He believed in the need constantly to expand his knowledge and horizons order to better understand himself and the world. The quality of life was solely the responsibility of oneself he author of How to Have a Healthier Life through Autohypnosis was Dr. Caesar Zedd, a renowned psychologist and best-selling author of a dozen self-help texts, all of which Junior owned in addition to the literature that he had acquired from the book club.

When he had been only fourteen, he'd begun buying Dr. Zedd's titles in paperback, and by the time he was eighteen, when he could afford to do so, he'd replaced the paperbacks with hardcovers and thereafter bought all the doctor's new books in the higher-priced editions. The collected works. Having been so wounded by one death, Celestina could not imagine how Lipscomb could have survived the loss of his entire family. Pity knotted her heart and cinched her throat so that she spoke in little more than a whisper: "Was that the American Airlines . . ." "Veal fit for kings," said their waiter, delivering the entrees, and one taste confirmed his promise. Agnes ran to the kitchen, where she had been working when the doorbell rang, packing boxes of groceries to be delivered with the honey-raisin pear pies that she and Jacob had baked this morning. The silence in this city of the dead was complete. The night lay breathless, stirring not one whisper from the stationed evergreens that stood sentinel over generations of bones. "I didn't know it myself till I realized I was right in your neighborhood. I assumed your mother and Angel would be here, and I hoped you might be. If I'm intruding." The cop had unzipped the top of her jogging suit and pulled up the roomy T-shirt. Some information she'd withheld from him: that the cancer might already have spread, that he might still die even after his eyes were removed—and that if it hadn't yet spread, it might soon do so. These statements sounded so convoluted and so bizarre to Agnes that they nourished her growing fear for Barty's mental stability. With the second shot, the dead woman tumbled out of her chair, and the chair clattered onto its side. Junior intended to add one stocky ghost to the party. Perhaps on a summer night in years to come, at the edge of the light fall from his Coleman lantern, a fisherman would see a semitransparent Vanadium providing entertainment with an ethereal quarter. His instructor, Bob Chicane—who visited twice a week for an hour—advised him to imagine a perfect fruit as the object of his meditation. An apple, a grape, an orange, whatever. In a red coat with a red hood, Bartholomew appeared first in the arms of the tall lanky man, the Ichabod Crane look-alike, who also had a large tote bag hanging from his shoulder. He usually ate lunch alone in his office. The room was the size of an elevator, but of course didn't go up or down. It went sideways, however, in the sense that herein Paul was transported into wondrous lands of adventure. The moment he had seen the building in which Nolly maintained an office—an aged three-story brick structure in the North Beach district, a seedy strip club occupying the ground floor—Junior knew he'd found the breed of snoop he needed. The detective was at the top of six flights of narrow stairs—no elevator—at the end of a dreary hallway with worn linoleum and with walls mottled by stains of an origin best left unconsidered. The air smelled of cheap disinfectant, stale cigarette smoke, stale beer, and dead hopes. "We have reason to believe that the man who raped your sister is stalking you." Throughout the day, he tried not to think about the four knives. But he was an obsessive, of course, so in spite of all his trying, he did not succeed. When Frieda finished retching and passed out in a heap, Junior left her on the floor and immediately set out to explore her rooms. Adoption records would have been kept as secret from Celestina as from everyone else. But perhaps she knew something about the fate of her sister's bastard son that Junior didn't know, a small detail that would seem insignificant to her but that might put him on the right trail at last. The three of them, gathered around her in the quick, held fast to her, as if Death couldn't take what they refused to release. Mrs. Lombardi had no visitors. She was alone in the world, her two children and her husband having passed away long ago. The unmatched suite of bedroom furniture, cheap and scarred, might have been purchased at a thrift shop. A double bed and one nightstand. A small dresser. His leonine head and bold features, framed by golden hair, should have conveyed strength, but the impression he might have made was compromised by a fringe of bangs that curled across his forehead, a style unfortunately reminiscent of effete emperors of ancient Rome. "Everyone knows about Vanadium. He's a crusader, self-appointed champion of truth, justice, and the American way. A holy fool, if you will. With the case closed, he has no authority to harass you." The spectral singer didn't exhibit her blood-and-bone sisters' reluctance to pursue her man. He had been walking ever since, two and a half years, with brief respites in Bright Beach. spades. Friday night, she had ripped the cards in thirds and had been carrying the twelve pieces with her since then, waiting for this quiet Sunday evening. With great deliberation, Joey shifted gears and followed the drive way to the street, where he peered left and then right with the squint-eyed suspicion of a Marine commando scouting dangerous territory. He turned right. The study was the size of a bathroom. The cramped space barely allowed for a battered