Standing near the foot of the bed in a shapeless blue suit, Vanadium might have been the work of an eccentric artist who had carved a man out of Spam and dressed the meaty sculpture in thrift-shop threads. With all twelve fragments destroyed, the curse should have been lifted from little Bartholomew: the threat of the unknown, violent enemy who was represented by the four knaves. Somewhere in the world, an evil man existed who would one day have killed Barty, but now his journey through life would take him elsewhere. Eleven saints had been given twelve shares of responsibility for lifting this curse. Whether or not the visitor in the client's chair had ever known much romance, he unquestionably had experienced too much adventure and more than his share of tragedy. Thomas Vanadium's face was a quake-rocked landscape: cracked by white scars like fault lines in a strata of granite; the planes of brow, cheeks, and jaws canted in odd relationships to one another. The hemangioma that surrounded his right eye and discolored his face had been with him since birth, but the awful damage to his bone structure was the work of man, not God. Out of Phimie's humiliation, terror, suffering, and death had come Angel, whom Celestina had first and briefly hated, but whom now she loved more than she loved Wally, more than she loved herself or even life itself. Phimie, through Angel, had brought Celestina both to Wally and to a fuller understanding of their father's meaning when he spoke of this momentous day, an understanding that brought power to her painting and so deeply touched the people who saw and bought her art. Everything was proceeding precisely as Junior had envisioned in the instant when Naomi had first discovered the rotten section of railing and had nearly fallen without assistance. The entire plan had come to him, wholly formed, in a blink, and during the following two circuits of the observation deck, he had mulled it over, seeking flaws but finding none. He stepped to the front door, which was framed by curtained side lights. He drew one of the curtains aside and peered out. A deep storm of silence, anti-thunder, the house fully drenched in a muffling rain of soundlessness. Angel. A less exotic synonym for her own name. Seraphim's angel. The angel of an angel. Paul knelt on one knee beside her wheelchair. "This momentous day, Agnes. This momentous day, with all of its beginnings. Hmmm?". The nurse was in was gone, but Maria remained in attendance. She the vinyl-and-stainless-steel armchair, busy at. "Blood tests should reveal whether the child's yours or not. That also might explain all this." Posing as a counselor with Catholic Family Services, he phoned each listed Bartholomew, with a question related to his or her recent adoption. Those who expressed bafflement, and who claimed not to have adopted a child, were generally stricken from his list. Junior felt unspeakably violated. This was outrageous: the inarguably personal, very private contents of his stomach, scooped into a plastic evidence bag, without his permission, without even his knowledge. Calling after her, Agnes said, "No, wait, sugarpie. He should be coming down right now, before it gets dark." PERRI'S POLIO-WHITTLED body did not test the strength of her pallbearers. The minister prayed for her soul, her friends mourned her loss, and the earth received her. Trembling and sweating, he turned his back to the view window. As he retreated from the creche, he expected the oppressive pall of fear to lift, but it grew heavier. She kicked off her shoes and sat beside him in bed, with her back against the headboard, still holding his hand. Even though this darkness wasn't as deep as Barty's, Agnes found that she was better able to control her emotions when she couldn't see him. "I think you must be sad, kiddo. You hide it well, but you must be." The blocking dresser, which doubled as a vanity, was surmounted by a mirror. One bullet drilled through the plywood backing, made a spider-web puzzle of the silvered glass, lodged in the wall above the bed-thwack-and-kicked out a spray of plaster chips. Even Barty seemed to be attentive, but Angel happily applied crayons to a coloring book and hummed softly to herself. Incredibly, Renee came after him, slinky and seductive, trying to calm him and lure him back into an embrace. Junior didn't find anything to explain her paranoia-though, to his surprise, he discovered six books by Caesar Zedd in her small library. The pages were dog-eared; the text was heavily underlined. daughter's existence. Angel, if that's what she were eventually to be named, lived under a threat as surely as had all the children of Bethlehem, who'd been slain according to the decree of King Herod. The baby curled one small hand around her aunt's index finger. So tiny, fragile, she nonetheless gripped with surprising tenacity. The possibility that he'd left a clear fingerprint on the watch crystal had to be judged remote. And the band had been too textured to take a print