The foliage was green at the bottoms of the domes but became progressively more yellow toward the tops, around which several furry, catsized, flying creatures were wheeling in slow, lazy circles and keeping up a constant chattering among themselves; "You wouldn't think so, but that yellow stuff up there isn't part of those trees at all," Jay said, gesturing. "Jeeves told me about it. It's a completely different species--a kind of fern. Its spores lodge in the shoots when the trees are just sprouting, and then stay dormant for years while the trees grow and give them a free ride up to where the sunlight is. It invades the leaf-buds and feeds through the tree's vascular system."..The first door opens on a bathroom. The second lends to

Among mounds of blankets and saddlery, swathed in the cozy odors of felt and sheepskin and fine coconut oil, three yellow butterflies as bright as gift-box bows suddenly seemed full of meaning. Then gunfire. "I don't like the idea of a limited military presence down there," Borstein said. "We're trusting the Chironians too much. I still say they could have strength that they're not showing yet. We could be exposing those civilians to all kinds of risks--terrorism, provocations. What if they get hit by surprise? I've seen it all before." Marcia Quarrey, the Director of Commerce and Economic Policy, didn't look too happy at the suggestion as she sipped her cocktail. "Obviously that would be possible," she said, setting down her glass. "But would it serve any useful purpose? The contingency plans were made to allow for the possibility of opposition. Well, there hasn't been any opposition. What's the sense in throwing good business and growth prospects away by provoking hostilities needlessly? We can acquire Franklin simply by walking in. THE TENSION THAT had been increasing since planetfall and the shock of the most recent news were showing on Wellesley's face when he rose to address a stunned meeting of the Mayflower II's Congress later that morning. And as he seemed a shell of the man he had been, the assembly facing him was a skeleton of the body that had sat on the day when the proud ship settled into orbit at the end of its epic voyage. Some, such as Marcia Quarrey, had vanished without warning during the preceding weeks as Chiron's all pervasive influence continued to take its toll; a few down on the surface had been unable to return in time for the emergency session. Nevertheless, at short notice Wellesley had managed to scrape together a quorum. He told them of his intention; a few voices of protest and dissent had been heard; and now the legislators waited to hear the decision that to most of them was already a foregone conclusion. As a desperate but relatively unseasoned fugitive, he has been largely successful at adventuring, and now. LOVE IS THE ANSWER T-shirt. beyond the horizon. once more. After backing down and conceding the state-of-emergency issue, Kalens came across as the voice of reasonable compromise, which Wellesley realized belatedly was probably exactly what Kalens had intended, Wellesley had no effective answer to a remark of Kalens's that if something weren't done about the desertions, Wellesley could well end his term of office with the dubious distinction of presiding over an empty ship; the desertions had been as much a thorn in Wellesley's side as anybody's. She frowned for a second, then reached for her glass. "The reaction that it might provoke worries me. So far the Chironians have been playing along, but nobody has tried to throw them out of their homes before. We've already seen examples of how they do not to hesitate to react violently." What. Leilani was gasping, not from exhaustion? she hadn't exerted herself that much? but because she was. "Her name's Karla Rhymes," Noah reported. "When she worked as a dancer, she called herself Tiffany." "Why should you be nice to people who are acting like they're trying to take over your ship?" Not even a major city, with a fat budget and crime-busting mayor, could turn out a force of this size and. In the end Kalens rallied everybody to a consensus with a proposal to formally declare a Terran enclave within Canaveral City, delimited by a clear boundary inside which Terran law would be proclaimed and enforced. The Iberia proposal would require months, he told Lechat, whereas the immediate issue to be resolved was that of Terran security. In any case, it could hardly be carried out without an electoral mandate. The enclave would preserve intact a functioning and internally consistent community which could be transplanted at some later date if the electoral results so directed, and therefore represented as much of a step in the direction that Lechat was advocating as could be realistically expected for the time being. Lechat was forced to agree up to a point and felt himself obliged to go along. "Except for the shooting." Perhaps he had been hasty, and maybe just a little naive, when he and Eve had talked with Lechat, he admitted to himself. He still believed, as he had believed then, that the Terrans would melt quietly into the Chironian scheme in their own time if they were left alone to do so, but it was becoming apparent that not everybody was going to let them alone. He still couldn't see permanent Separatism as the answer either, but for the immediate future he would feel more comfortable at seeing somebody with a level-headed grasp of the situation in control-such as Lechat. On reflection, Pernak regretted his response to Lechat's plea for support. But it was far from too late for him to be able to change that. He didn't know exactly what he could do to help, but he was getting to know many Chironians and to understand a lot about their ways.
