Two arms, a head, a torso came through. The whole thing ripped its way out and fell onto the couch. oblique criticism of Barry's end-of-August tan and the leisure such a tan implied, then started in on the ideas (among which is the idea that art ought not to be political), then such neutrality simply doesn't exist. He didn't look at the license till he was out on the street Stapled to the back of it was a printed notice: Side by side, we pause directly before the door. My teeth, I suddenly realize, are chattering with fear. "Captain," I say as my resolve begins to disintegrate, "why are we doing this?" "That's enough," he said. "I thank you for your concern." I comply. She kisses me with lips and tongue, working down across my belly..that". Detweiler's flush of health was wearing off that afternoon. He wasn't ill, just beginning to feel like the. "That's none of your business!" Nolan reddened. "Besides, it's all over now." "bein' around might mark the baby. She taught me to read and I couldn't stop. She had a lot of books. "What do you want to know about Andy?" goldstone than the feral warmth of topaz. Too, despite her slow walk beside me, she radiated energy so much higher it's going to be when we get back on the job. The highest thing ever, they say. I won't. the hunter stepped out of the woods on the very path that Brother Hart usually took, Hinda gave a gasp. "Don't you see?" she went on, calmer now. "It's too pat, too much of a coincidence. This thing is like a ... a headstone, a monument. It's growing right here in the graveyard, from the bodies of our friends. Can you believe in that as just a coincidence?" dismiss Hazeldorf. Please contact me at once to apprise me of the status of corrective action. I assume. in the haphazard arrangement of dome, lander, crawlers, crawler tracks, and scattered equipment It had. grape-sized white balls, very hard and fairly heavy. The second discovery was made by Lucy McKillian. Selene moved around the room, touching the chairs, working her bare feet through the carpet, soothing away the bizarre reflections of. Writhing in the heat, she stands where there is no support The fire licks her body. "That's perfectly natural. I hated compulsory talk myself, though I must admit I was good at it. What about your job, Barry? Doesn't that give you opportunities to develop communication skills?" I heard the typewriter stop ticking and the scrape of a chair being scooted back. I didn't hear. "I'm just-" by lining them with sheets of the double-walled material the whirligigs used to heat water. They were. Barry thought that in many ways her problems bore a resemblance to his, at least insofar as they both. His sister would take the hide and shake it out and brush and comb it till it shone like polished wood.. know what to do with," and he opened a closet door.. see if the altered moisture content we've been creating here had any effect on the spores hi the soil. See, "The staple on your license? why is it there?" The problem with literature and literary criticism is that there is no obvious craft involved? so people who wouldn't dream of challenging a dance critic's comments on an assoluta's line or a prima donna's musicianship are conscious of no reason not to dismiss mine on J. R. R. Tolkien. We're all dealing with language, after all, aren't we? But there is a very substantial craft involved here, although its material isn't toes or larynxes. And some opinions are worth a good deal more than others.. freckled. But I got the impression he wasn't exhibiting himself; he was just completely indifferent.. In the Hall of the Martian Kings by John Varley 113. All of me. Examples of sf titles that have been retranslated back into English after. I took a deep breath and lied with a straight face. "I promise." "I suppose it is," Barry said noncommittally. He couldn't figure out why the usher wanted to tell him. "/ like them," she insisted. Then, "My name's Cinderella. What's yours?" I was still angry, not ready to stop the fight yet. "She left him? It is my understanding that her infidelities forced him to divorce her." the Earthside tests on a roll of toilet paper didn't ... he wouldn't. . . She cut the air with her hands. "What." "Yes, Tom?" "He . . . was my brother. We were twins. Siamese twins. All those people died so I could stay alive." There was no emotion in his voice. He was detached, talking about someone else. "He kept me alive. I'll die without him." His eyes met mine again. "He was insane, I think. I thought at first I'd go mad too, but I didn't I think I didn't I never knew what he was going to do, who he would kill. I didn't want to know. He was very clever. He always made it look like an accident or suicide when he could. I didn't interfere. I didn't want to die. We had to have blood. He always did it so there was lots of blood, so no one would miss what he took." His eyes were going empty again. "Shut up. But we were wrong. I read in your resume that you were quite a student of survival. What's your honest assessment of our chances?" Eli didn't see it that way. "Hell, Jake, they'll have to come through," he said. "We've got them right by the balls!". 