useful to the police. "The piece that's intrigued me," Junior revealed, "is the one that's rather like a c-c-candlestick. It's quite different from the others." Sometimes he thought he walked for Perri, using the steps she had stored up and never taken, giving expression to her unfulfilled yearning to travel. At other times, he thought he walked for the solitude that allowed him to remember their life in fine detail-or to forget. To find peace--or seek adventure. To gain understanding through contemplation---or to scrub all thought from his mind. To see the world or to be rid of it. Perhaps he hoped that coyotes would stalk him through a bleak twilight or a mountain lion set upon him on a hungry dawn, or a drunk driver run him down. Struggling to keep a grip on consciousness, Junior told himself to focus on the future, to live in the future, free of the useless past and the difficult present, but he could not get into the future far enough to be in a time when the pain was no longer with him. The detective gazed at the cash as longingly as a glutton might stare at a custard pie, as intensely as a satyr might ogle a naked blonde. "Impossible. Too damn much integrity in their system. You might as well ask me to go to Buckingham Palace and fetch you a pair of the queen's undies." He tucked his left arm tight against his side and threw himself against the door. The obstructing furniture was heavy, but it moved an inch. If it would give one inch, it would give two, so it wasn't immovable, and he was already as good as in there. Instead, as he settled into the offered chair, he withdrew a picture of Perri from his wallet. It was an old black-and-white school photograph, slightly yellow with age, taken in 1933, the year he'd begun to fall in love with her, when they were both thirteen. With his ringleted yellow hair, coiled mustache, and haughty right file, this was a jack that looked as if he might be a knave in the worst sense of the word. Celestina, surprised by Lipscomb's arrival, was still mentally numb from Neddy's harangue. "Doctor, I didn't know you were coming." While the doctor proceeded with his evening rounds, the nurse remained with Junior until it was clear that the tranquilizer had calmed him and that he was no longer in danger of succumbing to another bout of hemorrhagic vomiting. To the window in the driver's door, Barty came with a repertoire of comic expressions, mugging at his mother, sticking one finger up his nose and exaggeratedly boring with it as though exploring for nasal nuggets. "Not scary, Mommy!". Celestina jammed the shaft of the crank into the casing socket. Wouldn't fit. Her hands were shaking. Steel fins on the shaft of the crank had to be lined up just-so with slots in the socket. She fumbled, fumbled. O foolish writer. Now moves. Even in storytime, dreamtime, once-upon-a

time, now isn't then..The wine tasted bitter, but Celestina knew that it was sweet. The bitterness was in her, not in the legacy of the grape..Never before had she put faith in any form of prognostication. In the whispery falling of those twelve cards, however, she heard the faint voice of truth, not quite a coherent truth, not as clear a message as she might have wished, but a murmur that she couldn't ignore..In the neatly ordered bedroom, he removed his shoes. Stretching out on the bed, he stared at the ceiling, feeling useless..Junior didn't care which explanation was correct. Only one thing mattered: The Bartholomew hunt was at last nearing an end. On Wednesday, December 27, Junior met Google, the document forger, in a theater, during a matinee of Bonnie and Clyde..Choking fumes, blinding soot. A licking heat told him that slithering fire had followed the smoke up the stairs and now coiled perilously close in the murk..Clutching the blanket, she thought of the funerary lap robes that red the legs of the deceased in their caskets, for she felt sometimes cove half dead. Both feet in this world-yet walking beside Joey on a strange road Beyond.. "Why do they let a man like that keep his badge?" Junior asked. "He's outrageous, wholly unprofessional..".Disbelieving his eyes, Junior reached across his body with his left hand and picked up the quarter. Although it had been lying in his right palm, it was cold. Icy..Edom and Jacob arrived, dinner was served, and while the food was wonderful, the conversation was better-even though the twins occasionally shared their vast knowledge of train wrecks and deadly volcanic eruptions. Paul didn't contribute much to the talk, because he preferred to bask in it. If he hadn't known any of these people, if he had walked into the room while they were in the middle of dinner, he would have thought they were family, because the warmth and the intimacy-and in the twins' case, the eccentricity-of the conversation were not what he expected of such newly made friends. There was no pretense, no falsity, and no avoidance of any awkward subject, which meant there were sometimes tears, because the death of Reverend White