SERAPHIM AETHIONEMA WHITE was nothing whatsoever like her name, except that she had as kind a heart and as good a soul as any among the hosts in Heaven. She did not have wings, as did the angels after which she had been named, and she couldn't sing as sweetly as the seraphim, either, for she had been blessed with a throaty voice and far too much humility to be a performer. Aethionema were delicate flowers, either pale-or rose-pink, and while this girl, just sixteen, was beautiful by any standard, she was not a delicate soul but a strong one, not likely to be shaken apart in even the highest wind..From the far end of the table, Agnes said, "For starters, Tom, we all want to hear about the rhinoceros and the other you."On Tuesday evening, September 7, after half an hour in the lotus position, thinking about nothing

whatsoever but a white pin with two black bands at its neck and the number 1 painted on its head, Junior went to bed at eleven o'clock and set his alarm for three in the morning, when he intended to shoot himself. "You did just fine, Tom, just fine," Agnes said in a consoling tone that she might have used with a boy whose performance, at a piano recital, had been earnest but undistinguished. "We were all quite impressed." This seemed to be a statement of great mystery and beauty, and Agnes was still contemplating it when the last of the ice melted on her tongue. Instead of more ice, sleep was spooned into her, as dark and rich as baker's chocolate. Junior had thought most other policemen must consider Vanadium to be a loose cannon, a rogue, an outcast. Perhaps the opposite was true-and if it was, if Vanadium was highly regarded among his peers, he was immeasurably more dangerous than Junior had realized. The search for Cain was secondary. Getting to the revolver took Priority. Regain the gun and then proceed room by haunted room to hunt him down. Hunt him down, if he was here. And if Cain didn't do the hunting first. He kept the house, for it was a shrine to his life with Perri. He returned to it from time to time, to refresh his spirit. Grace, proving again the aptness of her name, said the one thing most likely, in time, to bring true peace to Celestina. "Remember Bartholomew." The boy never mentioned what he'd done, and his mother ceased worrying about him falling out of bed. The aging, fugitive Nazi had been replaced at the front desk by a woman with messily chopped blond hair, a brutish face, and arms that would dissuade Charles Atlas from challenging her. She changed a five-dollar bill into coins for the vending machines and snarled at him only once in strangely accented English. As spectacularly busty as the not-yet-dead Jayne Mansfield, Frieda never wore a bra. In 1966, this free-swinging style was little seen. Initially, Junior didn't realize bralessness was a declaration of Frieda's liberation; he thought it meant she was a slut. Thunder less distant now. Around her-the crackle of police radios, the clang of tools being readied, the skirl of a stiffening wind. Dizzying, these sounds. She couldn't shut her ears against them, and when she closed her eyes, she felt as though she were spinning. Sparky Vox-with less training in theology and philosophy than his guest, but with a spiritual insight that any overeducated Jesuit would have to admire, even if grudgingly-had settled Vanadium's uneasy conscience. "The problem with movies and books is they make evil look glamorous, exciting, when it's no such thing. It's boring and it's depressing and it's stupid. Criminals are all after cheap thrills and easy money, and when they get them, all they want is more of the same, over and over. They're shallow, empty, boring people who couldn't give you five minutes of interesting conversation if you had the piss-poor luck to be at a party full of them. Maybe some can be monkey-clever some of the time, but they aren't hardly ever smart. God must surely want us to laugh at these fools, because if we don't laugh at 'em, then one way or another, we give 'em respect. If you don't mock a bastard like Cain, if you fear him too much or even if you just look at him in an all-solemn sort of way, then you're paying him more respect than I ever intend to. Another glass of wine?" Serving a formal dinner was Agnes's way of declaring-to herself more than to anyone else in attendance-that the time had come for her to get on with life for Bartholomew's sake, but also for her own. "Then you have a big advantage, and you'll have to tell us all about yourselves," Agnes said. "I'll get the coffee brewing ... unless you'd like to help." After staring at the coins for a long moment, Kathleen said, "I don't think any mystery writer has ever done a series of novels about a priest detective who's also a magician." Junior poured half the vodka over the corpse, splashed some around other parts of the kitchen, and spilled the last on the cook top, where it trickled toward the active burner. This was not an ideal accelerant, not as effective as gasoline, but by the time he threw the bottle aside, the spirits found the flame. Junior realized that killing Renee this very night would be an unthinkable waste. Instead, he could marry her first, enjoy her for a while, and eventually arrange an accident or suicide that left him with all-or at least a significant portion of her assets. "No, the more I think about it, the more it feels like this is just kids. Some kids goofing around, that's all. I- guess Vanadium got deeper under my skin than I realized, so when this came up, I couldn't think straight about it." When Agnes crunched the ice, the nurse said, "No, no. Don't swallow it all at once. Let it melt." This claim wasn't true. His father, an unsuccessful artist and highly successful alcoholic, lived in Santa Monica, California. His mother, divorced when Junior was four, had been committed to an insane asylum twelve years ago. He rarely saw them. He hadn't told Naomi about them. Neither of his parents was a resume enhancer. Walking was part of a fitness regimen that he took seriously. He would never be called upon to save the world, like the pulp heroes in the tales he enjoyed; however, he had solemn responsibilities he was determined to meet, and to do so, he must maintain good health. "Maybe it's not where the heart is," Wally corrected himself. "Maybe it's where the buffalo roam." In a stolen black Dodge Charger 440 Magnum, Junior Cain shot out of Spruce Hills on as straight a trajectory to Eugene as the winding roads of southern Oregon would allow, staying off Interstate 5, where the policing was more aggressive. Every mother also believes that her baby is smarter than other babies. Sadly, time and the child's choices in life usually require her to adjust