The detective was driven by this string theory of his, and maybe he also saw visions or even heard voices, like Joan of Arc. Joan of Arc with out beauty or grace, Joan of Arc with a service revolver and the authority to. He'd acted boldly, recklessly, without scoping the territory to be sure Prosser was alone. The accountant lived by himself, but a visitor might be present..she was buoyant, unrestrained, floating up from the padded stretcher, until she was. His dry tongue, his parched mouth, his desiccated throat felt packed fall of sand, and his voice lay buried alive down there..Her mouth was as greedy as it was ripe, and her pliant body radiated volcanic heat, and as Junior slipped his hands under her skirt, his mind teemed with thoughts of sex and wealth and power, until he discovered that the heiress was an heir, with genitalia better suited to boxer shorts than to silk lingerie..This declaration was received seriously by Edom and Jacob, as if the devil often strolled the streets of Bright Beach and from time had been known to snatch little babies from their mothers' and eat them with mustard..A quick tug on each pants cuff revealed no ankle holster, which was how many cops would choose to carry an off-duty piece..In San Francisco, Seraphim Aethionema White lies beyond all hope of resuscitation. So beautiful and only sixteen..He stopped for lunch at a restaurant with a spectacular view of the Pacific, framed by massive pines..A half bath downstairs. active ingredient is a powdered white alkaloid called emetine." At the farthest end of the loft from the stereo speakers, voices nevertheless had to be raised in even the most intimate exchanges. The artist who had created *In the Baby's Brain Lies the Parasite of Doom, Version 6*, however, possessed a voice as deep, sharp-edged, and penetrating as his talent. Between the one-line description of the baklava and the menu's more effusive words about the walnut mamouls, the suspense became too much, the doubt too insidious, at which point Celestina looked up and said, with more girlish angst in her voice than she had planned "Maybe this isn't the place, maybe it isn't the time, or maybe it's the time but not the place, or the place but not the time, or maybe the time and the place are right but the weather's wrong, I don't know--Oh, The second and third rooms proved to be deserted, as well, and as muffled as the cushioned spaces of a funeral home, but an office was tucked discreetly at the back of the final chamber. As Junior crossed the third room, apparently monitored by closed-circuit security cameras, a man glided out of the office to greet him. Junior was pleasantly surprised by his flexibility and by his audacity. He was, indeed, a new man, a daring adventurer, and by the day he grew more formidable. He left by the back door, to avoid the aftermath seeping across the foyer floor. Fog enveloped him, cool and refreshing. Yes, she did, she had one, but not much of one, and compared to the McIntosh in Google's throat, this was just a bitty crab apple, easy to overlook, not excessive for a woman. Deeply distressed that he was planning the funeral of a man as young as Joe Lampion, whom he had liked and admired, Panglo paused to express his disbelief and to murmur comforting words, more to himself than to Jacob, as each decision was made. With one hand on the chosen casket, he said, "Unbelievable, a traffic accident, and on the very day his son is born. So sad. So terribly sad." Teasing out the card, Edom saw that it was an ace of diamonds-remarkable in light of Maria Gonzalez's fortune-telling session last Friday evening. He was more astonished, however, by the name printed in black ink diagonally across the face of the card: BARTHOLOMEW. Paul's Mediterranean complexion didn't make a blush easy to detect, but Tom thought his face brightened until it was a shade or two closer to the color of his rust-red hair. His eyes, usually so direct, evaded Celestina. After a while, when no plane crashed on top of him, Jacob got up, went into the kitchen, and mixed a batch of dough for Agnes's favorite treats. Chocolate-chip cookies with coconut and pecans. Neither guilt nor remorse plagued him. Good and bad, right and wrong, were not issues to him. Actions were either effective or ineffective, wise or stupid, but they were all value neutral. He was no longer in his scrubs, but wore gray wool slacks and a blue cashmere sweater over a white shirt. Face somber, he looked less like an obstetrician engaged in the business of life than like a professor of philosophy forever pondering the inevitability of death. "Too bad. You might have used that to bargain with." Vanadium's vehicle, obviously not an official police sedan, was a blue 1961 Studebaker Lark Regal. A dumpy and inelegant car, it looked as though it had been designed specifically to complement the stocky detective's physique. Applying enough pain, he could have gotten cooperation even from Vanadium. The detective had said he'd heard Junior fearfully repeat Bartholomew in his sleep, which Junior believed to be true, because