was such a fresh wound in the hearts of those who loved him. But in the healing ways of women that remained mysterious to Paul even as he watched them do.self-controlled as he would need to be in any interrogation conducted by this brush-cut, thick-necked toad..Embarrassment flushed her when she realized that the paramedic had cut away the pants of her jogging suit. She was naked from the waist down..She proceeded down the shadowy center aisle, genuflected at the chancel railing, and went to the votive rack..AT ST. MARY'S HOSPITAL, where Wally had brought Angel into this world three years ago, he was now fighting for his life, for a chance to see the girl grow and to be the father she needed. He'd been taken to surgery already when Celestina and Angel arrived a few minutes behind the ambulance.. "After the war, for a while, I was able to get more mainstream work. Racially ... things were changing. But I was getting older, too, and the entertainment business is always looking for someone young, fresh. So I never made it big. Lord, I never even made it medium, but I got along okay. Until ... by the early 1950s, my booking agent found it harder and harder to line up good dates, good clubs..".In the foyer, Hanna Rey and Nellie Oatis sat side by side on the stairs. Hanna, the housekeeper, was gray-haired and plump. Nellie, was Perri's daytime-companion, could have passed for Hanna's sister..knew Phimie died in childbirth, not an accident, and Max's instincts told him rape. I explained to your dad why Cain was the man. I wanted whatever information he might have. But I suppose ... sitting there, looking at my face, he decided that Cain is indeed the biggest hornet's nest ever, and he didn't want to put his daughter and granddaughter at greater risk than necessary.. "Why do you think he's spending his money for all this tricky stuff?" Kathleen wondered, not for the first time..Just as Celestina snapped shut the latches on the suitcase and turned to the door, a nurse's aide entered, pushing a cart loaded with towels and bed linens..Thursday evening, his third in the hotel, he returned to the lounge for cocktails and another steak. The same tuxedoed pianist provided the entertainment..The two women stared at each other, and at last Celestina said, "Good Lord, what's happening here?".He was having difficulty focusing his attention on the problem at hand. Through his mind, odd and disconnected thoughts rolled like slow, greasy, eye-of-the-hurricane waves on an ominous sea..This Dry Sack-assisted effort at recollection, however, brought back to him one thing in addition to all the sweet lubricious images of Seraphim naked. The voice of her father. On the tape recorder. The reverend droning on and on as Junior pinned the devout daughter to the mattress.. "Do you know about the earthquake that destroyed seventy percent of Tokyo and all of Yokohama on September 1, 1923?" he asked..exercise. Although they expected him to be dizzy, he had no difficulty whatsoever with his balance, and in spite of feeling a little drained, he wasn't as weak as they thought he was. He could have toured the hospital unassisted, but he played to their expectations and used the wheeled walker..The longer he crouched, head cocked, breathing silently through his open mouth, the more convinced Junior became that he had heard a man approaching. Indeed, the terrible conviction grew that someone was standing immediately in front of the dumpster, head cocked, also breathing through his open mouth, listening for Junior even as Junior listened for him..While Angel continued her relentless interrogation of Paul Damascus, Tom joined her mother in front of the large window at the end of the room farthest from the dinner table..Although she had slept well and though her hemorrhaging had been successfully arrested, Agnes was too weak to manage breakfast alone. A simple spoon was as heavy and as unwieldy as a shovel..The time had come for him to think more seriously about his situation and his future. Self-improvement remained a laudable goal, but his efforts needed to be more focused..One moment, girl and yellow vinyl ball. The next moment, gone as if they'd never been.. "It sure is," Barty said. When only a mortified silence followed his remark, he added: "Gee, I thought that was kinda funny..".Ashamed and scared, she told no one. Although a victim, she blamed herself, and the prospect of being exposed to ridicule so horrified her that despair got the better of good judgment..As he rose from his chair, Barty began to reacquaint himself with the feeling of all the ways things are, began to bend his mind around the loops and rolls and tucks of reality that he had perceived on the roller coaster that day, and by the time he had followed Angel and Tom to the bottom of the stairs and into the oak-shaded yard behind the house, the day faded into view for him..judging by the evidence, the nurse was home alone, but Junior raised his voice above the music and called out, "Hello? Is anyone here?"
