again, ceaselessly.. "Anyway, something clicked in me on the roller coaster, and I grasped a new angle of approach to the problem. I've figured out that I can walk in the idea of sight, sort of sharing the vision of another me, in another reality, without actually going there." He smiled into her astonishment. "So what do you say about that?".Perhaps these two months of frustration had brought him to this: hair-trigger nerves, fevered imagination, and anticipation distilled into dread..Then he closed his eyes, held the revolver in both hands, and at point-blank range, he shot the dead woman twice..During the past week, Junior had undertaken quiet background research on the prestidigitator with a badge. The cop was unmarried. He lived alone, so this bold visit entailed no risk..And speak the tongues of man and drake..The can struck Junior hard in the face, breaking his nose, before he could duck.. "That's unusual, too, and I wish the etiology of this disease, which is exceedingly well understood, gave us reason to hope based on the transience of the symptoms ... but it doesn't.".Instead of gazing at her as though she had been possessed by an inarticulate demon, Wally urgently

fumbled a small box out of his jacket pocket and blurted, "Will you marry me?". "You haven't had previous episodes like this?" Parkhurst asked, standing at the bedside with a file folder in his hands, half-lens reading glasses pulled down to the tip of his nose. He halted, made a quick calculation, turned, and moved toward where the back door ought to be. He found it half open. Two teenage boys and one elderly woman scrambled across the sidewalk, grabbing at the ringing rain of quarters. They caught some, but others bounced and twirled through their grasping fingers, rolling-spinning away into the gutter. Just as the man turned away, Junior got a glimpse of what he wore under a London Fog raincoat. Between the lapels of the coat: a white shirt with a wing collar, a black bow tie, the suggestion of black-satin lapels like those on a tuxedo jacket. Permissions Department, Harcourt, Inc., 6277 Sea Harbor Drive, Orlando, Florida 32887-6777. www.harcourt.com "Darkrose and Diamond" first appeared in The Magazine of Fantasy and Science Fiction. At last: the humiliating backless gown, the precious drugs, even a pretty nurse who seemed to like him, and then oblivion. Holding hands as they watched John Wayne in The Searchers, David Niven in Around the World in 80 Days. They were so young then, sure they would live forever, and they were still young now, but for one of them, forever had arrived. By Friday morning, September 10, little more than forty-eight hours after the shooting, he felt good and was in fine spirits. Junior was pleasantly surprised by his flexibility and by his audacity. He was, indeed, a new man, a daring adventurer, and by the day he grew more formidable. Her brothers' solemnity irritated Agnes. They appeared to be taking this reading seriously, as though it were far more than just a little after-dinner entertainment. In his apartment once more, enjoying a cognac and a handful of pistachios as Monday changed to Tuesday, he decided that he should make preparations for the possibility that he might one day leave incriminating evidence in spite of his precautions. He ought to convert a portion of his assets into easily portable and anonymous wealth, like gold coins and diamonds. Establishing two or three alternate identities, with documentation, also would be wise. During the past ten days, he'd proved that he was clever, bold, with exceptional inner resources. He needed to tap his deep well of strength and resolve now, more than ever. He'd been through far too much, accomplished too much, to be brought down by mere biology. Before he searched the bedroom, Vanadium walked quickly back through the rooms that he had already inspected, suddenly remembering the three bizarre paintings of which Nolly, Kathleen, and Sparky had spoken, and wondering how he could have overlooked them. They were not here. He was able to locate, however, the places on the walls where the art works had hung, because the nails still bristled from the pocket plaster, and picture hooks dangled from the nails. Clutching the purse as though determined to resist robbery even in death, the guy dropped, sprawled, shuddered, and lay still. He'd gone down with no shout of alarm, with no cry of mortal pain, with so little noise that Junior wanted to kiss him, except that he didn't kiss men, alive or dead, although a man dressed as a woman had once tricked him, and though a dead pianist had once given him a lick in the dark. "If I had a wife, she wouldn't feel too lucky. I'm not of the persuasion that wants a wife, dear." Now, twenty-four hours later, when Sparky answered his telephone and heard Tom Vanadium, he said, "You looking for a little company? I've got another bottle of Merlot where the last one came from." What good was she to anybody, what good could she ever hope to be, if she couldn't even save her little sister? Agnes met them, pulling Grace and Angel to her side. Her eyes were bright with excitement. "Tom, you're a man of faith, even if you've sometimes been troubled in it. Tell me what you make of all this." "You should call San Francisco police, have them put your place under surveillance and nail him if he turns up." A few minutes after dawn, in excellent weather, they flew out of Sacramento, bound for Eugene. Junior would have enjoyed the scenery if his face hadn't felt as if it were gripped by a score of white-hot pliers in the hands of the same evil