Nothing he had learned about the supernatural had led him closer to a belief in ghosts and in all that ghosts implied.

His faith still reposed entirely in Enoch Cain Jr., and he refused to make room on his altar for anyone or anything other than himself. "I really am sorry about this," Junior said, regretting the necessity to deny her the right to look good at her own funeral, "but it's got to appear to be a crime of passion." "That's unusual, too, and I wish the etiology of this disease, which is exceedingly well understood, gave us reason to hope based on the transience of the symptoms ... but it doesn't." Still seeking some missing fact, some insight that would help him understand the maniac's Bartholomew obsession, Tom asked more questions until Celestina suddenly realized and revealed what might be the information that he sought: Cain's perverse insistence on playing the reverend's taped rough draft of "This Momentous Day" throughout his long assault on her sister. She couldn't explain her anxiety to him, because he believed in the supremacy of laws, in the justice that might be delivered in this life, in a comparatively simple reality, and he would not comprehend the gloriously, frighteningly, reassuringly, strangely, and deeply complex reality Agnes occasionally perceived—usually peripherally, sometimes intellectually, but often with her heart. This was a world in which effect could come before cause, in which what seemed to be coincidence was, in fact, merely the visible part of a far larger pattern that couldn't be seen whole. He didn't want to risk marrying weapon and silencer here in the hall, where he might be seen. Besides, complications could arise from being splattered with Neddy's blood. Aftermath was disgusting, but it was also highly incriminating. For the same reason, he was loath to use a knife. Aware of the mortician's new edginess, Jacob was convinced that his initial distrust of Panglo was justified. This twitchy little guy seemed to have something to hide. Jacob didn't have to be a cop to recognize nervousness born of guilt. Throughout lunch and, indeed, during his hours as an outpatient at the hospital, Barty gave no indication that he understood the gravity of his situation. He remained cheerful, charming the doctors and technicians with his sweet personality and precocious chatter. He nodded. "You do. Yes. But you don't need to know right now. Later, when you're calmer, when you're clearer. It's too important to rush you through it now." Edom had noticed them earlier. Now he saw they were in worse condition than he'd thought. Enlarged knuckles, fingers not entirely at natural angles to one another. Perhaps Obadiah had rheumatoid arthritis, like Bill Klefton, though a less crippling case. "Frozen firing pin," Cain said. His smile was venomous. "I worked on it. I hoped you'd get here in time to see the consequences of your stupid games." Knacker or Hisscus, or Nork, was talking about an offering, as though Naomi were a goddess to whom they wished to present a penance of gold and jewels. "Because He didn't want you to be a dog." She finished tying a bow in the drawstrings. "There. You look just like an M&M." "We do look somewhat alike," Edom said, shifting his attention to Jacob's left ear. Wally's own house was in the same neighborhood, a block and a half away, a three-story Victorian gem that he entirely occupied. On Thursday, December 28, employing forged driver's licenses and social-security cards as identification, Junior opened small savings accounts and also rented safe-deposit boxes for Pinchbeck and Gammoner at different banks with which he'd never previously done business, using the mailing addresses that he'd established earlier. When you construct or reconstruct a world that never existed, a wholly fictional history, the research is of a somewhat different order, but the basic impulse and techniques are much the same. You look at what happens and try to see why it happens, you listen to what the people there tell you and watch what they do, you think about it seriously, and you try to tell it honestly, so that the story will have weight and make sense. Celestina stared at the small, brown face, opening herself to the anger and hatred with which she had regarded this child in the operating room. Junior was flattered, he really was. Women couldn't get enough of him. The story of his life. They never let go gracefully. He was wanted, needed, adored, worshiped. Women kept calling after they should have taken the hint and gone away, insisted on sending him notes and gifts even after he told them it was over. Junior wasn't surprised that women would return from the dead for him, nor was he surprised that women he'd killed would try to find a route back to him from Beyond, without malice, without vengeance in their hearts, merely yearning to be with him again, to hold him and to fulfill his needs. As gratified as he was by this tribute to his desirability, he simply didn't have any romantic feelings left for Naomi and Seraphim. They were the past, and he loathed the past, and if they wouldn't let him alone, he would never be able to live in the future. Junior was motivated not by twisted needs, but by rational self interest. Consequently, he opted to load the detective's body into the cramped backseat of the Studebaker with all limbs intact and head attached. Easter still lay a few weeks away, but already Celestina had begun decorating more than a hundred baskets, so that nothing would need to be done at the last minute except add the candy. Her living room was a warren of baskets, ribbons, bows, beads, bangles, shredded cellophane in green and purple and yellow and pink, and decorative little plush-toy bunnies and baby chicks. A door slammed, and after the briefest of internal debates about whether to ize or act, Junior left Ichabod straddling the threshold. He must get to Celestina before she reached a telephone, and then he could come back and finish moving the body. Gifted with unusual powers of visual observation, the girl was quick to notice the slightest changes in her world. The sparkling engagement ring on Celestina's left hand had not escaped her notice. Eventually he approached the door between the dining room and the kitchen. He paused there, listening. In his room, he settled on the bed with his constipating snacks and the county telephone book. Because he had packed the directory with the Zedd collection, the thief hadn't gotten it. Inking? The sequined and tasseled hat of fame was too gaudy for her; she was a minister's daughter, from Spruce Hills, Oregon, more comfortable in a baseball cap. Late Monday afternoon, September 19, Junior returned wearily to his apartment, from another fruitless investigation of a Bartholomew, this one across the bay in Corte Madera. Exhausted by his unending quest, depressed by lack of success, he sought refuge in meditation. Clinging to the desperate hope of an ultimate reunion, he put the gun away, went to the kitchen, and made a grilled-cheese sandwich: cheddar, with dill pickles on the side. Against the sight of Franklin Chan's pity, which implied the hopelessness of Barty's condition, Agnes closed her eyes. But she opened them at once, because this chosen darkness reminded her that unwanted darkness might be Barty's fate. "Everybody needs cheese," Angel said, which apparently meant that Mrs. Ornwalt would never lack work. "Mommy, you're wrong." Sobbing desperately, he dropped the telephone handset on the secretary, seized the dishtowel. He wrapped the cloth tightly around the shattered stump, applying pressure to diminish the bleeding. Amazed, Agnes gaped at her baby. The throat lump that blocked her speech was part pride, part awe, and part fear, though she didn't at once understand why this wonderful precociousness should frighten her.