the name did resonate with him; however, he wasn't sure he believed the cop's claim to be ignorant of the identity of this nemesis. It to the granite-topped secretary, and sat in front of the telephone. Previously, By Sunday evening, a combination of factors-deep commitment to the philosophy of Zedd, explosive testosterone levels, boredom, self-pity, and a desire to be a risk-taking man of action once more-motivated Junior to splash a little Hai Karate behind each ear and go courting. Shortly after sunset, with a single red rose and a bottle of Merlot, he set off for Victoria Bressler's place. He desperately needed closure in the matter of Naomi's death. That was what these past three years and these supernatural events were all about. "Maybe." In truth, Tom didn't believe that any of this could be learned even by one adept taking instruction from another adept. They were born with the same special perception, but with different and strictly limited abilities to interact with the multiplicity of worlds that they could detect. He wasn't able to explain even to himself how he could send a coin or other small object Elsewhere; it was something he just felt, and each time that the coin vanished, the authenticity of the feeling was proved. He suspected that when Barty walked where the rain wasn't, the boy employed no conscious techniques; he simply decided to walk in a dry world while otherwise remaining in this wet one-and then he did. Woefully incomplete wizards, sorcerers with just a trick or two each, they had no secret tome of enchantments and spells to teach to an apprentice. As Agnes slipped excess pillows out from behind him and eased him down into the covers, Barty half woke, muttering about how the police were going to kill poor Lummo, who hadn't meant to do all that damage, but he'd been frightened by the gunfire, and when you weighed six tons and had eight legs, you sometimes couldn't get around in tight places without knocking something over. "If Phimie wasn't here," Celestina said, "and then she came back, she was somewhere during that minute, wasn't she?" "I'm captivated more by painting than I am by most dimensional work," Junior explained. "Really, the only sculpture I've acquired is Poriferan's." For a moment, Junior drew a blank on Renee. Reluctantly, he trolled the past and fished up the painful memory: the gorgeous transvestite in the Chanel suit, heir or heiress to an industrial-valve fortune. "I know you, kid. You can handle anything from here on, whether it's a sold-out show or it's not, whether you're going to be famous or just another nobody." In Cain's bedroom, Tom Vanadium's hooded flashlight revealed a six-foot-high bookcase that held approximately a hundred volumes. The top shelf was empty, as was most of the second. The traffic light turned green. Now onward home. Rolex recovered and bright upon his wrist, Junior Cain drove his Mercedes with a restraint that required more self-control than he had realized he could tap, even with the guidance of Zedd. His silent tears accomplished what his words could not: Nork, Knacker, and Hisscus retreated, urging him to speak to his attorney, promising to return, once more expressing their deepest condolences, perhaps as abashed as attorneys and political appointees could get, but certainly confused and unsure how to proceed when dealing with a man so untouched by greed, so free of anger, so forgiving as the widower Cain. He couldn't work up sufficient saliva to get the rasp out of his voice: "Then you could learn to do it." "Please take the cards from the pack and put them on the coffee table in front of you," Obadiah directed. Sometimes, in his mind, Tom wasn't running along the residential streets of Bright Beach, but along the corridor of the dormitory wing over which he had served as prefect. He was cast back in time, to that dreadful night. A sound wakes him. A fragile cry. Thinking it a voice from his dream, he nevertheless gets out of bed, takes up a flashlight, and checks on his charges, his boys. Low-wattage emergency lamps barely relieve the gloom in the corridor. The rooms are dark, doors ajar according to the rules, to guard against the danger of stubborn locks in the event of fire. He listens. Nothing. Then into the first room-and into a Hell on earth. Two small boys per room, easily and silently overcome by a grown man with the strength of madness. In the sweep of the flashlight beam: the dead eyes, the wrenched faces, the blood. Another room, the flashlight jittering, jumping, and the carnage worse. Then in the hall again, movement in the shadows. Josef Krepp captured by the flashlight. Josef Krepp, the quiet custodian, meek by all appearances, employed at St. Anselmo's for the past six months with nary a problem, with only good employee reviews attached to

