In sixty minutes, his internal clock would rouse him from a meditative state.. "Too few," said Maria, "might mean you made an admirably small number of moral mistakes but also that you failed to take reasonable risks and didn't make full use of the gift of

life." Then you only have to wait eighteen years," he said, opening the apartment door and stepping aside once more, allowing Celestina to precede him. With the second shot, the dead woman tumbled out of her chair, and the chair clattered onto its side. "No pie!" Agnes agreed. She parenthesized his head with her hands and punctuated his sweet face with kisses. Quickly, he searched for the source, but in less than a minute, before he could trace the voice, it faded away. Unlike that night in December, this time the singing didn't resume. Barty sat at the kitchen table, reading *Between Planets*. From time to time, Agnes discovered him watching her at work or studying Maria's face and her dexterous hands. "See this?" He placed the pepper shaker in front of her on the room-service table and held the salt shaker concealed in his hand. "This is most incommensurate," Junior said, recalling the word from a vocabulary-improvement course, without need of ice applied to the genitals. The problem was Celestina in the Buick, because when she saw what was happening, she might slide behind the steering wheel and speed away. The engine was running, white plumage rising from the tailpipe and feathering away in the fog, so she might escape if she was a quick thinker. Nolly shuddered. "The wilds of Oregon. I don't intend ever to go there until it's civilized." She bent down and kissed his cheek, his right eye, his left, his brow, his dry cracked lips. "I love you so much. I wanted to die when I thought you weren't with me anymore. Young boys, however, are not moved by scenery, especially not when their hearts are adventuring on Mars." He left by the back door, to avoid the aftermath seeping across the foyer floor. Fog enveloped him, cool and refreshing. "So what I am is I'm your talking eyes." Lowering her hand from his face, Angel said, "Do you know where bacon comes from?" Opening the directory to the marker, he found a card tucked between the pages. A joker, with BARTHOLOMEW in red block letters. Frowning at him, she said, "You don't mind them around, do you, Joey? They're eccentric, but I love them very much." Celestina smiled distractedly. Since arriving at the hotel an hour ago, she had been openly debating with herself whether to call her parents in Spruce Hills or to wait until later in the afternoon, when she might be able to report not just that she had a fiancé, and not only that she had a fiancé who'd been shot and nearly killed, but also that his condition had been upgraded from critical to serious. As she'd explained to Tom, in addition to worrying them with the news about Cain, she'd be stunning them with the announcement that she was going to marry a white man twice her age. "My folks don't have one ounce of prejudice between them, but they sure do have firm ideas about what's appropriate and what's not." This would ring the big bell at the top of the White Family Scale of the Inappropriate. Besides, they were preparing for the funeral of a parishioner, and from personal experience, Celestina knew their day would be full. Nevertheless, at ten minutes past eleven, after picking at her breakfast, she finally decided to call them. After moving all of a hundred feet, Celestina and Wally-with Grace fretting that someone would be hurt-had torn down the high stave fence between properties, for theirs had become one family with many names: Lampion, White, Lipscomb, Isaacson. When backyards were joined and a connecting walkway poured, Barty's travels from house to house were greatly simplified, and regular visits by the Gonzalez, Damascus, and Vanadium branches of the clan were also facilitated. Bellini assured Celestina that they didn't expect Enoch Cain to be so brazen as to follow police vehicles and to renew his assault on her at St. Mary's. Nevertheless, he assigned a uniformed police officer to the hall outside of the waiting room that served friends and family of the patients in the intensive-care unit. And judging by that guard's high level of vigilance, Bellini had not entirely ruled out the possibility that Cain might show up here to finish what he started in Pacific Heights. After a hesitation, she said, "You're the boogeyman, except when I saw you, I was hiding under the bed where you're supposed to be." "Don't you say that. The society isn't silly, especially not now. It's us, it's what we were and how we are, and I do so much love everything that's us." Lifting his martini, theatrically gesturing to the tablecloth where the glass had stood, as though the lack of coins proved that he, too, had sorcerous power, Nolly said, "Another round of this magical concoction?" One nurse and one nun brought Celestina into the creche behind the viewing window. Celestina was hardly more than a child herself, pretending to have the strong shoulders and the breadth of experience to bear this burden. She felt half crushed. Frustrated again, she said simply, "Whenever Edom and Jacob talk about these things, I want you to be sure always to keep in mind that life's about living and being happy, not about dying." He smiled ruefully. "Might be ready for a wedding by then, but not a honeymoon." By November 1967, the Father Brown detective stories, written for mystery-loving adults by G. K. Chesterton, thrilled Barty. This series of books would retain a special place in his heart for the rest of his life-as would Robert Heinlein's *The Star Beast*, which was among his Christmas gifts that year. Looking down at Barty, Agnes saw the ghost of Joey in the baby's face, and although she half believed that her husband would be alive now if he had never tempted fate by putting such a high price on his life, she couldn't find any anger in her heart for him. She must accept this final generosity with grace-if also without enthusiasm. Admittedly, she