It induces vomiting with great effectiveness. The active ingredient is a powdered white alkaloid called emetine." Celestina threw down the weapon even before she turned, and as two cops entered the room, she cried, "He's getting away!". He went upstairs to change out of his dark blue suit and badly scuffed black shoes. The strange barrage of lightning, putting an end to the rain rather than initiating it, had been a clue. The rapid clearing of the sky-indicating a stiff wind at high altitudes, while stillness prevailed at ground level-a sudden plunge in the humidity, and an unseasonable warmth confirmed the coming catastrophe. She removed a temporary cap from the second bicuspid on the lower left side and replaced it with the porcelain cap that had been delivered by the lab that morning. Instead, she saw Phimie reborn. She saw, as well, a child endangered. Somewhere out there was a rapist capable of extreme cruelty and violence, a man who would--if Phimie was correct--react unpredictably if ever he learned of his. Junior phoned a twenty-four-hour-a-day locksmith and paid premium post midnight rates to have the double deadbolts re-keyed. The sill was about four and a half feet off the lavatory floor. With both hands, Junior levered himself onto it. The window didn't face the street. It overlooked a five-foot-wide passageway between this house and the next. The police might not spot him leaving. Cupping Angel entirely in his big hands, smiling at her, he said, "Oh, no, Mrs. White, this looks like a healthy young lady to me. No medicine required." ANGEL WAS DRESSED in as much red as the devil himself: bright red shoes, red socks, red leggings, red skirt, red sweater, and a knee length red coat with a red hood. He briefly closed his hand around the three coins, then with a snap of his wrist, flung them at Nolly, who flinched. But either the coins were never flung or they vanished in midair-and his hand was empty. "AND I DRINK CHAMPAGNE ALL DAY," said Miss Cheese, pronouncing it "cham-pay-non." This bond between the Lampion and White families, which Grace had already heard about from Paul, came as news to Celestina as much as to Agnes. It inspired more reminiscences of lost husbands and the wistful wish that Joey and Harrison could have met. Remember the beauty of rage. Channel the anger and be a winner. Act now, think later. "You could also dream of bananas," Celestina suggested as she turned down the bedclothes. AFTER THE ENCOUNTER with the quarter-spitting vending machines, Junior wanted to kill another Bartholomew, any Bartholomew, even if he had to drive to some far suburb like Terra Linda to do it, even if he had to drive farther and stay overnight in a Holiday Inn an eat steam-table food off a buffet crawling with other diners' cold germs and garnished with their loose hairs. At the top of the candlestick, the drip pan and the socket were marked by a wine-red drizzle. The color of well-aged bloodstains. Commodified fantasy takes no risks: it invents nothing, but imitates and trivializes. It proceeds by depriving the old stories of their intellectual and ethical complexity, turning their action to violence, their actors to dolls, and their truth-telling to sentimental platitude. Heroes brandish their swords, lasers, wands, as mechanically as combine harvesters, reaping profits. Profoundly disturbing moral choices are sanitized, made cute, made safe. The passionately conceived ideas of the great story-tellers are copied, stereotyped, reduced to toys, molded in bright-colored plastic, advertised, sold, broken, junked, replaceable, interchangeable. In January '65, while Vanadium had been in the first month of what proved to be an eight-month coma, Enoch Cain had sought Nolly's assistance in a search for Seraphim's newborn child. When Vanadium had learned about this from Magusson long after the event, he assumed that Cain had heard Max Bellini's message on his answering machine, made the connection with Seraphim's death in an "accident" in San Francisco, and set out to find the child because it was his. Fatherhood was the only imaginable reason for his interest in the baby. Junior was tempted to experiment with the controls. Maybe other messages were recorded on the machine. Listening to them would be delicious-even if every one of them turned out to be as meaningless to him as Max's--a little like browsing through a stranger's diary. . . . then how come you couldn't walk where your eyes were healthy and leave the tumors there," she remembered. "Who hired him to hex the ship, fool?". She was so hot that the ice melted quickly. A thin trickle slid down her throat, but not enough to take the Sahara out of her voice when she said, "More." "Don't you say that. The society isn't silly, especially not now. It's us, it's what we were and how we are, and I do so much love everything that's us." Edom marveled at Agnes's ability to rise above the past and to transcend so many years of torment. She was able to see the house as simple