The sidewalks were crowded with businessmen in suits, hippies in flamboyant garb, groups of smartly attired suburban ladies in town to shop, and the usual forgettably dressed rabble, some smiling and some surly and some mumbling but as blank-eyed as mannequins, who might be hired assassins or poets, for all he knew, eccentric millionaires in mufti or carnival geeks who earned their living by biting heads off live chickens..He had been stowed in a storeroom of one of the old palaces that Losen had appropriated. It had no window, its door was cross-grained oak barred with iron, and spells had been laid on that door that would have kept a far more experienced wizard captive. There were men of great skill and power in Losen's pay. Hound did not consider himself to be one of them. "All I have is a nose," he said. He came daily to see that Otter was recovering from his concussion and dislocated shoulder, and to talk with him. He was, as far as Otter could see, well-meaning and honest. "If you won't work for us they'll kill you," he said. "Losen can't have fellows like you on the loose. You'd better hire on while he'll take you." Aside from purchasing the T. S. Eliot book, which he hadn't found time to read, Junior was only peripherally aware of current events, because they were, after all, current, while he tried always to focus on the future. The news of the day was but a faint background music to him, like a song on a radio in another apartment..Jacob made more fire sounds as he stripped the clear cellophane off a second new deck of playing cards, then off a third and a fourth..Turning

away from the window, Tom met her gaze. His smoke-gray eyes looked frosted, as though the fog ghosts had passed through the window and possessed him. But then the flame on the table candle flared in a draft; lambent light melted the chill from his eyes, and she saw again the warmth and the beautiful sorrow that had impressed her before..Among these people was an old man whom they called, among themselves, the Changer. He showed Otter a few spells of illusion; and when the boy was fifteen or so, the old man took him out into the fields by Serrenen to show him the one spell of true change he knew. "First let's see you turn that bush into the seeming of a tree," he said, and promptly Otter did so. Illusion came so easy to the boy that the old man took alarm. Otter had to beg and wheedle him for any further teaching and finally to promise him, swearing on his own true and secret name, that if he learned the Changer's great spell he would never use it but to save a life, his own or another's..Uneasy nevertheless, Agnes went down the hall to her son's room and found that he had fallen asleep sitting up, while reading. She slipped The Star Beast out of the tangle of his arms, marked his place with the jacket flap, and put the book on the nightstand..Celestina stood listening until she heard Wally open the outer door and then close it..Those ominous words again, turning through his memory, reel to reel. This time he actually heard them spoken. The voice commanded minded attention with a deeper timbre and crisper diction than his own..against his face, thorns gouging his skin, piercing his lips. His father, oblivious of his own puncture wounds, trying to..Edom had turned away from the box of groceries that he was packing. Frowning at the pies, he said, "You don't think. . .".At the back of the second gallery, on the left, there's a corridor. The rest rooms are at the end of it, beyond the offices..As he was wheeled headfirst into the operating room, Barty raised off the gurney pillow. He fixed his gaze on his mother until the door swung shut between them.. "Now you don't have to worry," Angel said, "about what happens to him if ever you're gone, Aunt Aggie. If he can do this, he can do anything, and you can rest easy..".Under other circumstances, Agnes might have blushed, but now her apparently irrational fear of too much life insurance had been vindicated..Every mother also believes that her baby is smarter than other babies. Sadly, time and the child's choices in life usually require her to adjust her opinion as she never will in the matter of physical beauty..Piano music drifted into the restaurant from the adjacent bar, so soft and yet sprightly that it made the clink of silverware seem like music, too.. "Sometimes it's sad here, Mommy. But it's not sad every place you are. Lots of places, Daddy's with you and me, and we're happier, and everything's okay..".The black service road seemed to come out of nowhere, then to vanish into a void, and Junior suddenly felt dangerously isolated, alone as he had never been, and vulnerable.. "Lock it anyway. And don't hang up. Stay on the line