When he killed the Bartholomew, this haunting would finally end, too. In Junior's mind, Vanadium and Bartholomew were

inextricably linked, because it was the maniac cop who first heard Junior calling out Bartholomew in his sleep. Did that make sense? Well, it made more sense at some times than at others, but it always made a lot more sense than anything else. To be rid of the dead-but-persistent detective, he must eliminate Bartholomew. After wiping her floury hands, Agnes took the book from him and, examining it, could find nothing wrong. She flipped back a few pages, then a few forward, but the lines of type were crisp and clear. "Show me where, honey." Shifting the Suburban out of park, Wally said, "I didn't know Baptists indulged in wagering." "It was in your heart, too, and anything that's in your heart is there for anyone to see. Will your father marry us?" Dr. Chan's manner remained professional, providing the strength that Agnes required, but his pain was evident when his gentle voice softened further: "These tumors are so advanced, we won't know until surgery if the malignancy has spread. We may already be too late. And if we aren't too late, we'll have only a small window of opportunity. A small window. Eight days would entail too much risk." On the sofa, Celestina finally worked up the courage to dial her parents' number in Spruce Hills. Raised by a father to whom any form of amusement was blasphemy, Agnes had never seen a magician perform until she was nineteen, when Joey Lampion, then her suitor, had taken her to a stage show. Rabbits plucked out of top hats, doves conjured from sudden plumes of smoke, assistants sawn in half and mended to walk again; every illusion that had been old even in Houdini's time was a jaw-dropping amazement to her that evening. Now she remembered a trick in which the magician had poured a pitcher of milk into a funnel fashioned from a few pages of a newspaper, causing the milk to vanish when the funnel, still dry, was unrolled to reveal ordinary newsprint. The thrill that had quivered through her that evening measured 1 on the Richter scale compared to the full 10-point sense of wonder quaking through her at the sight of Barty as dry as if he'd spent the afternoon perched fireside. Lowering his surgical mask, Dr. Lipscomb approached Celestina, where she stood with her back pressed to the wall. Maybe every accidental death was suspicious to Vanadium. His obsessive hounding of Junior might be his standard operating procedure. Lord, listen to me-but I've really got to know if you can, if you are, how you feel, whether you feel, I mean, whether you think you could feel--." "Come with me," Paul Damascus said at once. "To Bright Beach. It is far away from San Francisco, and he'd never think of looking for you there. Why would he? You've no connection to the place. I've got a house with enough room. You're welcome. And you wouldn't be among strangers." The previously flat, monotonous voice had in it now a subtle but undeniable new roundness of tone: "And every human being, every living thing, is a string on that instrument." Tom pointed to the nearly finished martini that stood on the table before him. Balanced on the thin rim of the glass: impossibly, precariously--the coin. O foolish writer. Now moves. Even in storytime, dreamtime, once-upon-a time, now isn't then. Even Barty seemed to be attentive, but Angel happily applied crayons to a coloring book and hummed softly to herself. He said this as though confident Agnes would understand what he meant, with a smile and with a glint in his eyes that almost became a wink, as if they were members of a secret society in which these three repeated words were code, embodying a complex meaning other than what was apparent to the uninitiated. Never before had she put faith in any form of prognostication. In the whispery falling of those twelve cards, however, she heard the faint voice of truth, not quite a coherent truth, not as clear a message as she might have wished, but a murmur that she couldn't ignore. Her name was Victoria Bressler, and she was an attractive blonde. She would never have been serious competition for Naomi, because Naomi had been singularly stunning, but Naomi, after all, was gone. Someone she had known. Someone Celestina, too, might know. He lived in or around Spruce Hills, because Phimie had considered him still to be a threat. THE CRISP CRACKLE of faux flames, the way they made them in the days of radio dramas, back in the 1930s and '40s, when he was a boy: cellophane. This night in Weott, with the high solemn silence of the redwood forests out there now and waiting to embrace him in the morning, he slept without dreams. Every distorted shape, every smear of color, every swath of light and shudder of shadows resisted her attempts to relate them to the world she knew, as if shimmering before her were the landscape