entire life. "What car?" Celestina asked, stopping at the bottom of the steps and turning to look.. "It's just ... the last time I saw him, he trapped me in a corner and told this god awful story, far more than I wanted to know, about some British murderer back in the forties, this monstrous man who beat people to death with a hammer, drank their blood, then disposed of their bodies in a vat of acid in his workroom." He shuddered.. "Mom always says that pigs will surely fly one day if ever Daddy chooses to convince them that they've got wings..". Turning his patched eyes in the general direction of his mother, Barty said, "Oops..". trees also revealed Barty, and no radiance from another world shone spectrally through him, as it had shone through Joey-dead-and-risen.. The maniac kicked once more, but because of the bracing dresser, the door wouldn't budge, so he kicked harder, again without success.. As if a door had briefly opened between this windless day and another world, a single gust rattled rain against the windows.. The problem was Celestina in the Buick, because when she saw what was happening, she might slide behind the steering wheel and speed away. The engine was running, white plumage rising from the tailpipe and feathering away in the fog, so she might escape if she was a quick thinker.. The weather was good, so he went for a walk, though he crossed the street repeatedly to avoid passing newspaper-vending machines.. Shaking her head, Celestina said, "I can only pay for a studio apartment, something small..". Breath repeatedly catching in her throat, heart thudding, Agnes watched her son through the open car door.. By the time this operation concluded and the sulphurous Mr. Cain was brought to some form of justice, Simon might have spent twenty or twenty-five percent of the fee that he'd collected from the liability settlement in the matter of Naomi Cain's death. The attorney put a substantial price on his dignity and reputation.. A flicker of complacency showed in Otters tired, battered young face. "No," he said. "I don't think anybody can..". "Yes, you did, and it's exactly what experience has no doubt taught you to think. But I'm forty-seven and you're twenty-". As Celestina and her mother loaded the last of the pies into the ice chests in the Suburban, Paul and Agnes came back from her station wagon at the head of the caravan.. Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt.. The odds against drawing a jack of spades four times in a row out of four combined and randomly shuffled decks were forbidding. Jacob didn't have the knowledge necessary to calculate those odds, but he knew they were astronomical.. "He'll just think I'm an incompetent detective. If he comes around wanting his five hundred bucks back, I'll give it to him..". "If he gets back within the next hour, better ring me at his place so I can scoot..". The room was bright enough for him to confirm that he was alone. The interior of the box in which Naomi now resided could be no more silent than this house.. His body ached, too, especially his back, from the battering that he had taken. He remembered hitting the floor with his chin, and he supposed that he might have gotten knocked about the face more than he realized or remembered. If so, there would be bruises soon, but bruises would fade with time; in the interim, they might make him even more attractive to women, who would want to console him and kiss away the pain-especially when they discovered that he had sustained his injuries in a brutal fight, while rescuing a neighbor from a would-be rapist.. He realized that like so many women, Seraphim wanted it, asked for it-yet had no place in her self-image to accommodate the truth that she was sexually aggressive. She wanted to think of herself as shy, demure, virginal, as innocent as a minister's daughter ought to be which meant that to get what she wanted, she required Junior to be a brute. He was happy to oblige.. He shouldered past two counter waitresses, past the short-order cook who was working eggs and burgers and bacon on the open griddle and grill. Whatever expression wrenched Junior's face, it must have been intimidating, for without protest but with walled alarm, the employees squeezed aside to let him pass.. The masterpiece that Junior purchased was small, a sixteen-inch-square canvas, but it cost twenty-seven hundred dollars. The entire picture-titled *The Cancer Lurks Unseen, Version 1*-was flat black, except for a small gnarled mass, bile-green and pus-yellow, in the upper-right quadrant. Worth every penny.. In fact, although weak and aching, Junior felt mentally refreshed and wonderfully alert.. Inexplicably, each repetition of Bartholomew heightened Junior's anxiety. The name resonated not just in his ear, but in his blood and bones, in body and mind, as if he were a great bronze bell and Bartholomew the clapper.. Kitchen staff. All men. Some looked up in surprise; others were oblivious of him. He stalked the cramped work aisles, eyes watering from the fragrant steam and the heat, seeking Vanadium, an answer.. Junior realized that thick drool oozed out of