until the patrolmen get there..". "It's just ... the last time I saw him, he trapped me in a corner and told this god awful story, far more than I wanted to know, about some British murderer back in the forties, this monstrous man who beat people to death with a hammer, drank their blood, then disposed of their bodies in a vat of acid in his workroom..". He shuddered..The infant Bartholomew was here in San Francisco. He must be found. He must be dispatched. By the time Junior devised a plan of action to locate the child, he was so hot with anger that he was sweating, and he stripped off one of his two pairs of briefs.. "Please try not to be alarmed, Miss White, but I have a patrol car on the way to your address..".The wife killer was evil; and his evil would be expressed one way or another, regardless of the forces that affected his actions. If he'd not killed Naomi on the fire tower, he would have killed her elsewhere, when another opportunity for enrichment presented itself. If Victoria hadn't become a victim, some other woman would have died instead. If Cain hadn't become obsessed with the strange conviction that someone named Bartholomew might be the death of him, he would have filled his hollow heart with an equally strange obsession that might have led him, anyway, to Celestina, but that would surely have brought violence down on someone else if not on her..He chased after none of these lovelies beyond a few dates, and none of them pursued him when he was done with them, although surely they were distressed if not bereft at losing him.. "Living high. When I wasn't on the road, I had a fine house here in Bright Beach, not this rental shack I'm in now, but a nice little place with an ocean view. You can guess what went wrong..".playing cards, Agnes fixated on Deed's blond bangs, which curled across his broad brow..The same thought had occurred to her, a consolation that might make acceptance of these riches possible. Yet she remained chilled by the thought of receiving a life-changing amount of money as the consequence of a death..At the beginning of his third month, instead of at the end of his fifth, he was combining vowels and consonants: "ba-ba-ba, ga-ga-ga, la-la-la, ca-ca-ca..".Captivated by catastrophe, so lost in his book that he might as well have stepped magically inside of it and closed the covers after himself, Uncle Jacob didn't answer..Robert Heinlein saved her. Over hot dogs and chips, she read to Barty from Red Planet, beginning at the top of page 104. He had previously shared enough of the story with Agnes so that she felt connected to the narrative, and soon she was sufficiently involved with the tale that she was better able to conceal her anguish..Junior attended a New Year's Eve party with a nuclear-holocaust theme. Festivities were held in a mansion usually hung with cutting-edge art, but all the paintings had been replaced with poster-size blowups of photos of ruined Nagasaki and Hiroshima..For each of them, Agnes put one scoop of vanilla ice cream in a tall glass of root beer, and after changing quickly into their pajamas, they sat together in Barty's bed, enjoying their treats, while she read aloud the last sixty pages of Starman Jones..Ghosts. Sklent was an atheist, and yet he believed in spirits. Here's how that works: Heaven, Hell, and God do not exist, but human beings are as much energy as flesh, and when the flesh gives out, the energy goes on. "We're the most stubborn, selfish, greedy, grubbing, vicious, psychotic, evil species in the universe," Sklent explained, "and some of us just refuse to die, we're too hardass to die. The spirit is a prickly bur of energy that sometimes clings to places and people that were once important to us, so then you get haunted houses, poor bastards still tormented by their dead wives, and crap like that. And sometimes, the bur attaches itself to the embryo in some slut who's just been knocked up, so you get reincarnation. You don't need a god for all this. It's just the way things are. Life and the afterlife are the same place, right here, right now, and we're all just a bunch of filthy, scabby monkeys tumbling through an endless damn series of barrels..".Certain that he was overreacting, Tom nevertheless left the kitchen as a cop, not a priest, would leave it: staying low, knife thrust in front of him, clearing the doorframe fast.. "That would be John George Haigh," Agnes said, checking Barty's diaper before nestling him tenderly in the crook of her arm..The slow-motion death ballet, in which Bonnie and Clyde were riddled with bullets, was the worst moment Junior had ever heard in a film. He didn't see more than a brief glimpse of it, because he sat with his eyes squeezed shut. Nine days previously, at Google's instructions, Junior had rented boxes at two mail-receiving services, using the name John Pinchbeck at one, Richard Gammoner at the other, and then he had supplied those addresses to the papermaker. These were the two identities for which Google ultimately provided elaborate and convincing documentation..He was a man with a plan, focused, committed, ready to act and then think, as soon as he was able to act. A spasm of pain weakened his hand. Cartridges slipped through his fingers, fell to the floor.. "Great guy. Do you have an address for her, a way maybe I could get in touch about her