of a dream. She told them of Phimie's request that the baby be named Angel. "At the time, I assumed she wasn't able to think clearly because of the stroke. This Dry Sack-assisted effort at recollection, however, brought back to him one thing in addition to all the sweet lubricious images of Seraphim naked. The voice of her father. On the tape recorder. The reverend droning on and on as Junior pinned the devout daughter to the mattress. Wally-Dr. Walter Lipscomb, who delivered Angel and who became her godfather-never worried when the girl seemed to be developing too slowly, counseling that every child was an individual, with his or her particular learning pace. Wally's double specialty--obstetrics and pediatrics-gave him credibility, of course, but Celestina had worried, anyway. Angel, on the window seat, wore nothing but white. White sneakers and socks. White pants. White T-shirt. Two white bows in her hair. The glittering room appeared unchanged. Even the piano player seemed to be the man who'd been at the keyboard back then, though his yellow-rose boutonniere and probably his tuxedo, as well, were new. Maybe he went a little crazy then. He wouldn't deny a brief, transient madness. The second medic wheeled the gurney to the rear of the van, calling for one of the policemen to accompany him to the hospital. Apparently, he needed help if he was to deliver the baby and also stabilize Apes while en route. "Can't pay us as well as Losen does. But we could live," Otter argued. Kathleen expected this would prove to be true. She herself was not frightened by Thomas Vanadium's appearance; but then she had been prepared for it before she first saw him. And she wasn't a murderer, fearful of retribution, to whom this particular face would seem like Judgment personified. "Tom, a couple minutes ago," Agnes said, "Celestina mentioned your . . . 'certain awareness.' Which is what exactly?" He didn't want to lean inside and peer over the front seat. He had no weapon. He would be unbalanced, vulnerable. Then Junior saw the blood on the right cuff of Vanadium's shirt. Blood dripping from his hand, too. "A friend's daughter. They say she died in a traffic accident down in San Francisco. She was even younger than Naomi." Based on the evidence, perhaps Sklent never laughed, regardless of how clever the joke. He scowled fiercely at the paintings in the brochure, returned it to Junior, and snarled, "Shoot the bitch." He had already reviewed twenty-four thousand names, finding no Bartholomew, putting red checks beside entries with the initial B instead of a first name. A slip of yellow paper marked his place. Had he ever thought he could get away with this? He must have been delusional, temporarily mad. The moment that the roof of the car vanished beneath the water, Junior hurried away, retracing on foot the route he had driven. He didn't have to go all the way back to Vanadium's place, only to the dark house where he'd left Victoria Bressler. He had a date with a dead woman. In his blindness, Barty listened to her reports and, through her, saw more than he could have seen if never he had lost his eyes. "All right," Celestina said, "yes, of course." She could see no harm in humoring Phimie. "Angel. Angel White. Now, you calm down, you relax, don't stress yourself." Still seeking some missing fact, some insight that would help him understand the maniac's Bartholomew obsession, Tom asked more questions until Celestina suddenly realized and revealed what might be the information that he sought: Cain's perverse insistence on playing the reverend's taped rough draft of "This Momentous

Day" throughout his long assault on her sister..Junior had heard of this invention, but until now he'd never seen one. He supposed that an obsessive like Vanadium might go to any lengths, including this exotic technology, to avoid missing an important call..At the farthest end of the loft from the stereo speakers, voices nevertheless had to be raised in even the most intimate exchanges. The artist who had created In the Baby 's Brain Lies the Parasite of Doom, Version 6, however, possessed a voice as deep, sharp-edged, and penetrating as his talent.. "Peach, raisin, walnut pies," Agnes said, "with regular bottom crust and a chocolate-crackle top crust." When his stomach rolled uneasily and his scalp prickled, he was seized by panic, certain that he was going to suffer both violent nervous emesis and severe hives, breaking out and chucking up at the same time. He popped the capsules into his mouth but couldn't produce enough saliva to swallow them, so he turned on the faucet, filled his cupped hands with water, and drank, dribbling down the front of is jacket and sweater..He followed an alleyway to the building's service entrance, for which he possessed a key that wasn't provided to other tenants. He unlocked the steel door and stepped into a small, dimly