"Pretend then. And don't make it anything flip like that last one. Make it sad and delicate and use some rhymes. ". "Mine's Barry," he said. "Do you drink beer?". "We have been studying this problem for some time now, and we believe there is a solution. It would not be feasible to send a contingent of adult humans, either as a functioning community or in some suspended sate, with the ship; it is in too advanced a stage of construction to change its primary

design parameters. But then, why send adult humans at all?" He spread his arms appealingly. "After all, the objective is simply to establish an extension of our race where it would be safe from any calamity that might befall us here, and such a location would be found only at the end of the voyage. The people would not be required either during the voyage or in the survey phase, since 'machines are perfectly capable of handling everything con- license. Their entire conversation had been illegal. The guilt that immediately marched into his mind and over Aventine. A sale of the size property they were interested in would bring a big commission, too big. Naturally, the ordinary "somatic cells" of an adult human body, with their genetic equipment working only in highly specialized ways, cannot divide into a whole organism if left to themselves. Many body cells, such as those of the muscles or nerves, have become so specialized they can't divide at all. Only the sex cells, eggs and sperm, retain the lack of genetic specialization required to produce a new organism under the proper circumstances..by SAMUEL R.
