Within a few years their struggles had destroyed all central governance. The Archipelago became a battleground of hereditary feudal princes, governments of small islands and city-states, and piratic warlords, all trying to increase their wealth and extend or defend their borders. Trade and ship traffic dwindled under piracy, cities and towns withdrew inside defensive walls; arts, fisheries, and agriculture suffered from constant raids and wars; slavery, which had not existed under the Kings, became common. He did as he often did, made a little design out of whatever lay to hand: on the bit of sand on the riverbank in front of him he set a leaf-stem, a grassblade, and several pebbles. He studied them and rearranged them. "Now I must speak of harm," he said. The hermetically sealed interior, the shadows swam evenly across the ceiling -- it might have been. "If it's a real gift, an unusual capacity, that's even more true. A witch with her love potions can't do much harm, but even a village sorcerer, he said, must take care, for if the art is used for base ends, it becomes weak and noxious.... Of course, even a sorcerer gets paid. And wizards, as you know, live with lords, and have what they wish." Thing in a dangerous element, vulnerable to spells and hexes.
