"Those methods were appropriate before this phase, change," Pernak answered. "They don't have any place now." "And-thanks for the valves," Jay said. "They fit perfectly." "How's it coming along?" "What are you doing?" .wore the full-length embroidered slip with flounce-trimmed skirt that she had bought last month at a flea. She had turned out to be a very shapely redhead by the name of Veronica, and she lived in an apartment in the Baltimore module. In fact her face was not unfamiliar, but before then Colman hadn't known who she was. She had seemed as intrigued by Colman as he by her when they talked by the bar earlier in the evening. "Sure, I've been there," he had told her in reply to a question that she had asked with a devilish twinkle in her eye. "There aren't many-places you don't get to visit sooner or later in twenty years." .well-balanced, responsible, and especially good-smelling people practiced aromatherapy and toxin. Hoover must be throwing fits somewhere in the night nearby, struggling to work up enough ectoplasm to. fabulous bulk will allow, bringing her face closer to his, and she whispers these teaberry-scented words: .diner, gift shop, and according to one highway sign glimpsed earlier, a "full range of services," whatever. "By my authority." Matthew Stern rose from his seat and came round onto the floor to face the assembly defiantly. "This prattling has continued for too long. I have no eloquent speeches to make. Enough time has been wasted on such futilities already. You will all proceed now, under escort, to quarters that have been allocated and remain there until further notice. We have business to attend to." He nodded at Stormbel, who motioned at the guards. "I would like Admiral Slessor's to remain behind to discuss matters concerning the continued well-being of the ship." .down the detonation plunger, not on all these issues, but on enough of them to have assured an explosion. not as amusing as a good dumb-blonde joke, which I enjoy even though I'm a blonde myself, and it isn't. see clearly in herself. .The unpacking was finished, and Jean would know better where she wanted to stow the few things he had left lying out. The move had gone very quickly and smoothly, mainly because the Chironians had even furnished the place--fight down to the towels and the bed linen, which had meant that the Failowses could leave most of their own things in storage at the base until something more permanent was worked out. .Stern, in a maroon dinner jacket and black tie, watched her silently through impenetrable, liquid-brown eyes while the steward filled two brandy glasses, set them alongside the decanter on a low table, then departed with his trolley. Through the meal Stern talked about Earth and the voyage, and Celia had found herself following his lead, leaving him the initiative of broaching the subject of her visit. Finally, .The trunks of the Chironian trees were covered by rough overlapping plates that resembled reptilian scales more than bark, and the branches, clustered together high near the tops in a way reminiscent of Californian sequoias, curved outward and upward to support domed canopies .of foliage like the caps of gigantic mushrooms. The foliage was green at the bottoms of the domes but became progressively more yellow toward the tops, around which several furry, catsized, flying creatures were wheeling in slow, lazy circles and keeping up a constant chattering among themselves; "You wouldn't think so, but that yellow stuff up there isn't part of those trees at all," Jay said, gesturing. "Jeeves told me about it. It's a completely different species'--a kind of fern. Its spores lodge in the shoots when the trees are just sprouting, and then stay dormant for years while the trees grow and give them a free ride up to where the sunlight is. It invades the leaf-buds and feeds through the tree's vascular system." .care. Already separated from Luki forever, she would be willing to risk a foster home, but this wouldn't. be dead for sure. As one, the two cowboys start toward Curtis. .of The X-Files, kid." .hunkers in front of the mutt, pets him, scratches behind his ears, and says, "You wait right here. I'll be." "Guard detail, file left and right by sections," Sirocco said at the front. "Section leaders forward." "He moved out into the aisle, where the floor had folded itself into a steep staircase to facilitate fore-and-aft movement, and climbed through into the side-exiting lock chamber with Colman and Hanlon behind him while Red and Blue sections formed up in the aisles immediately to the rear. In the lock chamber the inner hatch was already open, and the Dispatching Officer from the shuttle's crew was carrying out a final instrumentation check prior to opening the outer hatch. As they waited for him to finish and for the rest of the delegation to move forward in the cabin behind, Colman stared at the hatch ahead of him and thought about the ship lying just on the other side of it that had left Earth before he was born and was now here, waiting for them after crossing the same four light-years of space that had accounted for a full half of his life. After the years of speculations, all the questions about the Chironians were now within minutes of being answered. The descent from the Mayflower II had raised Colman's curiosity to a high pitch because of what he had seen on the screen. For despite all the jokes and the popular wisdom, one thing he was certain of was that the engineering and structural modifications that he had observed on the outside of the Kuan-yin had not been made by irresponsible, overgrown adolescents.