shelter, whereas to her brothers, it was-and always would be-the place in which their spirits had been shattered. Even living within sight of it would have been out of the question if they had been employed, with options. "Evidence suggests Vanadium killed a woman here, a nurse at the hospital. Lover's quarrel, perhaps. He set her house on fire with her body in it, to cover his tracks, but he must have realized they would still finger him, so he lit out." But on March 23, 1966, after a bad date with Frieda Bliss, who collected paintings by Jack Lientery, an important new artist, Junior had an experience that rocked him, added significance to the episode in the diner, and made him wish he hadn't donated his pistol to the police project that melted guns into switchblades. He stabbed Prosser, however, merely to relieve his frustration and to enliven the dull routine of a life made dreary by the tedious Bartholomew hunt and by loveless sex. In return for more excitement, he'd assumed greater risk, to mitigate risk, he must have insurance. In the living room, the central and largest window framed a magnificent view, and swagged silk brocatelle draperies framed the window. An oversize hand-painted and heavily gilded chaise lounge, upholstered in an exquisite tapestry, stood against this backdrop of city and silk, and Renee pulled Junior down upon the chaise, desperate to be ravished there. A smoldering cigarette, usually dangling aslant from one corner of a hard mouth set in a cynical sneer, was standard issue for tough-guy gumshoes, but Nolly didn't smoke. His failure to develop this bad habit resulted in a less satisfyingly murky atmosphere than the clients of a private dick might expect. Pulling herself up in the bed, peering at him suspiciously, she said, "You've gone and memorized old Emily." He was immensely weary, limp. He felt oppressed, as though a great weight were piled on him. Even keeping his eyes open was tiring. Wally's own house was in the same neighborhood, a block and a half away, a three-story Victorian gem that he entirely occupied. He closed his eyes again and seemed asleep, but then as she clicked off the lamp, he murmured, "You have your halo again." A trickster, this detective. Full of taunts and feints and sly stratagems. Psychological-warfare artist. The one piece he had purchased was by a young Bay Area artist, Baval Poriferan, about whom art critics nationwide were in agreement: He was destined for a long and significant career. The sculpture had cost over nine thousand dollars, an extravagance for a man trying to live on the income of his hard-won and prudently invested fortune, but its presence in his living room immediately identified him, to cognoscenti, as a person of taste and cutting-edge sensibilities. of fists, hard blows, and his father's heavy breathing as he deals out the punishment. Edom himself lies face down in. Mary Lampion, little light, was home-schooled as her father and mother had been. But she didn't study just reading, writing, and arithmetic. Gradually she developed a range of fascinating talents not taught in any school, and she went

exploring in a great number of the many ways things are, journeying to worlds right here but unseen..Out of respect for his mother, Barty struggled to hold fast to his eyeless second sight, living in the idea of a world where he still had vision, until she had been accorded the honors she deserved and had been laid to rest beside his father.."Your mind is as fascinating as ever," he said. "Your soul as beautiful. Listen, Per, since we were thirteen, I was never primarily interested in your body. You flatter yourself shamelessly if you think it was all that special even before the polio." "Sometimes these sympathetic vibrations are very apparent, but alot of the time, they're so subtle that you can hear them only if you're unusually perceptive." Her lifelong optimism, her buoyancy, which she had miraculously sustained through so many difficult years, would never survive this. She would no longer be a rock of hope for him and Edom. Their future was despair, undiluted and unrelenting..He looked at the two cards following the four of clubs in the stack. Neither of these was a jack of spades, either, and both were what he anticipated..THE RAIN THAT HAD threatened to wash out the morning funeral finally rinsed the afternoon, but by nightfall the Oregon sky was clean and dry. From horizon to horizon spread an infinity of icy stars, and at the center of them hung a bright sickle moon as silver as steel..As Wally got behind the wheel and closed his door, Angel said, "Mommy, where's fog come from? And don't say Hawaii." That evening, he was filled with a greater sense of adventure than he'd felt since arriving in the city from Oregon. Consequently, he treated himself to three glasses of a superb Bordeaux and a filet mignon in the same elegant hotel lounge where he had dined on his first night in San Francisco, almost three years earlier..Tom had acted with