lighted receiving room with gray walls and a speckled blue linoleum floor.. "I think we could wind up as crazy as he is, if we tried long enough to puzzle out his twisted logic." Kathleen hadn't noticed Tom replace his glass on the table, over the quarter. When he lifted it to drain the last of the martini, two dimes and a nickel glittered on the tablecloth, where previously the quarter had been..He feared that suicide was a ticket to Hell, and he knew that sinless Perri was not waiting for him in those lower realms..The silence in this city of the dead was complete. The night lay breathless, stirring not one whisper from the stationed evergreens that stood sentinel over generations of bones..Inexplicably, each repetition of Bartholomew heightened Junior's anxiety. The name resonated not just in his ear, but in his blood and bones, in body and mind, as if he were a great bronze bell and Bartholomew the clapper..Three times, Mary vanished, and three times she reappeared, before she led the bamboozled Koko to her mother and father. "Neat, huh?" "I was raised to understand it," said Celestina, and when she looked across the room, she saw that her words had moved her mother..The voice had come not from the armchair in the corner, but from immediately beside the bed..Junior had thought the news was the lab report, which had found no ipecac in his spew. All that had been distraction..Jacob was hiding something. Until he had spoken of Josef Krepp, his every response had been formed as a question, which had always been his preferred method of avoidance when conversation involved a subject that made him uncomfortable..Finally he began: Greetings on this momentous day. I'm writing to you about an exceptional woman, Agnes Lampion, whose life you have touched without knowing, and whose story may interest you..Junior blinked and dared not speak, because he didn't know any Bartholomew, and now he was certain the cop was weaving an elaborate web of deceit, setting a trap. Why would he have spoken a name that meant nothing to him? Either this chatterbox was at all times a babbling airhead or Junior particularly disconcerted him..Sunday evening, here he was, cracking open four new decks, as if fresh cards might enable the magic to repeat..Junior assumed the dead girl had come from a family of stature in the Negro community, which would explain the stonecarver's accelerated service. Vanadium, according to his own words, was a friend of the family; consequently, the father was most likely a police officer.. "Acute nervous emesis," Junior croaked. "I've never thought of myself as a nervous person." No one seemed to realize that predicting the future might not be a suitable entertainment in this house, at this time, considering that Agnes had so recently and horribly been blindsided by fate..Junior actually raised his trembling left hand to his ear, expecting to find the quarter tucked in the auditory canal, held between the tragus and the antitragus, waiting to be plucked with a flourish..Seven or eight years after Tehanu was published, I was asked to write a story set in Earthsea. A mere glimpse at the place told me that things had been happening there while I wasn't looking. It was high time to go back and find out what was going on now..Anyway, if Celestina escaped, there would be a witness, and it wouldn't matter to a jury that she was a talentless bitch who painted kitsch. She would have seen Junior get out of the Mercedes and would be able to provide at least a half-accurate description of the car in spite of the fog. He still hoped to pull this off without having to give up his good life on Russian Hill..At 3:3 1 A.M., even the early-winter dawn wasn't near, yet Junior was too awake to return to bed. Though sweet, though melancholy, never ominous, the ghostly singing had left him feeling ... threatened. He considered taking a shower and getting an early start on the day. But he kept remembering Psycho: Anthony Perkins dressed in women's clothes and wielding a butcher knife..The cord wasn't long enough to allow Celestina to take the telephone handset with her, so she put it down on the nightstand, beside the lamp..By the time he put his suitcase and three boxes of books--the collected works of Zedd and selections from the Book-of-the-Month Club-in the Suburban, Junior had rushed twice more to the bathroom. His legs were shaky, and he felt hollow, frail, as if he'd lost more than was apparent, as if the essential substance of himself was gone.. "Where did it go?" Grace asked her granddaughter, making as much effort as she could to lighten the mood for the girl's sake..He still had work to do here. Properly disposing of Thomas Vanadium, however, was the most urgent piece of business..If the wife killer had cut himself accidentally, his writing on the wall indicated a hair-trigger temper and a deep reservoir of long-nurtured anger.
