When Agnes pressed for a diagnosis, Dr. Chan quietly pleaded the need to gather more information. After Barty had seen the oncologist and had additional tests, he and his mother would return here in the afternoon to receive a diagnosis and counseling in treatment options..The girl smiled, as stunningly beautiful as he remembered her, but she was no longer fifteen, as she had been when last he'd seen her. Since her death in childbirth nearly three years ago, she'd matured and grown lovelier than ever..Wait here in the car. Give them time to settle down. At this hour, they would put the kid to bed first. Then Ichabod and Celestina would go to their room, undress for the night..She snatched the handset away from Angel, told Bellini, "He's here," threw the phone on the bed, told Angel, "Stay close to me," ran to the windows, and jerked the drapes out of the way..While always Agnes held fast to hope, she knew that easy hope was usually false hope, and she didn't allow herself to speculate, even briefly, that his problem had resolved itself. Other symptoms-halos and rainbows-had disappeared for a time, only to return..The floor of the spacious bathroom featured beige marble tiles with diamond-shaped inlays of black granite. The countertop and the shower stall were fabricated from matching marble, and the same marble was employed in the wainscoting..He had learned many things about himself

on this momentous day--that he was more spontaneous than he had ever before realized, that he was willing to make grievous short-term sacrifices for long-term gain, that he was bold and daring-but perhaps the most important lesson was that he was a more sensitive person than he'd previously perceived himself to be and that this sensitivity, while admirable, was liable to undo him unexpectedly and at inconvenient times..In the dark woods of the dream, still the presence: faceless and silent, radiating a merciless intent..Junior wasn't concerned that the shots would attract unwanted attention. These large rural properties and a plenitude of muffling trees made it unlikely that the nearest neighbor would hear anything..In the tree, the girl grinned. "Even if he stays up there until dawn, he'll still be coming down in the dark, won't he. Oh, we'll be fine, Aunt Aggie..She devoted half her work time to the neighbors-in-need route that Agnes had established and steadily expanded, the other half to her painting. She was in no rush to mount a new show; anyway, she didn't dare renew contact with the Greenbaum Gallery or with anyone at all from her past life, until the police found Enoch Cain..Walking away, he was aware of the many faces at the windows, all as stupid as the faces of cud-chewing cows. He had given them something to talk about when they returned from lunch to their shops and offices. He'd reduced himself to an object of amusement for strangers, had briefly become one of the city's army of eccentrics..She expected him to be gone, snatched by an accomplice who had come in the back way while Deed had distracted her at the front door..Junior remembered the very words the detective had used: They say she died in a traffic accident..Oil and natural-gas pipelines will fracture, explode. A sea of fire will wash cities, killing hundreds of thousands more..The pubescent physician returned with three colleagues, who crowded behind the privacy curtain to proclaim that none of them had ever seen any case remotely like this before. The oldest-a myopic, balding lump-insisted on asking Junior probing questions about his marital status, his family relationships, his dreams, and his self-esteem; the guy proved to be a clinical psychiatrist who speculated openly about the possibility of a psychosomatic component..After a day of work, the pencil portrait of Nella Lombardi was finished. The second piece in the series-an extrapolation of her appearance at age sixty-was begun..Breath repeatedly catching in her throat, heart thudding, Agnes watched her son through the open car door..Perhaps these two months of frustration had brought him to this: hair-trigger nerves, fevered imagination, and anticipation distilled into dread..Although Paul had seen Tom Vanadium's clever coin trick, he didn't understand the rest of their conversation, and he assumed that for everyone else-except Angel's mother-it was equally impenetrable. But taking their clue from the risen Celestina, all those present had fallen silent..Happy weekend. His attitude amazed her, and his strength in the face of darkness gave her courage..The odds against drawing a jack of spades four times in a row out of four combined and randomly shuffled decks were forbidding. Jacob didn't have the knowledge necessary to calculate those odds, but he knew they were astronomical..He felt lightheaded again. But this time he knew why. Not an oncoming case of the flu. He was straining against the cocoon of his life to date, straining to be born in a new and better form. He had been a pupa, encased in a chrysalis of fear and confusion, but now he was an imago, a fully evolved