the best intentions-but also with the intelligence and the good judgment that God had given him and that he had spent a lifetime honing. Good intentions alone can be the cobblestones from which the road to Hell is built; however, good intentions formed through much self-doubt and second-guessing, as Tom's always were guided by wisdom acquired from experience, are all that can be asked of us. Unintended consequences that should have been foreseeable are, he knew, the stuff of damnation, but those that we can't foresee, he hoped, are part of some design for which we can't be held responsible..Instinct, even reason, told him that some connection existed between this person, this Bartholomew, and Celestina. The name had terrified Cain in a bad dream, the very night of the day that he'd killed Naomi, and Vanadium therefore had incorporated it into his psychological-warfare strategy without knowing its significance to his suspect. As strongly as he sensed the connection, he couldn't find the link. He lacked some crucial bit of information..IN NEED OF OIL, the hand crank squeaked, but the tall halves of the casement window parted and opened outward into the alleyway..Trembling, she sat beside the bassinet and gazed at her baby with such love that the force of it ought to have rocked him awake..After much oily commiseration, sanctimonious babble about Naomi having gone to a better place, and insincere talk of the government's desire always to ensure the public safety and to treat every citizen with compassion, Knacker or Hisscus, or Nork, finally got around to the issue of compensation..For an instant, she appeared to be frowning. Then he realized this couldn't be a frown. It must be a smoldering look of desire..As the bitch began her backswing, Junior grabbed the chair. He didn't try to tear it out of her hands, but used it to shove her as hard as he could.."Good heavens, Vinnie, I know that," she assured him as she lifted Barty-hardly bigger than a bag of sugar-from the bassinet. She settled with the baby into a rocking chair..Inexplicably, each repetition of Bartholomew heightened Junior's anxiety. The name resonated not just in his ear, but in his blood and bones, in body and mind, as if he were a great bronze bell and Bartholomew the clapper..She could have used the chair. Sitting, however, she wouldn't be able to see his face.."Nothing of the kind." Agnes smiled at Barty and wiggled her finger in his grip. "They've always been my salvation. I don't know what I'd do without them." He realized that like so many women, Seraphim wanted it, asked for it-yet had no place in her self-image to accommodate the truth that she was sexually aggressive. She wanted to think of herself as shy, demure, virginal, as innocent as a minister's daughter ought to be which meant that to get what she wanted, she required Junior to be a brute. He was happy to oblige..just as Sinatra broke into song again, Junior thought he heard a footstep on the wood floor of the hallway, and the creak of a board. The music masked the sounds of the visitor's approach if, indeed, he was approaching..With a thin hiss of disgust, Junior pulled away from the thing, whatever it was, withdrew the flashlight from his belt, and listened intently for sounds in the alleyway. No voices. No footsteps. Only distant traffic noises so muffled that they sounded like the grunts and groans and low menacing growls of foraging animals, displaced predators prowling the urban mist..Getting out of the stuffy car into air much chillier than it had been when he'd left this place, Junior stood unsteadily as the police and the paramedics gathered around him. Then he led them through the wild grass to Naomi, moving haltingly, stumbling on small stones that the others navigated with ease.."Get this through your head, you shit-for-brains. I lost a daughter, a precious daughter, my Naomi, the light of my life." Although he found Magusson's face sufficiently disturbing that he avoided looking at it more than necessary, and though Magusson's bulging eyes were so moist with bitterness and with need that they inspired nightmares, Junior shifted his gaze from his half-numb hands to his attorney. "Luck? I lost my wife. And my unborn baby." Jacob intended to carry the luggage, and Edom announced that he would carry Barty. The boy, however, insisted on making his own way to the house..Being ruthlessly honest with himself, as always, he acknowledged that killing Tammy would not solve his problem. She might have told friends and colleagues about the Rolex, just as she had surely shared with her girlfriends the juiciest details about Junior's unequalled lovemaking. During the two months that he and the cat woman dated, others had heard her call him Eenie. He couldn't kill Tammy and all her friends and colleagues, at least not on a timely enough schedule to thwart the police..Fifteen feet separated them, with guests intervening. Yet this stranger's attention could have felt no more disturbingly intense