the right corner of his mouth. Shakily, he raised one hand to wipe his face.. "All right, the scary one." "I SOMETIMES EVEN EAT SPIDERS WITH MY CAVIAR." "Now who's being gross?" The morning that it happened, Edom woke early from a nightmare about the roses.. NOLLY FELT A little silly, walking the mean streets of North Beach under a white umbrella with red polka dots. It kept him dry, however, and with Nolly, practical considerations always triumphed over matters of image and style.. "When you cut Naomi's string, you put an end to the effects that I her music would have on the lives of others and on the shape of the future. YOU struck a discord that can be heard, however faintly, all the way to the farthest end of the universe..". Three doors in the dark hallway: one to the right, ajar, and two to the left, both closed.. This unfailing consistency of packaging enables card mechanics, professional gamblers, sleight-of-hand magicians-to manipulate a new deck with confidence that they know, starting, where every card can be found in the stack. An expert mechanic with practiced and dexterous hands can appear to shuffle so thoroughly that even the most suspicious observer will be satisfied-yet he will still know exactly where every card is located in the deck. With masterly manipulation, he can place the cards in the order that he wishes, to achieve whatever effect he desires.. Her hands trembled as she attempted to fold her sister's clothes into the small suitcase. What should have been a simple task became a daunting challenge; the fabric seemed to come alive in her hands and slip through her fingers, resisting every attempt to organize it. When eventually she realized there was no reason to be neat, she tossed the garments into the bag without concern for wrinkling them.. To the left, a door led to a back staircase, accessible with the special key already in his hand. To the right: a key-operated service elevator for which he'd been provided a separate key.. Frowning, Panglo, said, "Terrible, you're right, so many terrible things happen, but I don't see why trains-". so she reached across her body with her left hand, which Celestina gripped tightly.. Maria Gonzalez brought rice casseroles, homemade tamales, and chile relLENOS. Daily, Jacob made cookies and brownies, always a new variety, and in such volume that Maria's plates were heaped with baked goods each time they were returned to her.. "Retinoblastoma is usually unilateral," Dr. Chan continued, "occurring in one eye. Bartholomew has tumors in both..". folded over his too-tight shirt collar, and with a second chin more prominent than.. "Angel," Phimie said thickly, searching her sister's eyes for a sign of understanding.. During the first months, the journeys were eight or ten miles: along the shoreline north and south of Bright Beach, and inland to the desert beyond the hills. He left home and returned the same day.. The painkiller was not morphine-based, and it did not signal its presence in the system by inducing sleepiness or even a faint blurring of the senses. After forty minutes, however, he was sure that it must be effective, and he put the book aside.. she'd crossed herself during Edom's rant about the Tri-State Tornado of 1925. Then, she'd been warding off bad fortune;

now, with a smile and a look of wonder, she was acknowledging the grace of God, which, according to the cards, had been settled generously on Bartholomew. Even Barty seemed to be attentive, but Angel happily applied crayons to a coloring book and hummed softly to herself. In his smooth whiteness, Junior felt a pressure on his eyes, and then came visual hallucinations, disturbing his deep inner peace. He felt someone peel up his eyelids, and Bob Chicane's worried face—with the sharp features of a fox, curly black hair, and a walrus mustache—was inches from his. When the ophthalmologist saw her misery, his kind face softened further, and his pity became palpable. In the morning, after Agnes showered and dressed, when she went downstairs, she discovered Barty already at the kitchen table, eating a bowl of cereal while riveted to the book. Finished with breakfast, he returned to his room, reading as he went. An emergency kit in the trunk of his car contained a flashlight. He fetched it and sweetened the bribe to the valet. When the nurse was gone, alone with his mother as they waited for the orderly to bring a gurney, Barty said, "Come close." She was in Paul's arms again, as though by magic, and he ran as fire broke through the cedar-shake shingles and as the roof shuddered under them. Airborne through billowing smoke. Across flames that briefly caressed the soles of his shoes. The fire department. The firemen could come without sirens, quietly with their ladders, so as not to break Barty's concentration. Grimacing, she said, "I told the police about your disgusting little come-on with the ice spoon." pride, his one great shining moment but also his sinful pride. Clubbed with the trophy first, fists later. And now, here. "For a moment," Lipscomb continued, "her voice became clear, no longer slurred. She raised her head from the