Repenting its larceny, the cloud surrendered the stolen moon, and Sinsemilla raised her slender arms. "How can they when there are hardly any around to start with?" Juanita asked him. "We told you--if they're like that, they don't last very long." "Toast done twice." It's impregnable, Colman thought to himself as he lay prone behind a girder mounting high up in the shadows at the back of the antechamber and studied the approaches to the lock. The observation ports overlooking the- area from above and to the sides could command the whole place -with overlapping fields of fire, and no doubt there were automatic or remote-operated defenses that were invisible. True, there was plenty of cover for the first stages of an assault, but the final rush

-would be suicidal -- and probably futile since the lock doors looked strong enough to stop anything short - of a tactical missile. And he was beginning to doubt if the demolition squad suiting up to go outside farther back in the Hexagon would be able to do much good since the external approaches to the module would almost certainly be covered just as effectively; he knew how the minds that designed things like this worked--a confident assessment..