butterfly, because he had used the power of his beautiful rage to improve himself. When Bartholomew was dead, Junior Cain would at last spread his wings and fly..Increasingly, he used meditation to relieve stress. He was so skilled at concentrative meditation without seed-blanking his mind-that half an hour of it was as refreshing as a night's sleep..To his surprise, when Naomi expressed an interest in romance, Junior was a bull again. He would have thought he had left his best stuff at Reverend Harrison White's parsonage..From the corn soup to the baked ham to the plum pudding, he did not speak of his dry walk in wet weather..Friday brought Scamp again, all of Scamp, all day, every way, wall-to-wall Scamp, so on Saturday he hadn't enough energy to do more than shower..MONDAY MORNING, January 17, Agnes's lawyer, Vinnie Lincoln, came to the house with Joey's will and other papers requiring attention..Given a child-size harmonica, he extemporized simplified versions of songs he heard on the radio. The Beatles' "All You Need Is Love." The Box Tops' "The Letter." Stevie Wonder's "I Was Made to Love Her." After hearing a tune once, Barty could play a recognizable rendition..Of the three Bartholomews that he'd turned up recently, he chose Prosser because, burdened by the name Enoch, Junior felt sympathy for any girl whose parents had cursed her with Zelda..Junior flung back the covers and came to his feet, but his knees proved weak, and he sat at once on the edge of the bed..You should've seen this, Kathleen. He's dodging people on the sidewalk, shoving them out of his way when he can't dodge them. Three long blocks, Jimmy and I watched the creep, till he turned the corner, three long blocks all uphill, and it's a hill that would kill an Olympic athlete, but he doesn't slow down once..Maria's mother, visiting from Mexico, was babysitting, so Maria came without her children, as a guest, joining Agnes and the laugh-a-minute Isaacson twins, chroniclers of destruction. They ate in the dining room, rather than at the kitchen dinette, with a lace-trimmed tablecloth, the good china, crystal wineglasses, and fresh flowers..Each booth was at a large window, and each window provided a view of the street. Vanadium wasn't out there, watching from the sidewalk, either: no glimpse of his pan-flat face shining in the December sun..Busily, earnestly, with great satisfaction, Junior redirected his anger at Celestina and at the man with her. These two were, after all, guardians of the true Bartholomew, and therefore Junior's enemies..Junior was flattered, he really was. Women couldn't get enough of him. The story of his life. They never let go gracefully. He was wanted, needed, adored, worshiped. Women kept calling after they should have taken the hint and gone away, insisted on sending him notes and gifts even after he told them it was over. Junior wasn't surprised that women would return from the dead for him, nor was he surprised that women he'd killed would try to find a route back to him from Beyond, without malice, without vengeance in their hearts, merely yearning to be with him again, to hold him and to fulfill his needs. As gratified as he was by this tribute to his desirability, he simply didn't have any romantic feelings left for Naomi and Seraphim. They were the past, and he loathed the past, and if they wouldn't let him alone, he would never be able to live in the future..Better still, he was able to have the girl to the accompaniment of her father's voice, which was even kinkier than doing her in the parsonage. When Junior rang the bell, Seraphim had been in her room, listening to a tape of a sermon her father was composing. The good reverend usually dictated a first draft, which his daughter then transcribed. For three hours, Junior went at her mercilessly, to the rhythms of her father's voice. The reverend's "presence" was deliciously perverse and stimulating to his sense of erotic invention. When Junior was finished, there was nothing sexual that Seraphim could ever do with a man that she had not learned from him..As Wally followed them inside, Celestina grinned at him. "From the car to the living room, all as neat as a well-practiced ballet. We've got a big headstart on this married thing..Celestina threw down the weapon even before she turned, and as two cops entered the room, she cried, "He's getting away!" "You did just fine, Tom, just fine," Agnes said in a consoling tone that she might have used with a boy whose performance, at a piano recital, had been earnest but undistinguished. "We were all quite impressed..Although she had never seen snow other than in pictures and on film, this deep-settled silence seemed to speak of failing flakes, of white muffling mantles, and she wouldn't have been in the least surprised if,