his record. Josef Krepp, here in the corridor of the past, grinning and capering in the flashlight, wearing a dripping necklace of souvenirs. "Not only coal miners. Old as you are in some ways, you're still too young for me to explain. I will someday." He placed a hand on her shoulder. "Don't beat up on yourself She's come this far. And though I don't know the hospital in Oregon, I doubt the level of care would equal what she'll receive here." Barty's reading and writing skills appeared to be related to his talent for math, as well. To him, language was first phonics, a sort of music that symbolized objects and ideas, and this music was then translated into written "syllables using the alphabet-which he saw as a system of math employing twenty-six digits instead of ten..Junior got in the car once more, slammed the door, and said, "Panfaced, double-chinned, half-bald, puke-collecting creep." Their struggle to put their sorrow into words moved Agnes not because they cared so deeply, but because in the end they were unable to express themselves adequately. Without the relief provided by expression, their anguish grew corrosive. Their lifelong introversion left them without the social skills to unburden themselves or to provide solace to others. Worse, their obsessions with death, in all its many means and mechanisms, had prepared them to expect Barty's cancer, which left them neither shocked nor capable of consolation, but merely resigned. Ultimately, in great frustration, each twin was reduced to fragmented sentences, crippled gestures, quiet tears-and Agnes became the only consoler..Holding the pistol, fully extending his right arm in execution style, the gunman approached the fallen minister..When he noticed that twilight had come and gone, he realized also that he'd walked through Bright Beach, along Pacific Coast Highway, and south into the neighboring town. Perhaps ten miles..Although he was a stranger, arriving unannounced, and something of an eccentric by anyone's definition, Paul was received by Grace and Harrison White with warmth and fellowship. At their doorstep, raising his voice to compete with the wailing weather, he hurriedly blurted out his mission, as if they might reel back from his wild windblown presence if he didn't talk quickly enough: "I've walked here from Bright Beach, California, to tell you about an exceptional woman whose life will echo through the lives of countless others long after she's gone. Her husband died the night their son was born, but not before naming the boy Bartholomew, because he'd been so impressed by 'This Momentous Day. And now the boy is blind, and I hope you'll be able and willing to give some comfort to his mother." The Whites failed to reel backward, didn't even flinch from his unfortunately explosive statement of purpose. Instead, they invited him into their home, later invited him to dinner, and later still asked him to stay the night in their guest room..When Agnes turned her head and saw Maria Elena Gonzalez, she thought she must be dreaming again..pending storm gathered as if called forth by a curse cooked up from eye of newt, toe of frog, wool of bat, and tongue of dog..He switched on his flashlight. In the beam, on the blacktop, a silver disc. Like a full moon in a night sky..He shook so badly that he couldn't remove the cap from the bottle. He was proud to be more sensitive than most people, to be so full of feeling, but sometimes sensitivity was a curse..For just one hour, which was not too taxing, he walked in the idea of a world where he had healthy eyes, and shared the vision of other Barty's in other places, so he would be able to see his bride as she walked down the aisle and as, beside him, she took their vows with him, and as she held out her hand to receive the ring..But he was more than she had ever imagined her boy to be, more than merely a prodigy..She was not going to be as forthright with Barty as she had insisted that Joshua Nunn be with her, in part because she was too shaken to risk forthrightness..Traditional logic argued that an infant, no more than two weeks old, could not be a serious threat to a grown man..When people didn't apply themselves to positive goals, to making better lives for themselves, they spent their energy in wickedness. Then.They would have given him an antinausea medication. It most likely wasn't going to work quickly enough to save him..Junior had thought most other policemen must consider Vanadium to be a loose cannon, a rogue, an outcast. Perhaps the opposite was true-and if it was, if Vanadium was highly regarded among his peers, he was immeasurably more dangerous than Junior had realized..Her father respected and admired Tom, so she was thankful for his presence. And anyone who could survive whatever catastrophe had left him with this cubistic face was a man she wanted on her team in a crisis..From her reading, she knew that amniotic fluid should be clear. A few traces of blood in it should not necessarily be alarming, but here were more than traces. Here were thick red-black streams..Breath repeatedly catching in her throat, heart thudding, Agnes watched her son through the open car door..With his startling combination of a Mediterranean complexion and rust-red hair, his good looks, and his fit physique, Paul had the exotic appearance of a pulp-fiction hero. In particular, he liked