Over potato soup and an asparagus salad, the dinner conversation got off to a promising start: a discussion of favorite potato dishes, observations on the weather, talk of Mexico at Christmas..cocktail lounge to be her personal pickup spot. Naturally, people who worked the lounge knew her, were friendly with her. They would remember any man who accompanied the heiress to her penthouse.."Some men," she said, "wouldn't be able to sustain desire when their hands

touched my back. I'll understand if you're one of them. It's not beautiful to the eye, and rough as oak bark to the touch. That's why I brought you here, so you'd know this before you consider where you want to go from ... where we are now." He turned the knob. The door eased inward, but he pushed it open only a fraction of an inch. The guest room. Bring Grace to the window. Disengage the latch. No good. Warped or painted shut. Small panes, sturdy mullions too difficult to break out. Between the one-line description of the baklava and the menu's more effusive words about the walnut mamouls, the suspense became too much, the doubt too insidious, at which point Celestina looked up and said, with more girlish angst in her voice than she had planned "Maybe this isn't the place, maybe it isn't the time, or maybe it's the time but not the place, or the place but not the time, or maybe the time and the place are right but the weather's wrong, I don't know--Oh, He fished the sound-suppressor from a jacket pocket, drew the pistol from his shoulder holster, and began to screw the former to the latter. He misthreaded it at first because his hands had begun to shake. He must be careful in his approach to her. He dared not rush into this. Think it through. Devise a strategy. This valuable opportunity must not be wasted. Thick fog distorted all sense of time and place. At each end of the block, pearly hazes of light marked intersections with main streets but didn't illuminate this narrower passage in between. A few security lamps-bare bulbs under inverted-saucer shades or caged in wire--indicated the delivery entrances of some businesses, but the dense white shrouds veiled and diffused these, as well, until they were no brighter than gaslights. "But before you leave St. Mary's," the physician said, "I'd like a few mutes of your time. It's very important to me. Personally." They laughed and held hands. For the first time since Phimie's panicked phone call from Oregon, Celestina felt that everything would eventually be all right again. This was different earthquake weather from that of ten days ago, when he'd made the pie deliveries alone. Then: blue sky, unseasonable warmth, low humidity. Now: low gray clouds, cool air, high humidity. Professional magic was not a field in which many Negroes could find their way to success. Obadiah was one of a rare brotherhood. Turning away from the window, Celestina grabbed the girl and pushed her toward the bed, whispering, "Down, under." "There's a fine George and Ira Gershwin song called 'Someone to Watch Over Me.' His breath was warm against her throat: "And I want to go back home to see some faces." Hope was the handmaid to Agnes's faith. She always held fast to the belief that the future would be bright, but right now she was hesitant to test that optimism even with a harmless card reading. Yet, as with the fifth place setting, she was reluctant to object. "Who?" she shouted, though they were perched side by side on a black-leather love seat. He felt remarkably well when he arrived home: calm, proud of his quick thinking and stalwart action, pleasantly tired. He hadn't chosen to kill again; this obligation had been thrust on him by fate. Yet he had proven that the boldness he'd shown on the fire tower, rather than being a transient strength, was a deeply rooted quality. With effort, she managed to say, "I'm sorry, sweetie," but her voice was sufficiently distorted by anguish that even to herself, she sounded like a stranger. Two high-quality deadbolt locks. Sufficient protection against the average intruder, but inadequate to keep out a self-improved man with channeled anger. Ten months later, Simon called again, also regarding Cain, but this time the attorney was the client, and Cain was the target. What Simon wanted Nolly to do was strange, to say the least, and it could be construed as harassment, but none of it was exactly illegal. And for two years, beginning with the quarter in the cheeseburger, ending with the coin-spitting machines, all of it had been great fun. At many houses, strings of Christmas lights painted patterns of color at the eaves, around the window frames, and along the porch railings--all so blurred by fog that Junior seemed to be moving through a dreamscape with Japanese lanterns. Dinner arrived, and Tom persuaded Celestina and Grace to come to the table for Angel's sake, even if they had no appetite. After so much chaos and confusion, the child needed stability and routine wherever they could be provided. Nothing brought a sense of order and normality to a disordered and distressing day more surely than the gathering of family and friends around a dinner table. Life was too short to waste it working if you had the means to afford lifelong leisure. Too late for interrogation now, with Vanadium bludgeoned into eternal sleep and resting under many fathoms of cold bedding. Tuesday morning, while he showered with a swimming cockroach that was as exuberant as a golden retriever in the motel's lukewarm water, Junior vowed never to kill again. Except in self-defense. Perplexed by their peculiar behavior, even slightly unnerved, Tom answered Maria's question. "I'm afraid there's nothing else I can do, nothing more of a fantastic nature." Under Celestina's guidance, the