pillow, and her eyes fixed on me, all the confusion gone. She was so ... intense. She said ... she said, 'Rowena loves you.' Only a few theatergoers attended the matinee. No one sat near, so Google and Junior openly swapped packages: a five-by-six manila envelope to Google, a nine-by-twelve to Junior. Already, the girl had taken Barty's hand. The two kids descended from the porch into the rain. They didn't circle the oak, but stopped at the foot of the steps and turned to face the house. During the first year of her illness, she had been slowly weaned off an iron lung. Until she was seventeen, she required the chest respirator, but gradually gained the strength to breathe unassisted. "Your mind is as fascinating as ever," he said. "Your soul as beautiful. Listen, Per, since we were thirteen, I was never primarily interested in your body. You flatter yourself shamelessly if you think it was all that special even before the polio." He'd listened to the message and thought it incomprehensible, of no import. Suddenly, tardy intuition told him that it could not have been any more important to him if it had been dead Naomi calling from beyond the grave to leave testimony for the detective. During the preparation of the cards, Barty had fallen asleep in his mother's arms, but with the revelation of his name on the ace, he had awakened again, perhaps because with his head resting on her bosom, he was alarmed by the sudden acceleration of her heartbeat. Every nerve in Junior's body was a tautly strung trigger wire. If something set him off, he might explode so violently that he'd blow himself into a psychiatric ward. These kids were the same age, yet listening to them was akin to hearing Angel do her charming shtick with an adult who had a lot of patience, a sense of humor, and an awareness of generational ironies. He hadn't seen Thomas Vanadium since Monday, at the cemetery, and Vanadium hadn't pulled any tricks since leaving twenty-five cents at his bedside that same night. Almost four days undisturbed by the hectoring detective. In matters Vanadium, however, Junior had learned to be wary, prudent. Vanadium clearly spent a lot of time in the kitchen; it was the only room in the house that felt comfortable and lived-in. Lots of culinary gadgets, appliances. Pots and pans hanging from a ceiling rack. A basket of onions, another of potatoes. A grouping of bottles with colorful labels proved to be a collection of olive oils. Another thought: The young gallery employee would remember that Junior had asked after Neddy and had followed him toward the men's room. He would provide a description, and because he was an art connoisseur, therefore visually oriented, he'd most likely provide a good description, and what the police artist drew wouldn't be some cubist vision in the Picasso mode or a blurry impressionistic sketch, but a portrait filled with vivid and realistic detail, like a Norman Rockwell painting, ensuring apprehension. "Your dad didn't just like Christmas, he loved Christmas. He started planning for it in June. If there wasn't already a Santa Claus, your father would have taken on the job." Her eyes, lustrous pools, brimmed with the need to know, but she respected the deal. "I only half understood all that, and I don't even know which half, but in some strange way, it feels true. Thank you. I will think about it tonight, when I can't sleep." She stepped close and kissed him on the cheek. "Who are you, Tom Vanadium?" In a pew in Old St. Mary's Church, in Chinatown, Junior took delivery of the lock-release gun and the untraceable 9-mm pistol with the custom-machined silencer, as previously arranged. The church was deserted at ten o'clock in the morning. The shadowy interior and the menacing religious figures gave him the creeps. Agnes got out of bed, switched on the lamp, and tucked Barty in once more. "Say your silent prayers." "You don't get the heebie-jeebies," Max said. "You give 'em. Tell me what's wrong." When Agnes groaned, one of the shadows spread its wings, moved closer, to the right side of the bed, and resolved into a nurse. Agnes's vision had cleared. The nurse was a pretty young woman with black hair and indigo eyes. Harrison and Grace had welcomed him in spite of the fact that a friend and parishioner had died on Thursday, leaving them both bereft and with church obligations. For a moment, Junior drew a blank on Renee. Reluctantly, he trolled the past and fished up the painful memory: the gorgeous transvestite in the Chanel suit, heir or heiress to an industrial-valve fortune. In Room 724, standing alone at her sister's bedside, watching the girl sleep, Celestina told herself that she was coping well. She could handle this unnerving development without calling in either of her parents. Faiths and inhibiting rules that confused humanity, when he was sufficiently enlightened to believe only in himself, he would be able to trust his instincts, for they would be free of society's toxic views, and he would be assured of success and happiness if always he followed these gut feelings. Suitcases seemed to be missing. Some clothes, as well. Could mean a weekend