stepping outside, she had found herself in a glorious winter landscape, cold and crystalline, here on the always-snowless hills and shores of the California Pacific. Junior realized he was on the verge of babbling, and with an effort, he silenced himself. Occasionally he woke in the night and heard himself murmuring the mantra aloud, which apparently he had been repeating ceaselessly in his sleep. "Find the father, kill the son." In April, Junior discovered three Bartholomews. Investigating these targets, prepared to commit homicide, he learned that none had a son named Bartholomew or had ever adopted a child. These statements sounded so convoluted and so bizarre to Agnes that they nourished her growing fear for Barty's mental stability. His alcohol-soured breath washed over Agnes as he asked, "How's Bartholomew doing, is he okay, is the little guy in good health?". Because his lacrimal glands and tear ducts were intact, Barty could cry with his plastic eyes. Consequently, it didn't seem all that much more incredible to be seeing with them. Maria, however, lived comfortably with both the Catholicism and the occultism in which she had been raised. In Hermosillo, Mexico, the latter had been nearly as important to the spiritual life of her family as had been the former. On the short return trip to the ophthalmologist, Agnes crazily considered driving past Chan's office building, cruising onward--ever onward--into the sparkling December night, not just back to Bright Beach, where the bad news would simply come by phone, but to places so far away that the diagnosis could never catch up to them, where the disease would remain unnamed and therefore would have no power over Barty. Celestina stared out for a moment, and then turned her head to look at Tom, with both the shade of the night and the sparkle of the metropolis still captured in her eyes. "What was that all about?". Tom proceeded, "is that an infinite number of realities exist, other worlds parallel to ours, which we can't see. For example ... worlds in which, because of the specific decisions and actions of certain people on both sides, Germany won the last great war. And other worlds in which the Union lost the Civil War. And worlds in which a nuclear war has already been fought between the U.S. and Soviets." MONDAY MORNING, far above Joe Lampion's grave, the translucent blue California sky shed a rain of light so pure and clear that the world seemed to have been washed clean of all its stains. Agnes delighted in their conversations. Barty was far ahead of the language learning curve for his age, but he was still a child, and his observations were filled with innocence and charm. "You mean your cold is like in your nose but not in your feet?". Like all women past puberty and this side of the grave, she was attracted to him. She never told him as much, not in words, but he detected this attraction in the way she looked at him, in the tone that she used when she spoke his name. Throughout three weeks of therapy, Seraphim revealed countless small but significant proofs of her desire. He pressed the muzzle of the weapon against the girl's forehead and said, "Naomi, Seraphim, you were exquisite lovers, but you've got to be realistic. There's no way we can have a life together." Now her mooring was Wally Lipscomb--obstetrician, pediatrician, landlord, and best friend--who arrived halfway through the reception. As she listened to Helen Greenbaum's sales report, Celestina held Wally's hand so tightly that had it been a plastic champagne flute, it would have cracked. No one in Junior's circles seemed to care about the crisis in American music. He supposed he had a greater awareness of injustice than did most people. "I knew," said Wally, braking for a red traffic light, "that you'd be thinking of Phimie now, and thinking of her would lead you to your father's words, because as short as her life might have been, Phimie was a Bartholomew. She left her mark." He continued until four aces of hearts and four aces of diamonds were on the table in front of him. These eight draws he had prepared, and this effect was his intention. The fact that Barty saw twisty spots with either eye closed had prepared Agnes for this bleak news. Yet in spite of the defense that foreknowledge provided her, the teeth of sorrow bit deep. As long as Junior continued to fake sleep, the cop couldn't be absolutely sure that any deception was taking place. As shaken as she had been at Phimie's side, she couldn't trust her memory. Perhaps she hadn't seen what she thought she'd seen. Nedly's face didn't appear to be as pale as it had been earlier. An undertone of gray, possibly blue, darkened the skin. Paul didn't realize that Grace had followed them into the living room until she screamed. She started to push past him, heading toward her husband even as Harrison went down. Without sigh or complaint, he would walk back to her with the purse. The errand was no trouble. In fact, returning the purse would give him a chance to get another good-night kiss. Twice during dinner, he seemed to draw near The Subject, but then he circled around it and flew off, each time to report some news of little relevance or to recount something funny that Angel had said. If the aftermath of his encounter with Vanadium had not been so messy, Junior might have paused for dinner