brother?". THE RAIN THAT HAD threatened to wash out the morning funeral finally rinsed the afternoon, but by nightfall the Oregon sky was clean and dry. From horizon to horizon spread an infinity of icy stars, and at the center of them hung a bright sickle moon as silver as steel. When he woke in the morning, he raised his head from the pillow to look at the alarm clock and saw the twenty-five cents on his nightstand. Two dimes and a nickel. AGNES ALWAYS ENJOYED Christmas Eve dinner with Edom and Jacob, because even they tempered their pessimism on this night of nights. Whether the season touched their hearts or they wanted even more than usual to please their sister, she didn't know. If gentle Edom spoke of killer tornadoes or if dear Jacob was reminded of massive explosions, each dwelt not on horrible death, as usual, but on feats of courage in the midst of dire catastrophe, recounting astonishing rescues and miraculous escapes. In the minister's house, Junior had seen no indications of a sister. No family photos, no high-school graduation portrait proudly framed. Of course, he had not been interested in their family, for he had been all-consumed by Seraphim. "Yes, I was." She didn't tell him that her fear had not been allayed by his assurances or by his second walk in the rain. She left him sore in places that had never been sore before. Yet he was more stressed out on Thursday than he'd been on Wednesday. If Junior was patient, he could slip in there, find Bartholomew, kill the boy in bed, whack Ichabod second, and still have a chance to make love to Celestina. The thorns had not been stripped from the long stem of the white rose. Vanadium clutched it so tightly that the sharp points punctured his meaty palm. He seemed to be unaware of his wounds. Everyone agreed, and the order was placed when their waiter brought appetizers: crab cakes for Nolly, scampi for Kathleen, and calamari for Tom. Mysteriously, on the first day of sunny weather in weeks, the 707 had crashed into Jamaica Bay, Queens, killing everyone aboard. Now, in 1965, it remained the worst commercial-aviation disaster in the nation's history, and because of the unprecedented dramatic television coverage, the story was a permanent scar in Celestina's memory, although she had been living a continent away at the time. While the horse and then the sheep grazed twelve months each, an H-bomb accidentally fell from a B-52 and was lost in the ocean, off Spain, for two months before being located. Mao Tse-tung launched his Cultural Revolution, killing thirty million people to improve Chinese society. James Meredith, civil rights activist, was wounded by gunfire during a march in Mississippi. In Chicago, Richard Speck murdered eight nurses in a row-house dormitory, and a month later, Charles Whitman limbed a tower at the University of Texas, from which he shot and killed twelve people. Arthritis forced Sandy Koufax, star pitcher for the Dodgers, to retire. Astronauts Grissom, White, and Chaffee died earthbound, in a flash fire that swept their Apollo spacecraft during a full-scale launch simulation. Among the noted who traded fame for eternity were Walt Disney, Spencer Tracy, saxophonist John Coltrane, writer Carson McCullers, Vivien Leigh, and Jayne Mansfield. Junior bought McCullers's *The Heart Is a Lonely Hunter*, and though he didn't doubt that she was a fine writer, her work proved to be too weird for his taste. During these years, the world was rattled by earthquakes, swept by hurricanes and typhoons, plagued by floods and droughts and politicians, ravaged by disease. And in Vietnam, hostilities were still underway. "I'm afraid you're wrong." When Tom opened his left hand, the palm lay as bare as that of a blind beggar in a country of thieves. Meanwhile, his right hand had tightened into a fist again. "It's a boy," Joey assured her, as though he had been given a vision. Thick blood sluiced across his lower lip, down his chin, bright arterial blood. "Baby, no," she pleaded. In the faraway, at the limits of night and fog, the dog bit off his bark in expectation. For the first time