Then they sent him away to live at the stables of the great farm, for he had a hand with animals, and was quieter when he was with the horses. A vital ethical and intellectual force, the archmage also exerted considerable political power. On the whole this power was used benevolently. Maintaining Roke as a strong centralising, normalising, pacific element in Archipelagan society, the archmages sent out sorcerers and wizards trained to understand the ethical practice of magic and to protect communities from drought, plague, invaders, dragons, and the unscrupulous use of their art..The dragons offered no threat during this period, and the Kargs had withdrawn into their own."Rast?" He was determined now not to win her, but to defeat her. He could not let her defeat him. He must prove to her and himself that his dreams were meaningless.. "Oh, it's you who have it to spare, sir. Another time he said, "My words are nothing. Hear the leaves." That was all he said that could be called teaching. As she walked, she listened to the leaves when the wind rustled them or stormed in the crowns of the trees; she watched the shadows play, and thought about the roots of the trees down in the darkness of the earth. She was utterly content to be there. Yet always, without discontent or urgency, she felt that she was waiting. And that silent expectancy was deepest and clearest when she came out of the shelter of the woods and saw the open sky..first. I blinked. Sorcerers trained one another, and had some knowledge of the True Speech. Sorcery included both base crafts as defined by Halkel (finding, mending, dowsing, animal healing, etc.) and some high arts (human healing, chanting, weatherworking). A student who showed a gift for sorcery and was sent to Roke for training would first study the high arts of sorcery, and if successful in them might pursue his training in the art magic, especially in naming, summoning, and patterning, and so become a wizard..Irian looked down at the ground. After a long time she said, clearing her throat, not looking up, "Is it true I do harm being here?". "You're terrific." She seemed calmer, but still she did not sit. "Then why were you so." I forget-I always forget," he said, downcast again. "I forget the walls of the prison. I'm not." He looked at her now, not glancing but squarely, his eyes catching and holding hers. "But there. In the wood. Under the trees. There is the old wisdom. Never old. I can't teach you.
