"You think I can turn the King's order down? You want to see me sent to row with the slaves in the galley we're building? Use your head, boy!".Channeling his beautiful rage, Junior hefted the corpse onto the windowsill, and shoved it headfirst into the alley. The fog received it with what sounded almost like a swallowing noise..Still looming over her, he snatched the pad out of her hands and examined the sketch.

"Where would you have seen this?". Even Agnes was briefly unnerved to the extent that she said, "Enough of this. It's not fun anymore." A pathologically suspicious cop, aware of Junior's acute emesis following Naomi's death, might imagine a connection between this epic bout of diarrhea and Victoria's murder, and Vanadium's disappearance. Here was an avenue of speculation that he did not want to encourage. Yet the most enduring relationship he had all year was with the ghostly singer. On February 18, he returned home in the afternoon, from a class in spirit channeling, and heard singing as he opened his front door. That same voice. And the same hateful song. As faint as before, repeatedly rising and falling. "I could have been killed," Junior Cain repeated, suddenly so horrorstruck by this realization that an iciness welled in his gut, and for a while he wasn't able to feel his extremities. A half bath downstairs. Two bedrooms and a full bath on the upper floor. All deserted. He had been surprised to learn her age. She didn't appear to be that old. Thirty or not, Victoria was unusually attractive. "Mommy, did you know, every day on Mars is thirty-seven minutes and twenty-seven seconds longer than ours?" Another machine beside the first, stocked with copies of a sexually explicit publication for gays, fired a quarter that hit Junior's forehead. The next snapped against the bridge of his nose. If someone were here in the hallway with him, it couldn't be Angel, because she would be chattering enthusiastically in one voice or another. Uncle Jacob would never tease him like this, and no one else was in the house. The previous April, the lads from Liverpool had claimed all five of the top five. Real Americans, like the Beach Boys and the Four Seasons, were forced to settle for lower numbers. It made you wonder who had really won the Revolutionary War. "Thank you, Nurse Bressler," he said most solemnly, matching her tone, barely able to control the urge to glance at her, smile, and give her another preview of his quick, pink tongue. Carrying him to the window, gazing up at the stars, the moon, she said, "I'll always read to you, Barty." A moment ago, he'd slammed into Angel's room, and that was loud, but this boomed louder, thunderous enough to wake people throughout the building. Instead, her father asked, "Is this emotion talking, Celie, or is this brain as much as heart?" He had met her in a university adult-extension course titled "Increasing Self-Esteem Through Controlled Screaming." Participants were taught to identify harmful repressed emotions and dissipate them through the authentic vocal imitations of a variety of animals. Junior thought he was alone, but just when he felt capable of summoning the energy to shift to a more comfortable position, he heard a man clear his throat. The phlegmy sound had come from beyond the door. The various flavors of canned soda were always racked in the same order, allowing Barty to select what he wanted without error. He got orange for Angel, root beer for himself, and closed the refrigerator. Already, he was up two hours past his bedtime. In recent months, he'd exhibited the more erratic sleeping habits of older children. Some nights, he seemed to possess the circadian rhythms of owls and bats; after being sluggish all day, he suddenly became alert and energetic at dusk wanting to read long past midnight. Even Rudy, as huge as Big Foot and as amoral as a skink, was afraid of this woman. Frequently, people told Agnes that she should find an agent for Barty, as he was wonderfully photogenic; modeling and acting careers, they assured her, were his for the asking. Though her son was indeed a fine-looking lad, Agnes knew he wasn't as exceptionally handsome as many perceived him to be. Rather than his looks, what made Barty so appealing, what made him seem extraordinarily good-looking, were other qualities: an unusual gracefulness for a child, such a physical easiness in every movement and posture that it seemed as though some curious personal relationship with time had allowed him twenty years to become a three-year-old; an unfailingly affable temperament and quick smile that possessed his entire face, including his mesmerizing green blue eyes. Perhaps most affecting of all, his remarkable good health was expressed in the lustrous sheen of his thick hair, in the golden-pink glow of his summer-touched skin, in every physical aspect of him, until there were times when he seemed radiant. Any reasonable person would agree that the line between legitimate and harassment was hair-thin. "Would you like a little tea and a piece of crumb cake?" Grace asked as smoothly as if, in *The Big Book of Etiquette for Ministers' Wives*, this were the preferred response to the announcement of a startling career change. Opening his eyes, still not daring to meet Victoria's gaze, Junior knew she had registered and properly interpreted his response to her seductive spooning. She had frozen, the utensil in midair, and her breath had caught in her throat. She was thrilled. Now that Tom knew what to look for, the gloom couldn't conceal the incredible truth. Maria said nothing, working busily, but Agnes recognized that special silence in which difficult words were sought and laboriously stitched together. Out of Phimie's humiliation, terror, suffering, and death had come Angel, whom Celestina had first and briefly hated, but whom now she loved more than she loved Wally, more than she loved herself or even life itself. Phimie, through Angel, had brought Celestina both to Wally and to a fuller understanding of their father's meaning when he spoke of this momentous day, an understanding that brought power to her painting and so deeply touched the people who saw and bought her art. "You should be with your children," Agnes worried. Maria looked up. "My babies are sitted with my sister." He pressed his right ear to the door, held his breath, heard nothing, and addressed the top lock first. Quietly, he slid the thin pick of the lock-release gun into the key channel, under the pin tumblers.