in many months, Barty didn't want to sleep in the dark. They left the door of the room open, admitting some of the fluorescent glow from the hallway. After moving all of a hundred feet, Celestina and Wally-with Grace fretting that someone would be hurt-had torn down the high stave fence between properties, for theirs had become one family with many names: Lampion, White, Lipscomb, Isaacson. When backyards were joined and a connecting walkway poured, Barty's travels from house to house were greatly simplified, and regular visits by the Gonzalez, Damascus, and Vanadium branches of the clan were also facilitated. The Benediction service had concluded, and the worshipers had departed. Gone, too, were the priest and the altar boys. He half expected to hear Thomas Vanadium in the distance, softly singing "Someone to Watch over Me." As if he sensed her reluctance to return to Dr. Chan, Barty had kept her occupied with talk of the red planet as they approached the office building, had talked her off the street, along the driveway, and into a parking space, where finally she relinquished the fantasy of an endless road trip. At 5:45, long past the end of office hours, Dr. Chan's suite was quiet. "Me, me," Celestina said. "In fact, fianc?es should come first." "You look as if you've seen a ghost," said Vinnie, and Agnes wished the threat were as simple as a restless spirit, groaning and rattling its chains, like Dickens's Marley come to Ebenezer Scrooge on Christmas Eve. "I wouldn't just whack anyone, not even a worm bucket like Cain, any more than I would commit suicide. Remember, I believe in eternal consequences." He swept the immediate area with the flashlight, and shadows spun with shadows, waltzing spirits in the ballroom of the night. The customers were in a mood, most of them grumbling about their ailments. Others complained about the dreary weather, the increasing number of kids zooming along sidewalks on these damn new skateboards, the recent tax increases, and the New York Jets paying Joe Namath the kingly sum of \$427,000 a year to play football, which some saw as a sign that the country was money-crazy and going to Hell. Sliding one hand lightly along the railing, the boy quickly descended the short flight of steps and walked onto the soggy lawn, into the rain. Celestina was unable to talk reason to him, and even her mother, Grace, who was living here for the interim and who was always oil on the stormiest of waters, couldn't bring a moment's calm to the velvet squall that was Neddy Gnathic in full blow. He had learned about the baby five days ago, and he had been building force ever since, like a tropical depression aspiring to hurricane status. "Be quiet, sugarpie," she said, crossing the bedroom to the door, which stood only slightly ajar. Her strength was the strength of stones only in the sense that she felt as immovable as rock, yet she found the resources to raise one arm, to place her left hand over Maria's bead-tangled fingers. "But the baby's dead." Instead, he imagined Vanadium's blunt fingers moving over the intravenous apparatus with surprising delicacy, reading the function of the equipment as a blind man would read Braille with swift, sure, gliding fingertips. He imagined the detective finding the injection port in the main drip line, pinching it between thumb and forefinger. Saw him produce a hypodermic needle as a magician would pluck a silk scarf from the ether. Nothing in the syringe except deadly air. The needle sliding into the port "I'm a healer, not a prosecutor. I'm not in the habit of making accusations, especially not against my own patients." Behind her, he said, "And is that my gray cardigan? What did you do to my cardigan?" Taking her mother's advice to heart, Celestina sighed. "All right. Let's just pray they catch him. But if they don't ... two weeks, and then the rest of the plan, the way you said, Tom. Except that I can't tolerate two weeks-in a hotel, cooped up, afraid to go into the streets, no sun, no fresh air." "A wonderful wedding," Celestina promised her, taking a pair of pajamas from a dresser drawer. An hour later, when Barty decided he wanted a soda, he switched off the book and asked Angel if she would like something to drink. Edom and Jacob Isaacson were her older brothers, who lived in two small apartments above the four-car garage at

the back of the property..... That discord sets up lots of other vibrations, some of which will return to you in ways you might expectTom was an Oregon State Police detective, as far as Celestina knew, and she didn't understand what he was doing here.."Then I'll attend to everything right away," the doctor said, reaching for the privacy curtain that surrounded the ER bed.