vacation. Maria's hand tamed, the card turned, and another knave of spades revolved into view, snapped against the table. As he'd proved to himself on his previous two visits—his first night in town and then two nights thereafter—this number was merely part of the pianist's repertoire. Nothing supernatural here. "Water can break?" Maria asked, looking toward the faucet at the kitchen sink. She sighed. "I have so much to be learned." Reminding himself that nature was merely a dumb machine, utterly devoid of mystery, and that the unknown would always prove familiar if you dared to lift its veil, Junior discovered he could move. Each of his feet seemed to weigh as much as one of Wroth Griskin's cast bronzes, but he crossed the sidewalk and went into Galerie Coquin. "Stop it, stop it!" Agnes, only ten years old, slender and shaking, but wild with righteousness, until now held in thrall by her own fear, by the memory of all the beatings that she herself has taken. She screams at their father and strikes him with a book she's brought from the house. The Bible. She strikes their father with the Bible, from which he's read to them every night of their lives. He drops the roses, tears the holy book out of Agnes's hands, and pitches it across the yard. He rakes up a handful of the scattered roses, intending to make his son resume this dinner of sin, but here comes Agnes once more, the Bible recovered, brandishing it at him, and now she says

what all of them know to be true but what none of them has ever dared say, what even Agnes herself will never again dare to say after this day, not while the old man lives, but she dares to say it now, holding the Bible toward him, so he can see the gold-embossed cross upon the imitation-leather cover. "Murderer," Agnes says. "Murderer " And Edom knows that they're all as good as dead now, that their father will slaughter them right here, right this minute, in his rage. "Murderer," she says accusingly, behind the shield of the Bible, and she doesn't mean that he is killing Edom, but that he killed their mother, that they heard him in the night, three years before, heard the short but awful struggle, and know that what happened was no accident. Roses fall from his skinned and pierced hands, a flurry of petals yellow and petals red. He rises and takes a step toward Agnes, his dripping fists crimson with his blood and with Edom's. Agnes doesn't back away, but thrusts the book toward him, and scintillant sunlight caresses the cross. Instead of tearing the book out of her hands again, their father stalks away, into the house, surely to return with club or cleaver ... yet they will see no more of him this day. Then Agnes-with tweezers for the thorns, with a basin full of warm water and a washcloth, with iodine and Neosporin and bandages-kneels beside him in the yard. Jacob, too, comes forth from the dark crawlspace under the porch, having watched in terror from behind the latticework skirt. He is shaking, crying, flushed with embarrassment because he didn't intervene, although he was wise to hide, for the disciplinary beating of one twin usually leads to the pointless beating of the other. Agnes gradually settles Jacob by involving him in the treatment of his brother's wounds, and to Edom she says, often thereafter, "I love your roses, Edom. I love your roses. God loves your roses, Edom." Overhead, agitated wings quiet to a soft flutter, and the shrieking crows grow silent. The air pools as still and heavy as the water in a hidden lagoon within a secret glade, in the perfect garden of the unfallen.....To the right first. Kick the door open, simultaneously firing two rounds, because maybe this was her bedroom, where she kept a gun. Mirrors shattered: a tintinnabulation of falling glass on porcelain, glass on ceramic tile, a lot more noise than the shots themselves.."I wasn't drinking," he said. "That's proven. But I admit being reckless, driving too fast in the rain. They cited me for that, for running the light.".One of the coin seekers knocked against Junior, jarring him loose of his paralysis, but when he stumbled out of the line of fire of the second vending machine, a third machine shot quarters at him..exercise. Although they expected him to be dizzy, he had no difficulty whatsoever with his balance, and in spite of feeling a little drained, he wasn't as weak as they thought he was. He could have toured the hospital unassisted, but he played to their expectations and used the wheeled walker..All he cared about was Red Planet, and what might happen after page 103. He had carried the book with him to the doctor's office, and on the way home in the car; he repeatedly opened it, squinting at the lines of type, trying to read around or through the "twisty" spots. "Jim and Frank and Willis, they're in deep trouble.".Their evenings together were comfortable bliss, though usually they just watched television, or he read to her. She enjoyed being read to: mostly historical novels and occasional mysteries..One of the paramedics had stooped beside him to press a cool hand against the nape of his neck. Now this man said urgently, "Kenny!