menfolk--Wally, Edom, Jacob, Paul, Tom--had packed cartons of canned and dry goods, plus numerous boxes of new spring clothing for the children on their route. All those items had been loaded into the vehicles the previous evening. would allow herself to feel the loss, the misery against which she was now armored. Phimie deserved dignity in this final. For more than two weeks, Agnes's heart had been a clangorous place, filled with the rattle and bang of hard emotions, but now a sort of quiet had come upon it, a peace that, if it held, might one day allow joy again. Edom, eager to learn precisely when a tidal wave or falling asteroid would bring his doom, fetched a pack of cards from a cabinet in the parlor. When Maria explained that only every third card was read and that a full look at the future required four decks, Edom returned to the parlor to scare up three more. In Room 724, standing alone at her sister's bedside, watching the girl sleep, Celestina told herself that she was coping well. She could handle this unnerving development without calling in either of her parents. Agnes's faith told her that the world was infinitely complex and full of mystery, and in a peculiar way, Barty's talk of infinite possibilities supported her belief and gave her the comfort to sleep. Monday morning, New Year's Day, Agnes carried two suitcases out of the back door, set them on the porch, and blinked in surprise at the sight of Edom's yellow-and-white Ford Country Squire parked in the driveway, in front of the garage. He and Jacob were loading their suitcases into the car. She didn't hear gunfire this time, either, but the hard crack of splintering wood attested to the passage of at least two more bullets. Holding on to the jamb with one hand, Barty leaned across the threshold, listening to the day. Birds. Softly rustling leaves. Nobody on the porch. Even trying hard to be quiet, people always made some little noise. Nearly two weeks ago, in the Spruce Hills hospital, Junior had been drawn by some strange magnetism to the viewing window at the neonatal-care unit. There, transfixed by the newborns, he sank into a slough of fear that threatened to undo him completely. By some sixth sense, he had realized that the mysterious Bartholomew had something to do with babies. Maria looked stricken when she answered the doorbell, for she intuited that a visit, instead of a call, meant the worst. Angel found this hysterical, and Agnes said long-sufferingly, "Thank you for the language lesson, Master Lampion." Bartholomew was an uncommon name, however, and logic suggested that if the baby was now called Bartholomew, he'd been named for his adoptive dad. Therefore, a search of the listings might be fruitful. If their relationship had not been limited to a single evening of passion, if they had not been of two worlds, if she had not been underage and therefore jailbait, they might have had an open romance, and then her death would have touched him more deeply. The minister's threat had been forgotten, repressed. At the time, only half--heard, merely kinky background to lovemaking, these words had amused Junior, and he'd given no serious thought to their

meaning, to the message of retribution contained in them. Now, in this moment of extreme danger, the inflamed boil of repressed memory burst under pressure, and Junior was shocked, stunned, to realize that the minister had put a curse on him!.He looked up into the eyes of the stocky man with the birthmark. They were gray eyes, hard as nail heads, but clear and surprisingly beautiful in that otherwise unfortunate face..After a hesitation, she said, "You're the boogeyman, except when I saw you, I was hiding under the bed where you're supposed to be.".He snatched up the wine list before she could look at it. "If you're paying, then I'm ordering whatever costs the most, regardless of what it tastes like.".Lying on his side in bed, clothed and shod, knees drawn up, arms folded across his chest, hands pressed under his chin, like a precocious fetus dressed and waiting for birth, Junior tried to recall the chain of logic that had led to this long and difficult pursuit of Bartholomew. That chain led three years into the past, however, which to Junior was an eternity, and not all the links were still in place..Consequently, Edom was abroad in the land with pies and parcels, following a list of names and addresses provided by his sister, even though he believed an unprecedentedly violent earthquake, the fabled Big One, was likely to strike before noon, certainly before dinner. This was the last day of the rest of his life..She thought all that, but she closed her eyes and said: "I'll be okay. Give me a second here, all right?".Then the police in Spruce Hills would want to know why he had been screwing around with an underage Negro girl if his marriage to Naomi had been as perfect, as fulfilling, as he claimed. Unfair as it seems, there is no statute of limitations on murder. Closed files can be dusted off and opened again; investigations can be resumed. And although authorities would have little or no hope of convicting him of murder on whatever meager evidence they could dig up, he would be forced to spend another significant portion of his fortune on attorney fees..Eventually he put the quarter on the nightstand, switched off the lamp, and slipped into bed..Junior wanted to shoot all of them, but he said, "Take it. Keep it. Get it the hell out of here.".The chest respirator, which Joshua had evidently applied, lay discarded on the bedclothes beside her. She seldom required this apparatus to assist her breathing, and then only at night..It was then that village sorcery, and above all women's witchery, came into the ill repute that has clung to it since. Witches paid dearly for practicing the