"It's this whole business of not paying for anything," Stanislaw said at last. "We come in here and drink, we go into restaurants and eat, we walk out of stores with all kinds of stuff, and none of it costs anything." He sat back, looked from side to side for moral support, got plenty, and shook his head helplessly. "It seemed too good to be true at first, but that soon wears off. It's not funny anymore, chief. It's getting to all of u~". "Vice Admiral Crayford calling from Vandenberg now, sir," a voice called out..turn her back on this neighbor from the wrong side of Hell..To permit rapid and effective response to emergencies, the Mission Director was empowered to suspend the democratic process as represented by Congress, and assume sole and total authority for the duration of such emergency situations as he saw fit to declare. Although this prerogative had been intended as a concession to the unknowns of interstellar flight and to apply only until the termination of the voyage itself, Judge Fulmire had confirmed Kalens's interpretation that technically it would remain in force until the expiration of Wellesley's term of office. The question now was: Could this prerogative be extended to whomever became chief executive of the next administration, and if so, who was

empowered to write such an amendment into law? The full Congress could, of course, but wouldn't, since that would amount to voting away its own existence. Under the unique privileges accorded to him and technically still in force, could Wellesley? with rubies. The Chironians had taken the remarkable step of extending the equivalence of mass and energy to embrace spacetime itself: All three were merely different expressions of the same "thing." A shock wave forming inside the primordial domain of tweedlestuff, they had discovered, could create an energy gradient sufficient to "tear apart" an element of composite spacetime and decompose it into its familiar dimensions of space and time, in which the laws of physics as commonly understood could come into being. Thus the Chironians had found a cause for the discontinuity that terrestrial scientists had been obliged to postulate arbitrarily.."Read about him. You'll see."..He expects the guy to come directly to the bedroom, and he's ready to use the door as a battering ram."Old Sinsemilla," said Leilani..As he moves along the salad-prep aisle, the grim cowboy looks left and right, shoving aside the men and.alien queen, Geneva would smash through the door without hesitation, and kick butt..to be entrusted to the masses. Gaulitz would be a suitable figure to groom as a... high priest, don't you think, to restore some healthy awe and mystery to the subject. He nodded knowingly. "The Ancient Egyptians had the fight idea." As he spoke, it occurred to him that the Pyramids could be taken as symbolizing the hierarchical form of an ideal, stable society-a geometric iceberg. The analogy was an interesting one. It would make a good point to bring up at the dinner party. Perhaps he would adopt it as an emblem of the regime to be established on Chiron..Cool..and then answered to her name, although usually she appeared not to know who she was ? or to care.."The congressman has a nice sense of humor.".."I'd be opposed," said Geneva, brandishing a carrot stick..slabs of the night, and if the slabs could fall heavily to the blacktop. Blades, indeed, but not knives..The theory opened up whole new realms, Pernak was beginning to appreciate as he sat back in his office to give his mind a rest from absorbing the information being presented on the wall screen opposite. What he was starting to glimpse hadn't just to do with the physics; it was the completely new philosophy of existence that came with the physical interpretation..fit. But it's not really their fault because they're not really people like us." The conviction was widespread even though the Mayflower II's presiding bishop was carrying a special ordinance from Earth decreeing that Chironians had souls. Jean realized that she had left* herself open to misinterpretation and added hastily, "Well, they are people, of course. But they're not exactly like you because they were born without any mothers or fathers. You mustn't hate them or anything. Just remember that you're a little better than they are because you've been luckier, and you know about things they've never had a chance to learn. Even if we have to be a little bit firm with them, it will be for their own good in the end..".."Yes, dear, who did he whack?" Aunt Gen asked with bright-eyed interest.