had allowed herself to be disturbed by the fall of the cards, too. According them any credibility at all opened the door to full belief. Convinced he was alone and unobserved, Junior leaned into the car and shifted it out of park. He released the hand brake. While Angel continued her relentless interrogation of Paul Damascus, Tom joined her mother in front of the large window at the end of the room farthest from the dinner table. Hope was the handmaid to Agnes's faith. She always held fast to the belief that the future would be bright, but right now she was hesitant to test that optimism even with a harmless card reading. Yet, as with the fifth place setting, she was reluctant to object. The tone sounded, as promised, and a man's voice spoke from the box: "It's Max. You're psychic. I found the hospital here. Poor kid had a cerebral hemorrhage, arising from a hyperensive crisis caused by ... eclampsia, I think it is. Baby survived. Call me, huh?" "That would be wrong. A diary's private." He supposed that to a detective nothing was sacred, but he was nonetheless a little shocked that Vanadium needed to ask that question. Tom between curiosity and emotional exhaustion, Celestina held his gaze, thinking, and finally she said, "Deal." Earthquake weather. Southern Californians had many definitions of that term, but Edom knew he was right this time. Thunder would roll again soon, but it would arise from underfoot. "There's a valuable lesson in that," Agnes said. "Others can learn from it if you care to share. But if you want to record your life only up to the card cheating, that's okay, too. Even that far, it's a fascinating journey, a story that shouldn't be lost with you when you pass on. Libraries are packed with biographies of movie stars and politicians' most of them not capable of as much meaningful self-analysis as you'd get from a toad. We don't need to know more about celebrities' lives, Obadiah. What might help us, what might even save us, is knowing more about the lives of real people who've never made it even medium but who know where they came from and why." "And," Joshua cautioned, "you better prepare for a long day. I'm pretty sure Dr. Chan will want to consult with an oncologist." Although Junior had not answered, Vanadium said, "Yes, I thought you heard it." Once in a while, however, he reverted to his roots, to the food that gave him comfort. Thus, the cheeseburger and its decadent accoutrements..wickedly sharp silver scimitar suspended by a filament more fragile than a human hair..Champagne, then, and two shopping bags packed full of Armenian takeout. Sou beurek, mujadereh, chicken-and-rice biryani, stuffed grape leaves, artichokes with

lamb and rice, orouk, manti, and more. Following a Baptist grace (said by Grace), Wally and the three White women, a fourth present in spirit, sat around the Formica-topped table, feasting, laughing, talking about art and healing and baby care and the past and tomorrow, while up on Nob Hill, Neddy Gnathic sat tuxedoed at a lacquered black piano, sprinkling diamond-bright notes through an elegant room..Perhaps his sister intuited what Edom was about to say, because she didn't let him get started..Seeing her, Joey leaped up front his armchair again. He managed to hold on to his book this time, but he stumbled into the footstool and nearly lost his balance..Those were Rowena's affectionate names for the boys when they were babies. Her private nonsense names for them, because she said they were like two beautiful little elves and ought to have elfin names..Hard experience had taught him, however, that killing someone he knew, while occasionally necessary, didn't release stress. Or if it did briefly release stress, then unforeseen consequences always contributed to even worse future stress..Anyway, the thing that scared her was not the monstrous father of this child. The fearsome thing was the decision that she had made a few minutes ago, in the unused hospital room on the seventh floor..Junior shuddered. Vanadium hadn't invented the name. It had genuine if inexplicable resonance with Junior that had nothing to do with the detective..Look at it this way, Aggie. All the pies, all the things you do-that's betting on life. And now you've just been given the great blessing of being able to place larger bets..Outside, flames churned to the left and right of the opening. The front of the house was afire..Done with dolls for now, Barty and Angel went upstairs to his room, where the book that talked waited patiently in silence. With her colored pencils and a large pad of drawing paper, she clambered onto the cushioned window seat. Barty sat up in bed and switched on the tape player that stood on the nightstand..He chased after none of these lovelies beyond a few dates, and none of them pursued him when he was done with them, although surely they were distressed if not bereft at losing him..Into new avenues of the labyrinth he moved, but then back again, back upon his own trail, twisting, turning, from the occult to modern literature, from history to popular science, and here the occult once more, always the shadow glimpsed so fleetingly and so peripherally that it might have been imagination, the scent of a woman no sooner detected than lost again in the perfumes of aging paper and bindery glue, twisting, turning, until abruptly he stopped, breathing hard, halted by the realization that he hadn't heard the singing in some time..Scamp was a multitalented woman, with smoother skin than a depilated peach, with more delicious roundnesses than Junior could catalog, but she proved not to be the remedy for his tension. Only Bartholomew, found and destroyed, could give him peace..Indeed, she found it difficult to talk with her son in their usual easy way. She heard a stiffness in her voice that she knew would sooner or later be apparent to him..Worse, to make credible his anguish and to avoid suspicion, he would have to play the devastated widower for at least another couple weeks, perhaps for as long as a month. As a dedicated follower