arts they thought of as their own. The care of pregnant beasts and women, birthing, teaching the songs and rites, the fertility and order of field and garden, the building and care of the house and its furniture, the mining of ores and metals-these great things had always been in the charge of women. A rich lore of spells and charms to ensure the good outcome of such undertakings was shared among the witches. But when things went wrong at the birth, or in the field, that would be the witches' fault. And things went wrong more often than right, with the wizards warring, using poisons and curses recklessly to gain immediate advantage without thought for what followed after. They brought drought and storm, blights and fires and sicknesses across the land, and the village witch was punished for them. She didn't know why her charm of healing caused the wound to gangrene, why the child she brought into the world was imbecile, why her blessing seemed to burn the seed in the furrows and blight the apple on the tree. But for these ills, somebody had to be to blame: and the witch or sorcerer was there, right there in the village or the town, not off in the warlord's castle or fort, not protected by armed men and spells of defense. Sorcerers and witches were drowned in the poisoned wells, burned in the withered fields, buried alive to make the dead earth rich again..By the time he got back to Spruce Hills, the early night had fallen. The pearly, waxing moon floated over a town that glimmered mysteriously among its richness of trees, flickering and shimmering as though it were not a real town, but a dreamland where a multitude of Gypsy clans gathered by the lambent amber light of lanterns and campfires..Granted that he was only three going on four, nevertheless Barty had never met anyone with as much cheerful imagination as Angel. He intended to marry her in, oh, maybe twenty years..Friday brought Scamp again, all of Scamp, all day, every way, wall-to-wall Scamp, so on Saturday he hadn't enough energy to do more than shower..Junior discovered more tears than could have been found in ten thousand onions. His wife and his unborn baby. He had been willing to sacrifice his beloved Naomi, but maybe he would have found the cost too high if he had known that he was also sacrificing his first-conceived child. This was too much. He was bereft..Through nine months of quiet panic, however, Phimie grew less rational week by week, resorting to reckless measures that endangered.She was not going to be as forthright with Barty as she had insisted that Joshua Nunn be with her, in part because she was too shaken to risk forthrightness..When at last the caller spoke again, her voice sounded a kingdom away: "Will you tell Bartholomew ... ?".Angel, as if in God's own hands, stared with round-eyed wonder at the physician..Urgency gripped the paramedics. The rescuers' equipment and the pieces of the car door were dragged out of the way to make a path for a gurney, its wheels clattering across pavement littered with debris..Twilight, nearly gone and purple in the west, inspired a bright violet line along the crest of an incoming bank of bay fog, as though the mist were shot through with a luminous vein of neon, transforming the entire sparkling city into a stylish cabaret just now opening for business. The night, soft as a woman come to dance, carried a steely blade of cold in its black-silk skirts..By the grace of Caesar Zedd and Remy Martin, Junior eventually slipped into undulant currents of sleep, and as he drifted away on those velvet tides, he took some solace from the thought that come what may, December 29 would be a better day than December 28..Leaving Spruce Hills, Junior thought he was putting distance between himself and his enigmatic enemy, gaining time to study the county phone directory and to plan his continuing search if that avenue of investigation brought him no success. Instead, he had walked right into his adversary's lair..The enormous canopy of the oak didn't shelter the lawn beneath it. The leaves spooned the rain from the air, measuring it by the ounce, releasing it in thick drizzles instead of drop by drop..The January air was crisp, fragrant with evergreens and with the faint salty scent of the distant sea. A curiously yellow moon glowered like a malevolent eye, studying him from between ragged ravelings of dirty clouds..After coffee had been served, when Celestina and Wally were no longer the center of attention, he indicated the array of desserts with his fork, smiled, and said, "I just want you to know, Celie, that these are sweets enough until we're married.".A shock-haired, bright-eyed woman with a candle bound to her forehead set down her pick to show Otter a little cinnabar in a bucket, brownish red clots and crumbs. Shadows leapt across the earth face at which the miners worked. Old timbers creaked, dirt sifted down. Though the air ran cool through the darkness, the drifts and levels were so low and narrow the miners had to stoop and squeeze their way. In places the ceilings had collapsed. Ladders were shaky. The mine was a terrifying place; yet Otter felt a sense of shelter in it. He was half sorry to go back up into the burning day..and humble. They managed to worry up tuition for art school, but Celestina worked as a waitress to pay for her studio apartment and other needs..He nervously fingered the fabric of his slacks, outlining the quarter in his pocket. Still there..Words eluded him again, and he surveyed the coffee shop, as if someone might step forward to speak for him. He realized people were staring, and embarrassment drew a tighter knot in his tongue.."I doubted myself more than God, though Him, too. I had those boys' blood on my hands. They were mine to protect, and I failed."
