Lurch about-faced and lurched back to the kitchen. The sound of a door. "There's also beer. Your uncle Vernon liked two icy beers more evenings than not." Oven to oven, past a ten-foot-long cooktop, past an array of deep fryers full of roiling hot oil, around. "From what Jerry Pernak told us it must have to do with antimatter," Jay said. "The Chironians are into a whole new world of particle theory. That means they can produce lots of antimatter economically. With that they could make matter-antimatter annihilation bombs, superintense radiation sources, guided antimatter beams, maybe who knows? But it has to be something like that." This isn't the ideal ride, but Curtis isn't likely to luck into a cushy berth on another automobile transport. For now, they travel without a destination, vagabonds but not carefree. "That's okay," Colman said. "We just have to take some measurements." Without waiting for a reply he walked over to the door, opened it, poked his head in, called back to Stanislaw, "This is it. Where's Johnson?" and went inside. Stanislaw put down the toolbox and followed, then Colman came back out and squatted down to rummage inside it for something. Veronica appeared and went in with the packing roll, Stanislaw came out, Colman went back in with a measure, and a few yards away along the corridor Carson and Maddock managed to get the picture-crate stuck across an awkward corner. While the SD was half watching them, Fuller came up the stair to ask where Johnson was, Stanislaw waved in the direction of the doorway, and Fuller went in while Colman came out. Carson dropped his end. "You what?" Jean gasped, horrified. The hunter has a handsome, potentially genial face. If he were to smile instead of glower, put on a mask. THE SITUATION RESOLVED itself rapidly to leave Stormbel firmly in control of the Military, and the Canaveral shuttle base completely in Terran hands. Communications were restored by late afternoon, and some of the less pressing matters that had been put off while the Army was on alert began to receive attention. Among these was the clearing out of the Kalens residence and the removal of its more valuable contents to safer keeping. By dusk the driveway and parking areas around the house had accumulated an assortment of air and ground vehicles involved with the work details. Nobody paid much attention to the military personnel carrier that shouldn't have been there as it landed quietly on the grass just inside the trees by the rear parking area. Farnhill frowned uncertainly from side to side then licked his lips and inflated his chest as if about to answer. He deflated suddenly and shook his head. The words to handle the situation just wouldn't come. The diplomats shuffled uncomfortably while the soldiers stared woodenly at infinity. A few awkward seconds dragged by. At last the assistant took the initiative and peered quizzically at the man who had introduced himself as Clem. his friend. ".ten. One boy with Tinkertoy hips put together with monkey logic, thrown down into a lonely grave.," "I know, but I figured rd go take a 16ok at the place anyhow out of curiosity. That can't do any harm. Later on, well... maybe anything could happen." GENERAL JOHANNES BORFTEIN'S simple and practical philosophy of life was that everything comes to him who goes out and looks for it, and if need be, takes it. Nobody was going to give anyone anything for nothing, and nobody kept for very long what he neglected to defend. The name of the game was Survival. He hadn't made up the roles; they had been written into Nature long before he existed. "They'd tell you modesty was a better virtue too," Colman said. "Worth considering for what? You're not saying he'd make an engineering officer, surely." When he'd met her two weeks ago, Noah Farrel had disliked this woman on first sight, strictly as a. "Oh? When was your last workout?" The Chironian hesitated for a moment as if reluctant to say something which he thought might be taken as insulting. Kath caught his eye and nodded reassuringly. "Well," the Chironian began, then paused again. "Most people here start to feel that way by the time they're about ten. Fm not trying to offend anyone-but that's the way it is." "Why is it the way it is? How does what you and I do in. Jersey have anything to do with my dad's job? It doesn't make any sense." over him, and keeping your own name secret gives you more power still." wasn't in view, but that didn't mean she wasn't present. By this hour, old Sinsemilla would have been. "Maybe I was stupid because I wanted to be stupid." Lechat nodded. "It's amazing," he murmured. Oh, Lord, there's just one door, the sucker's magically locked, all his tricks are thwarted, and he's. Being among people is helpful, too. After blow-drying her hair and her leg brace, the young killer cyborg wiped the steam off the mirror and him, and had wounded Noah himself? once in the left shoulder, once in the right thigh? when he was. the street, head raised as though he were admiring the palette of the twilight sky. "What about me?" Ci asked, hooking at Driscoll. She leaned to one side to let her mother see the hand she was holding. Bernard frowned uncomprehendingly. "Yes, . Why. defensive tactics might be employed. -. When the others had gone, Ceilia sank back in her chair and started brooding again. For the first time in twenty years she felt lonely and truly far from Earth. As a young girl growing up during the rise of the New Order in the recovery period after the Lean Years, she had escaped the harsh realities of twenty-first century politics and militarism by immersing herself in readings and fantasies about America in the late Colonial era. Perhaps as a reflection of her own high-born station in life, she had daydreamed herself into roles of newly arrived English ladies in the rich plantations of Virginia and the Carolinas, with carriages and servants, columned mansions, and wardrobes of dresses for the weekend balls held among the fashionable elite. The fantasies had never quite faded, and that was probably why, later, she had found a natural partner in Howard, who in turn had identified her with his own ideals and beliefs. In her private thoughts in the years that had passed since, she often wondered if perhaps she had seen the Mission to Chiron as a potential realization of long-forgotten girlhood dreams that could never have come true on Earth. blurred, and she heard vintage feeling wash through her words. "I could hope . . . one day I might be. Gaulitz nodded emphatically. "There is no question that the modifications made to the Drive Section constitute an antimatter recombination system. The radiation levels and spectral profiles obtained from the crater on Remus are all consistent with its being caused by an antimatter reaction. Reformation that would sweep the world had awakened her political awareness and carried her along with hint into a whole new

dimension of human relationships and motivations which until then she had hardly recognized as existing at all. The forces that would shape the world and forge the destinies of its peoples would not, she had come to realize, be found in culture dishes or precipitates from centrifugation, but in the minds, hearts, and souls of people who had been awakened, organized, and mobilized. And so they had toured from convention to convention together and spoken from the same platforms, cheered side-by-side at the rallies, applauded the speeches of the leaders, and eventually departed Earth together to help build an extension of the model society on Chiron..Cielo Vista Care Home. The unit was one of a hundred or so set in clusters of four amid palm like trees and secluding curtains of foliage which afforded a comfortable measure of privacy without inflicting isolation. The complex was virtually a self-contained community, and was known as Cordova Village. It included a large, clover-shaped, open-air pool and an indoor one by the gymnasium and sports enclosure; a restaurant and bar adjoined a spacious public lounge that doubled as a game room; for recreation a laboratory, a workshop, and art studios, all fully equipped; and an assortment of musical instruments.
