detail, so it may be ideal for both you and your own entire life. Lang sat back down and patted the ground around her, ground that was covered in a multiple layer of the Martian pressure-tight web, the kind of web that would have been made only by warmblooded, oxygen-breathing, water-economy beings who needed protection for themselves until the full bloom of summer..Then he went back upstairs. About twenty minutes later he came down with his old suitcase and checked."That is not much for true friendship," said Amos.. "Yes," said the North Wind, "there is a mirror there. A wizard so great and so old and so terrible that neither you nor I need worry about him placed it there a year and two days ago. I blew him there myself in return for a favor he did me a million years past, for it was he who made this cave for me by artful and devious magic."..dissolved in tearful reconciliations. The limb of the planet reappears; he floats like a glider over the dark surface tinted with rose and violet-gray; now he can see its nubly texture; now he can make out individual plants. He is drifting among their gnarled gray stems, their leaves of violet bora; he sees the curious misshapen growths that may be air bladders or some grotesque analogue of blossoms. Now, at the edge of the screen, something black and spindling leaps. He follows it instantly, finds it, brings it hugely magnified into the center of the screen: a thing like a hairy beetle, its body covered with thick black hairs or spines; it stands on six jointed legs, waving its antennae, its mouth parts busy. And its four bright eyes stare into his, across forty million miles..Stella Vanilla?!?ve never learned exactly what her real last name is?is Jain's bodyguard. This thing is like a ... a headstone, a monument. It's growing right here in the graveyard, from the bodies of our friends. Can you believe in that as just a coincidence?"..- I. G. Saltier..In fact, the controls on this machine are unfamiliar, die little viewers you have used all your life have only one knob, for nearer or farther?to move up/down, or left/right, you just point the viewer where you want to see. This machine has dials and little windows with numbers in them, and switches and pushbuttons, most of which you don't understand, but you know they are for special purposes and don't matter. The main control is a metal rod, right in front of you, with a gray plastic knob on the top. The knob is dull from years of handling; it feels warm and a little greasy in your hand. The console has a funny electric smell, but the big screen, taller than you are, is silent and dark. You can feel your heart beating against your breastbone. You grip the knob harder, push it forward just a little. The screen lights, and you are drifting across the next room as if on huge silent wheels, chairs and end tables turning into reddish silhouettes that shrink, twist and disappear as you

pass through them, and for a moment you feel dizzy because when you notice the red numbers jumping in the console to your left, it is as if the whole house were passing massively and vertiginously through itself; then you are floating out the window with the same slow and steady motion, on across the sunlit pasture where two saddle horses stand with their heads up, sniffing the wind; then a stubbled field, dropping away; and now, below you, the co-op road shines like a silver-gray stream. You press the knob down to get closer, and drop with a giddy swoop; now you are rushing along the road, overtaking and passing a yellow truck, turning the knob to steer. At first you blunder into the dark trees on either side, and once the earth surges up over you in a chaos of writhing red shapes, but now you are learning, and you soar down past the crossroads, up the farther hill, and now, now you are on the big road, flying eastward, passing all the cars, rushing toward the great world where you long to be..Q: Say, Guv, what's the author of "Chthon" *ave hi 'is car that he."I thought you'd write something about me." "Would you like me to do that?" "It's too late now." "Not.148.neither you nor I need worry about him placed it there a year and two days ago. I blew him there myself.of the chairs..
