What he learned working with his father and uncle in the shipyard he could use, at least; and he dwindled into trifles. Might Diamond go (as his mother's uncle had gone) to the School of Wizards. "Probably not," the wizard said, and then, appearing to notice Diamond, put down his pen and said, "Young man, I must ask you if you wish to continue studying with me." Silence nodded, acceptant as always..quiet talk among them.. "That wall is not as deep-rooted as my trees," said the Patterner..Curious manners, I thought. But, then, if that's what's done. . . "She came to this place at this time," the Namer said. "And to this place, at this time, no one comes by chance. All any of us knows is how it seems to us. There are names behind names, my Lord Healer."..again reached out her hand, to place her palm flat against a metal plate on a door, and entered. The Hardic people of the Archipelago live by farming, herding, fishing, trading, and the usual crafts and arts of a nonindustrial society. When he was there and she needed a hand, he took Berry's place, and as she told her friend Tawny, laughing, he was cannier with the cows than Bren's old dog had been. "He talks to em, and I'll swear they consider what he says. And that heifer follows him about like a puppy." Whatever he was doing out on the ranges with the beeves, the cattlemen were coming to think well of him. Of course they would grab at any promise of help. Half San's herd was dead. Alder would not say how many head he had lost. The bodies of cattle were everywhere. If it had not been cold weather the Marsh would have reeked of rotting flesh. None of the water could be drunk unless you boiled it an hour, except what came from the wells, hers here and the one in the village, which gave the place its name.