to imagine that he might pass for Doc Savage's brother..Agnes considered describing the sunset to the blinded boy, but her hesitancy settled into reluctance, and by the time the stars came out, she had said not a word about the day's splendid final act. For one thing, she worried that her description would fall far short of the reality, and that with her inadequate words, she might dull Barty's precious memories of sunsets he had seen. Primarily, however, she failed to remark on the spectacle because she was afraid that to do so would be to remind him of all that he had lost..Tom himself had decided to build a new life here, as well, assisting Agnes with her ever-expanding work. He was not yet sure whether this would include the rededication to his vows and a return to the Roman collar, or whether he would spend the rest of his days in civvies. He was delaying that decision until the Cain case was resolved..From the corner armchair, as if he could see so well in the dark that he knew Junior's eyes were open, Detective Thomas Vanadium said, "Did you hear my entire conversation with Dr. Parkhurst?" A SEVERE THIRST INDICATED to Agnes that she wasn't dead. There would be no thirst in paradise..During the drive, he alternated between great gales of delighted laughter and racking sobs wrought by pain and self-pity. The voodoo Baptist was dead, the curse broken with the death of he who had cast it. Yet Junior must endure this final devastating plague..During the past few hours, he had changed his life again, as dramatically as he had changed it on that fire tower almost three years ago..Instinct, even reason, told him that some connection existed between this person, this Bartholomew, and Celestina. The name had terrified Cain in a bad dream, the very night of the day that he'd killed Naomi, and Vanadium therefore had incorporated it into his psychological-warfare strategy without knowing its significance to his suspect. As strongly as he sensed the connection, he couldn't find the link. He lacked some crucial bit of information..Reminding himself that fortune favored the persistent and that he must always look for the bright side, Junior began with the city itself and with those whose surnames were Bartholomew. This was a manageable number..If Junior were weak-minded enough to succumb to madness, this was the moment when he should have fallen into an abyss of insanity. He heard an internal cracking, felt a terrible splintering in his mind, but he held himself together with sheer willpower, remembering to breathe slowly and deeply..Seeing her, Joey leaped up front his armchair again. He managed to hold on to his book this time, but he stumbled into the footstool and nearly lost his balance..Retracing his path across the kitchen, he caught a faint whiff of jasmine from the backyard. Funny, jasmine here inside. Two paces later, he felt a draft..Although Vanadium had been morally certain about the identity of his assailant, intuition without evidence was not sufficient to stir the authorities into action-not against a man on whom the state and county had settled

\$4,250,000 in the matter of his wife's mortal fall. They would appear either to be incompetent in the investigation of Naomi Cain's death or to be pursuing Enoch in the new matter out of sheer vindictiveness. Without stacks of evidence, the political risks of acting on a policeman's instinct were too great..On the nightstand waited a glass of water on a coaster and a pharmacy bottle containing several capsules of a potent painkiller..Odder yet, the pianist had studied him with a keen interest that was inexplicable, since they were essentially strangers. When caught staring, he'd appeared rattled, turning away quickly, eager to avoid further contact..Nolly shuddered. "The wilds of Oregon. I don't intend ever to go there until it's civilized.".When the waiter had gone, -Tom said, "Don't worry about abetting a crime. If I had to pop Cain to prevent him from hurting someone, I wouldn't hesitate. But I'd never act as judge and jury otherwise.".Prepared for any contingency, Junior listened to the house until he was certain that he needed the knife for no one else..WHILE THE SLATS of ash-gray light slowly lost their meager luster, and sable shadows metastasized in sinister profusion, the sentinel silence remained unbroken between Junior Cain and the birthmarked man..This analgesic was among several prescription substances that he had stolen, over time, from the drug locker at the rehab hospital where he once worked. Some he had sold; these he had retained..Nolly shrugged. "He can't know for sure. And anyway, he didn't get the pushed idea until he'd already taken the case.". "Jacob scares people," Agnes said. "No one would eat a pie that Jacob delivered without having it tested at a lab.". This was not the same card he'd found at his bedside, under two dimes and a nickel, on the night following Naomi's funeral. He had torn that one and had thrown it away.. "You're the one who said your cold's just here. Maybe it stays in the kitchen, hoping it'll get a piece of pie."