before wrapping up his work here. The walk back from Quarry Lake had taken almost two hours, in part because he had ducked out of sight in the trees and brush each time that he heard traffic approaching. He was famished. Regardless of how well-prepared the food, however, ambience was a significant factor in the enjoyment of any meal, and bloodstained decor was not, in his view, conducive to fine dining. "It's a miracle both of you didn't go through that railing," the attorney agreed. Celestina had a delayed reaction to Barty's name. An odd look came over her. "Barty? Short for ... Bartholomew?". Although the small tin-and-plastic harmonica was more toy than genuine instrument, the boy blew and siphoned surprisingly complex music from it. As far as Apes could tell, he never hit a sour tone. "Six hundred ninety-five people were killed in three states. Winds so powerful that some of the bodies were thrown a mile and a half from where they were snatched off the ground." As the afternoon waned toward a portentous dusk and toward the gallery reception for Celestina White, Junior prepared his knives and guns. Perhaps his sister intuited what Edom was about to say, because she didn't let him get started. Odder yet, the pianist had studied him with a keen interest that was inexplicable, since they were essentially strangers. When caught staring, he'd appeared rattled, turning away quickly, eager to avoid further contact. Do further testing, of course, but not until he's been stabilized at least twelve hours. Personally, I don't think we'll find any physical cause. Most likely, this was psychological--acute nervous emesis, caused by severe anxiety, the shock of losing his wife, seeing her die. Applying enough pain, he could have gotten cooperation even from Vanadium. The detective had said he'd heard Junior fearfully repeat Bartholomew in his sleep, which Junior believed to be true, because the name did resonate with him; however, he wasn't sure he believed the cop's claim to be ignorant of the identity of this nemesis. Junior lifted the pattie with a fork, found no quarter under it, and put the meat on one half of the bun. He constructed the sandwich from these fixings, added ketchup and mustard, and took a great, delicious, satisfying bite. To the right first. Kick the door open, simultaneously firing two rounds, because maybe this was her bedroom, where she kept a gun. Mirrors shattered: a tintinnabulation of falling glass on porcelain, glass on ceramic tile, a lot more noise than the shots themselves. Years earlier, a stream had been diverted to fill the vast excavation. Stock fish were added, mostly trout and bass. After following the blacktop fifty feet, Junior headed downhill through the close-cropped grass, between the tombstones. He switched on his flashlight and trod cautiously, for the ground sloped unevenly and, in places, remained soggy and slippery from the rain. After adjusting the hairpin that held her lace mantilla, Maria passed from the narthex into the nave. She dipped two fingers in the holy water that glimmered in the marble font, and crossed herself. He didn't realize he was swinging the

candlestick at Vanadium's face until he saw the blow land. And then he couldn't stop himself from swinging it yet once more..Or perhaps the sorrow was less sadness than yearning. He had to move on, but he was loath to begin this strange journey without her..Moving around the front of the station wagon, waving at his mother, reveling in her astonishment, Barty shouted, "Not scary!.Nolly adored her laugh, so musical and girlish. He would have made all sorts of a fool out of himself, anytime, just to hear it..Opening the directory to the marker, he found a card tucked between the pages. A joker, with BARTHOLOMEW in red block letters..But with the silencer attached, the pistol was useful only for close-up work. After passing through a sound-suppressor, the bullet would exit the muzzle at a lower than usual velocity, perhaps with an added wobble, and accuracy would drop drastically at a distance..Vanadium was dead. Pounded with pewter and sunk in a flooded quarry. Gone forever..After taking a minute to steel himself, Junior squatted next to the dead detective..If there had been footsteps, they had fallen silent the moment Junior froze to listen for them. Even over the hard drumming of his heart, he would have heard any noise. The pillowy fog seemed to smother sound in the alleyway more effectively than ever..Following a month of recuperation and postoperative medical care, Junior was able to return to his twice-a-week classes in art appreciation. He resumed, as well, his almost daily strolls through the city's better galleries and fine museums..Ford dealership, which he'd closed for business until three o'clock: lamentations, lunch, and moving reminiscences of the deceased shared among the shiny new Thunderbirds, Galaxies, and Mustangs. That venue would provide Junior with the witnesses he required for his reluctant, tearful, and perhaps even angry concession to the Hackachaks' insistent materialism.