trolls that had peopled all the fairy tales that his mother had ever told him when he was little. Knacker or Hisscus, or Nork, was talking about an offering, as though Naomi were a goddess to whom they wished to present a penance of gold and jewels. Turning in Celestina's lap, Angel said, "Smell," and held the index finger of her right hand under her mother's nose. He had the capacity to be exceptional at anything to which he applied himself. Bob Chicane had been right about that: Junior was far more intense than other men, possessed of greater gifts and the energy to use them. Initially, Helen Greenbaum, at Greenbaum Gallery, had taken on three canvases, and had sold them within a month. She took four more, then another three when two of the four moved quickly. By the time that she'd placed ten pieces with collectors, Helen decided to include Celestina in a show of six new artists. And now, already, she had a show of her own. She traded silence for silence. Then: "Kiddo, I'm still totally confused by this stuff." Shortly after Agnes turned out the light, she said, "Kiddo, it's been one whole week since you walked where the rain wasn't, and I've been doing a lot of thinking about that." "No. Charming," she disagreed. "There's a meaning to it. Everything has a meaning, dear." If Cain had been attracted to one woman by her looks, surely he would be attracted to the other. And perhaps the sisters shared a quality other than beauty that drew Cain with even greater power. Innocence, perhaps, or goodness: both foods for a demon. They sat in silence, and the moment held such an extraordinary quality of expectation that Kathleen would not have been surprised if the vanished quarter had suddenly appeared in midair and dropped, winking brightly, to the center of Nolly's desk, there to spin with perpetual motion, until Vanadium chose to pluck it up. This consequence of rape, the baby, was less baby to Celestina than cancer, a malignancy excised rather than a life delivered. She had been no more impelled to study the child than she would have been, charmed to examine the glistening gnarls and oozing convolutions of a freshly plucked tumor. Consequently, she could remember nothing of its squinched face. "And how about this," he continued. "Every point in the universe is directly connected to every other point, regardless of distance, so any point on Mars is, in some mysterious way, as close to me as is any of you. Which means it's possible for information-and objects, even people-to move instantly between here and London without wires or microwave transmission. In fact, between here and a distant star, instantly. We just haven't figured out how to make it happen. Indeed, on a deep structural level, every point in the universe is the same point. This interconnectedness is so complete that a great flock of birds taking flight in Tokyo, disturbing the air with their wings, contributes to weather changes in Chicago." No doubt thinking about the land of the big bugs, into which she had pushed Enoch Cain, which was exactly what Barty had suddenly thought about, Angel said, "Honey, this is amazing, it's wonderful, but you've got to be careful." Otter was reluctant to answer. He had to like Hound, but didn't have to trust him. "Shape-changing," he mumbled at last. "After the war, for a while, I was able to get more mainstream work. Racially ... things were changing. But I was getting older, too, and the entertainment business is always looking for someone young, fresh. So I never made it big. Lord, I never even made it medium, but I got along okay. Until ... by the early 1950s, my booking agent found it harder and harder to line up good dates, good clubs." He'd acted boldly, recklessly, without scoping the territory to be sure Prosser was alone. The accountant lived by himself, but a visitor might be present. He knew the sermon, of course. The example of Bartholomew. The theme of chain-reaction in human lives. The observation that a small kindness can inspire greater and ever-greater kindnesses of which we

never learn, in lives distant both in time and space..Harmonizing with Diana Ross, Mary Wilson, and Florence Ballard, he drove to the granite quarry three miles beyond the town limits..Sitting at the desk, Celestina phoned her parents again. She shook uncontrollably, but her voice was steady..She searched the child's unfocused eyes for some sign of the hateful father's wickedness..Maybe his pursuit of the matter sprang from mere curiosity, the desire to discover what a child of his might look like; however, if something else lay behind his interest, the motivation would not be benign. Whatever Cain's intentions, he would prove to be at least an annoyance to Celestina and the little girl--and possibly a danger..Opening the directory to the marker, he found a card tucked between the pages. A joker, with BARTHOLOMEW in red block letters..His inner turmoil boiled ever more fiercely, and the external evidence of it grew more obvious. In the cool air of the fading afternoon, he perspired as profusely as a man already being strapped into an electric chair; it streamed, gushed. He shook, shook, and he was half convinced that he could hear his bones rattling together like the shells of hard-boiled eggs in a rolling cook pot..He hurried the length of the diner, pushing past waitresses, checking out all three of the possibilities, but of course, none of them was the dead detective--or anyone else Junior had ever seen before. He was looking for--what?--a ghost, but vengeful ghosts didn't sit down to a meat-loaf lunch in the middle of a hauntin