210. Zorphwar we had yesterday, and I most commend you on how we U you handled the forces of Zorph. It was a challenge all the way, and if I had not been on my toes, your final desperate tactic of launching an twelve thousand of your doomsday torpedoes would have destroyed me. However, when you made your attack, I was safely docked at a base star and thus protected by its powerful energy screens. Your attack succeeded only in wiping out the remnants of your own forces.. My first two fingers form the snipping blades of a pair of scissors. "I win!" she crows, delighted.. Robert F. Young has written thirty-nine stories for F&SF over the years, and we can think of only three writers who have contributed as much fiction as Mr. Young (Poul Andersen, A warn Davidson, and Ron Goulart). A Robert Young story is always a pleasure because its high quality is as predictable as its subject matter is unpredictable. Here he gives us the real story behind why a certain tower in Babylon was never finished and why all great builders, from Nebuchadnezzar to Moses (Robert), have such a rough time.. "We had our first formal meeting with the Chinese yesterday, and we've already made our first official decision." He glanced at the replica of the star-robot probe again. "SP3 now has a name. It has been named after a goddess of Chinese mythology whom we have adopted as a fitting patroness: Kuan-yin--the goddess who brings children. Let us hope that she watches over her children well in the years to come." "But if she knows?" I began, then, as her light went out entirely, said, ?I'm sorry; I didn't mean to." We can't say how long they've been prepared for a visit from us. Maybe only this cycle; maybe twenty cycles ago. Anyway, at the last cycle they buried the kind of spores that would produce these little gismos." She tapped the blue ball representing the Earth with one foot. "Well have to get cutting tools from the ship," he told his crew. "They're probably in there. What a place this is! I can see we're going to be busy." He walked along the

edge of the dense growth, which now covered several acres. He came to a section where the predominant color was purple. It was strangely different from the rest of the garden. There were tall whirling derricks but they were frozen, unmoving. And covering all the derricks was a translucent network of ten-centimeter-wide strips of plastic, which was thick enough to make an impenetrable barrier. It was like a cobweb made of flat, thin material instead of fibrous spider-silk. It bulged outward between all the crossbraces of the whirling derricks. . . . sunup, loading cargo all day for the boats that went downriver, squinting over paperwork while night. "Of course before breakfast," said the prince, and fell to chopping. The ice chips flew around him, and he worked up such a sweat that in all the cold he still had to take off his shirt. He worked so hard that in one hour he had laid open the chunk, and there, sticking out, was the broken fragment of mirror. Tired but smiling, the prince lifted it from the ice and handed it to Amos. Then he went to pick up his shirt and coat. . . . Lang groaned. "All the air-lock seals, for one thing." There were grimaces from all of them at the thought of that. "For another, a good part of our suits. Song, watch it, don't step on that thing. We don't know how powerful it is or if it'll eat the plastic in your boots, but we'd better play it safe. How about it, Ralston? Think you can find out how bad it is?" Samuel R. (Chip) Delany has for some time been one of the most interesting novelists (Dhalgren, Triton, et cetera) and one of the field's more thoughtful critics (The Jewel-Hinged Jaw: Notes of the Language of Science Fiction). He has not written much short fiction recently, and so we are especially pleased to offer this fresh and magical change of pace. . . . handle science jobs as well as anyone. We saw you as a kind of insult, a slap in the face by the scientists. "Why did you need the blood?" He grinned. "Haven't you heard? We can spot each other a mile away. Would you like some coffee?" "Isn't he the one who was killed in an accident last night?" time. . . . I am Amos, and I am here to see what makes you so uninteresting that everyone tells me to avoid you and covers you up with blankets. . . . It was the mystery that Nolan had sensed the first time he saw her staring at him across the village. Friday night when I see them lining up out there, I think I might go someday, but I never seem to get around to it. (You might think I'd see a few movie stars living where I do, but I haven't I did see Seymour occasionally when he worked at Channel 9, before he went to work for Gene Autry at Channel 5.). "Cut her out," she said. . . . When the cops finally got there, I told them all I knew—except I didn't mention the Detweiler boy. I hung around until I found out that Harry almost certainly wasn't killed after six-thirty. They set the time somewhere between five-ten, when he called me, and six. It looked like Andrew Detweiler was innocent, but what "peculiar" thing had Harry noticed about him, and why had he moved out right after Harry was killed? Birdie let me take a look at his room, but I didn't find a thing, not even an abandoned paperclip. . . . \*Tm from pioneer stock. But you?" She shrugs. "Too delicate?" On December 12, 1968, I gave a talk to a meeting of doctors and lawyers in San Jose, California. \* Naturally, I was asked to speak on some subject that would interest both groups. Some instinct told me that medical malpractice suits might interest both but would nevertheless not be a useful topic. I spoke on genetic engineering instead, therefore, and, toward the end, discussed the matter of cloning.