to Junior if they had been alone in the room and but a foot apart..Caesar Zedd recommended not merely seizing the day but devouring it. Chew it up, feed on the day, swallow the day whole. Feast, said Zedd, feast, approach life as a gourmet and as a glutton, because he who practices restraint will have stored up no sustaining memories when famine inevitably comes..The house was hers, free and clear of mortgages. There were two savings accounts to which Joey had diligently made deposits weekly through nine years of marriage..Celestina finally zipped shut the satchel. "You better watch out for the big bad wolf." Angel, as if in God's own hands, stared with round-eyed wonder at the physician..A MOMENTOUS DAY for Celestina, a night of nights, and a new dawn in the forecast: Here began the life about which she'd dreamed since she was a young girl..Casey and Tutti, her sister Skipper, and dreamboat Ken-and soon the girls had Barty enthusiastically involved in a make-believe world far different from the one in which Heinlein's teenage lead owned an extraordinary alien pet with eight legs, the temperament of a kitten, and an appetite for everything from grizzly bears to Buicks..Not cheerful, life-loving, high-spirited, churchgoing Naomi. She saw every day through a golden haze that came from the sun in her heart..This brilliant mouthful was not nature's work alone. With what Nolly must have spent to obtain this smile, some fortunate dentist had kept a mistress in jewelry through her most nubile years..He stepped into the house, quietly closed the front door, and examined the bottle. The glass

was thick, especially at the base, where a large punt--a deep indentation--encouraged sediment to gather along the rim rather than across the entire bottom of the bottle. This design feature secondarily contributed to the strength of the container. Evidently he had hit her with the bottom third of the bottle, which could most easily withstand the blow..Round one hit Ichabod in the left thigh, because Junior fired while bringing the weapon up from his side, but the next two were solid torso scores. This was not bad for an amateur, even if the distance to target was nearly short enough to define their encounter as hand-to-hand combat, and Junior decided that if the deformation of his left foot hadn't prevented him from fighting in Vietnam, he would have acquitted himself exceptionally well in the war..This sight that might inspire celebration among sailors was denied to Barty, who rode in the backseat with Agnes. Neither could he see how the crimson sky studied its painted face in the mirror of the ocean, nor how a burning blush shimmered on the waves, nor how the veil of night slowly returned modesty to the heavens..Even Barty seemed to be attentive, but Angel happily applied crayons to a coloring book and hummed softly to herself..Fortunately, just as he was about to declare his gut feelings to his superior and risk dismissal, he saw his potential patient. At fifteen, Seraphim was breathtakingly beautiful, in her own way as striking as Naomi, and instinct told Junior that the chance of being physically or morally polluted by her was negligible..She put down her fork, glanced around the restaurant once more, and leaned across the table. Blushing brighter, she softly sang the opening lines of "Someone to Watch over Me"..It occurred to her that the knave had come, as foretold by the cards on that night long ago. She had expected the knave to be a man with sharp eyes and a wicked heart, but the curse was cancer and not a man at all..The possibility that he'd left a clear fingerprint on the watch crystal had to be judged remote. And the band had been too textured to take a print useful to the police..Paul in the guest room again. Sweeping a bedside lamp to the floor, lifting the nightstand..If Agnes knew that Jacob had been helping her game, she might never play cards with him again. She would not approve of what he had done. Consequently, his great skill as a card mechanic must be forever his secret..With the successful consumption of the burger and with the addition of the third Sklent to his collection, Junior felt more upbeat than he'd been in quite a while. Contributing to his better mood was the fact that he hadn't heard the phantom singer in longer than three months, since the library in July..Having used his body as a clapper in the bell of the Dumpster, Junior had struck a loud reverberant note that tolled like a poorly cast cathedral bell, echoing solemnly off the walls of the flanking buildings, back and forth through the fogbound night..Although a cold current crackled along the cable of her spine, Agnes smiled at the card. She was determined to change the dark mood that had descended over them..Finally sleeping, he had anxiety dreams of being in a public rest room, overcome by urgent need, only to find that every stall was occupied by someone he had killed, all of them vengefully determined to deny him a chance for dignified relief.