of the self-improvement advice of Dr. Caesar Zedd, Junior was impatient with those who were ruled by sentimentality and by the expectations of society, and now he was required to pretend to be one of them-and for an interminable period of time..He's here as sure as I am, Barty. He's very busy, with a whole universe to run, so many people to look after, not just here but on other planets, like you've been reading about..A spirit-shredding bleakness clawed at her, but she couldn't permit it to leave her in tatters. If she traded hope for despair, as her brothers had done, Bartholomew would be finished before he'd begun. She owed him optimism, lessons in the joy of life..THE MORNING THAT it happened was bright and blue in March, two months after Barty took Angel for a dry walk in wet weather, seven weeks after Celestina married Wally, and five weeks after the happy newlyweds completed their purchase of the Galloway house next door to the Lampion place. Selma Galloway, retired from a professorship years earlier, had subsequently retired further, taking advantage of the equity in her long-owned home to buy a little condo on the beach in nearby Carlsbad..I suspect," Tom said, "that any job you set your mind to, you'd be as good as you are at teeth..You figure all this," Jolene asked, "because Mother Nature gives us a nice warm day in January?..The piece that's intrigued me," Junior revealed, "is the one that's rather like a c-c-candlestick. It's quite different from the others..Assisted by Edom and Jacob, Agnes-in a wheelchair-was rolled across the grass, between the headstones, to her husband's final resting place. Although no longer in danger of renewed hemorrhaging, she was under doctor's orders to avoid strain..Besides, he didn't want the police in San Francisco to know that he'd been suspected, by at least one of their kind, of having killed his wife in Oregon. What if one of the locals was curious enough to request a copy of the case file on Naomi's death, and what if in that file, Vanadium had made reference to Junior waking from a nightmare, fearfully repeating Bartholomew? And then what if Junior eventually located the right Bartholomew and eliminated the little bastard, and then what if the local cop who'd read the case file connected one Bartholomew to the other and started asking questions? Admittedly, that was a stretch. Nevertheless, he hoped to fade from the SFPD's awareness as soon as possible and live henceforth beyond their ken..Although to Paul this was no more than childish chatter, Tom knew at once that the girl referred to his explanation for why he wasn't sad about his damaged face: the salt and pepper shakers representing two Toms, the hit-and-run rhinoceros, the different worlds all in one place. "Yes, Angel. That's something like what I was talking about..She poured cold milk and drank it quickly. As she was rinsing the empty glass, she felt as if she might throw up, but she didn't..By the time he went to bed Saturday night, the cards that had been only that morning were showing signs of wear..This was not a ghost. This was not a walking dead man. This was something else, but until he knew what it was, who it was, the only person he could possibly look for was Vanadium..Abruptly, Junior Cain turned away from the tower, from the body of his lost love, dropped to his knees, and vomited. Vomited more explosively than he had ever done in the depths of the worst sickness of his life. Bitter, thick, grossly out of proportion to the simple lunch that he had eaten, up came a dreadfully reeking vomitus. He was untroubled by nausea, but his abdominal muscles contracted painfully, so tightly that he thought he would be cinched in two, and up came more, and still more, spasm after spasm, until he spewed a thin gruel green with bile, which surely had to be the last of it, but was not, for here was more bile, so acidic that his gums burned from contact with it--Oh God, please no--still more. His entire body heaving. Choking as he aspirated a piece of something vile. He squeezed his watering eyes shut against the sight of the flood, but he could not block out the stench..I know what you're thinking," her mother said, reaching across the table and placing one hand over Celestina's. "I know how useless you feel, how helpless, how small, but you must remember this . . . Dear Lord, how she loved her sugarpie, her little M&M. Three years had passed in what seemed like a month, and although there had been stress and struggle, too few hours in every day, less time for her art than she would have liked, and little or no time for herself, she wouldn't have traded being blindsided by motherhood for any amount of wealth, not for anything in the world . . . except to have Phimie back. Angel was the moon, the sun, the stars, and all the comets streaking through infinite galaxies: an ever-shining light..A sudden cold breeze blew down out of the moon, bearing a faint alien scent, and the black boughs of the trees billowed and rustled like witches' skirts..But I've never seen a case like

this. Usually, boils appear on the back of the neck. And in moist areas like the armpits and the groin. Not so often on the face. And never in a quantity like this. Really, I've never seen anything like it." In the foyer, Hanna Rey and Nellie Oatis sat side by side on the stairs. Hanna, the housekeeper, was gray-haired and plump. Nellie, was Perri's daytime- companion, could have passed for Hanna's sister..Enigmatic as ever on this subject, he continued: "I'm probably not blind more places than I am. Yeah, sure, I'd rather be me in one of the other places where my eyes are good, but this is the me I am. And you know what?".While always Agnes held fast to hope, she knew that easy hope was usually false hope, and she didn't allow herself to speculate, even briefly, that his problem had resolved itself. Other symptoms-halos and rainbows-had disappeared for a time, only to return..Holding up his misshapen hands, knobby knuckles toward Agnes, Obadiah said, "How do you think they became like this?"