her opinion as she never will in the matter of physical beauty. When his search of the desk drawers was only half completed, the telephone rang-not the usual strident bell, but a modulated electronic brrrrr. He had no intention of answering it. She approached the kitchen table and swept her hand across it, to emphasize its emptiness. "Doesn't look so spooky to me." She turned the knave of spades so the baby could see it. "Does he scare you, Barty?". I believe the universe is sort of like an unimaginably vast musical with an infinite number of strings. Junior and Naomi had taken their dried apricots from the same bag. Reached in the bag without looking. Shook them out into the palms of their hands. She could not have controlled which pieces of fruit he received and which she ate. As if he'd been presented with many previous photos under these circumstances, Jonas Salk accepted the picture. "Your daughter?". With a prayer to the Holy Mother, Maria held one third of a knave of spades to the bright flame of the first candle. When it caught fire, she dropped the fragment into the votive glass, and as it was consumed, she said aloud, "For Peter," referring to the most prominent of the twelve apostles. Reluctant to leave Joey's body with the oddly jumpy mortician, Jacob nevertheless crossed the porch of the Victorian style funeral home and left without glancing back. He walked one mile home, alert to passing traffic, especially cautious at intersections. He'd wanted to give Celestina more help than she would accept. She continued working nights as a waitress for two years, while she completed classes at the Academy of Art College, and she quit her job only when she began to sell her paintings for enough to equal her wages and gratuities. Beyond the windows, the winter night sifted sootily down through the twinkling city, as he sat in his living room with a glass of Dry Sack in one hand and the picture of Celestina White in the other. "But you wouldn't be willing to use that skill in the King's service?". Fortunately, at least the desk was cigarette-scarred, because it came with the office. It had been the property of a skip-tracer named Otto Zelm, who'd made a good living at the kind of work Nolly avoided out of boredom: tracking down deadbeats and repossessing their vehicles. On a stakeout, Zelm fell asleep in his car, while smoking, thereby triggering the payoff of both life- and casualty-insurance policies, and freeing the lease on this furnished space. "Who is this?" he demanded, although for a demand, the words came out too thin, too squeaky. Agnes knew now why this

prognostication had dismayed rather charmed her: If you dared to believe in the good fortune predicted he cards, then you were obliged to believe in the bad, as well..The receptionist, Rebecca, had stayed late, just to keep company with Barty in the waiting room. As she settled into a chair beside the boy, he asked her if she knew what gravity was on Mars, and when she confessed ignorance, he said, "Only thirty-seven percent what it is here. You can really jump on Mars."NOLLY SAT BEHIND his desk, suit jacket draped over the back of the chair, porkpie hat still squarely on his head, where it remained at virtually all times except when he was sleeping, showering, dining in a restaurant, or making love..Here, four days past Christmas, after two days of torment, Agnes knew the worst, that her treasured son must go eyeless or die, must choose between blindness or cancer of the brain..Because they were smaller than men and could move more easily in narrow places, or because they were at home with the earth, or most likely because it was the custom, women had always worked the mines of Earthsea. These miners were free women, not slaves like the workers in the roaster tower. Gelluk had made him foreman over the miners, Licky said, but he did no work in the mine; the miners forbade it, earnestly believing it was the worst of bad luck for a man to pick up a shovel or shore a timber. "Suits me," Licky said.."This is for Zelda," Junior said, ramming forward across the threshold with the knife..Tears burst from Junior, stinging torrents, a salt sea of grief that blurred his vision and bathed his face in brine. "Get out of here, you disgusting, sick son of a bitch," he demanded, his voice simultaneously shaking with sorrow and twisted by righteous anger. "Get out of here now, get out!".The gas oven might blow up in his face, at last bringing him peace, but if it didn't, he would at least have cookies for Agnes..Outside, flames churned to the left and right of the opening. The front of the house was afire..The word need, instead of want, moved Paul to follow the doctor across the coffee shop..Tuesday, January 9, having cashed out a number of investments during the past ten days, Junior made a wire transfer of one and a half million dollars to the Gammoner account in the Grand Cayman bank..do further testing, of course, but not until he's been stabilized at least twelve hours. Personally, I don't think we'll find any physical cause. Most likely, this was psychological-acute nervous emesis, caused by severe anxiety, the shock of losing his wife, seeing her die..Junior considered slipping quietly around the house, peering in windows, to be sure she was alone, before approaching directly. If she saw him, however, his wonderful surprise would be spoiled..She whispered then: "You are my little lampion, Barty. You light the way for me."..Almost thirty years from the seminary--even farther from it if measured by degrees of lost innocence, by miles of rough experience Tom Vanadium set out to kill a man. Given the chance to disarm Cain, given the opportunity to merely wound him, he would nevertheless go for the head shot or the heart shot, play jury and executioner, play God, and leave to God the judgment of his stained soul..At Thanksgiving dinner, again at the three tables set end to end, in the year of the triple zero, Mary Lampion, now fourteen years old, made an interesting announcement over the pumpkin pie. In her travels where none but she could go, after seven fascinating years of exploring a fraction of all the infinite worlds, she said she sensed beyond doubt that, as Barty's mother had told him on her deathbed, there is one special place beyond all the ways things are, one shining place..Down the stairs, through the ground floor, quickly, soundlessly, breath held at times, listening for the other's breathing, listening for the softest squeak of rubber-soled shoes, although the hard clack of cloven hoofs and a whiff of sulfur would not have been surprising. At last he went to the kitchen, full circle from the shiny quarter on the breakfast table to the quarter again. No Cain.