pine desk, a chair, and one filing cabinet. By now he recognized that the man approaching from the other graveside service was neither a Negro nor a stranger. Detective Thomas Vanadium was annoying enough to be an honorary Hackachak. During the girl's final appointment, Junior discovered she would be home alone that same night, her parents at a function she wasn't required to attend. She appeared to reveal this inadvertently, quite innocently; however, Junior was a bloodhound when it came to smelling seduction, regardless of how subtle the scent. He loved Naomi, of course, and never could deny her. Although he had been especially sweet to her that night, if he had known that they would have less than a year together before fate tore her from him, he might have been even sweeter. "It's just . . . the last time I saw him, he trapped me in a corner and told this god awful story, far more than I wanted to know, about some British murderer back in the forties, this monstrous man who beat people to death with a hammer, drank their blood, then disposed of their bodies in a vat of acid in his workroom." He shuddered. Vanadium's wounds were too grievous to pass for accidental injuries. Even if there were some way to disguise them through clever staging, no one would believe that Victoria had died in a freak fall and that Vanadium, rushing to her side, had slipped and tumbled and sustained mortal head injuries, as well. Such a strong whiff of slapstick would put even the Spruce Hills police on to the scent of murder. "In addition to that policy," said Vinnie, "there's another. . . --he filled his lungs, hesitated, then exhaled the air and the sum with a tremor---seven hundred fifty thousand. Three-quarters of a million dollars." The moment that the roof of the car vanished beneath the water, Junior hurried away, retracing on foot the route he had driven. He didn't have to go all the way back to Vanadium's place, only to the dark house where he'd left Victoria Bressler. He had a date with a dead woman. Into Barty's darkness came light that he had not sought. He saw his smiling Mary on his lap as she lowered her hands from his temples, saw the faces of his family, the table set with Christmas decorations and many candles flickering. Celestina threw down the weapon even before she turned, and as two cops entered the room, she cried, "He's getting away!" He told her that he loved her, and she slipped away upon his words. As she went, the haggard look of the terminal leukemic patient passed from her, and before the gray mask of death replaced it, he saw the beauty he had preserved in memory when he was three, before they took his eyes, saw it so briefly, as if something transforming welled out of her, a perfect light, her essence. Harmonizing with Diana Ross, Mary Wilson, and Florence Ballard, he drove to the granite quarry three miles beyond the town limits. Risking all, he turned his back on her and fled, and in spite of his expectations to the contrary, she allowed him to escape. Otter was silent a while. Then he said in a low voice, "Clay, and gravel, and under that the rock that bears garnets. All under this part of the city is that rock. I don't know the names." "Here we are," said the driver, braking to a stop at the

curb in front of the gallery..He still had work to do here. Properly disposing of Thomas Vanadium, however, was the most urgent piece of business..Junior stepped back and squeezed off two shots, aiming for the lock. One round tore a chunk out of the jamb, but the other cracked through the door, shattering more than wood, and the brass knob wobbled and almost fell out..Worrying is what mothers do best. Celestina was her mother, as far as Angel was concerned, and the child was not yet of an age to be told, and to understand, that she had been blessed with two mothers: the one who gave birth to her, and the one who raised her..The six-foot-tall statue was of a nude woman, formed from scrap metal, some of it rusted and otherwise corroded. The feet were made from gear wheels of various sizes and from bent blades of broken meat cleavers. Pistons, pipes, and barbed wire formed her legs. She was busty: hammered soup pots as breasts, corkscrews as nipples. Rake-tine hands were crossed defensively over the misshapen bosom. In a face sculpted from bent forks and fan blades, empty black eye sockets glared with hideous suffering, and a wide-mouthed shriek accused the world with a silent but profound cry of horror..After a few racing steps, when the dog realized that Mary hadn't thrown the ball, it whipped around and sprinted back..Blind he remained until an afternoon in May 1993, when at last the miracle occurred, and the meaning that Tom Vanadium had foreseen so long ago began to manifest..Spinning off the stool, he had also spun out of control. Second by second, twin storms of anger and fear whirled stronger within him..Lifting his martini, theatrically gesturing to the tablecloth where the glass had stood, as though the lack of coins proved that he, too, had sorcerous power, Nolly said, "Another round of this magical concoction? ". "But nothing equals a quake for killing. Big one in Shaanxi, China, killed eight hundred thirty thousand." As Sklent so insightfully put it: Some of us live on after death, survive in spirit, because we are just too stubborn, selfish, greedy, grubbing, vicious, psychotic, and evil to accept our demise. None of those qualities described sweet Naomi, who had been far too kind and loving and meek to live on in spirit, after her lovely flesh failed. Now at one with the earth, Naomi was no threat to Junior, and the state had paid for its negligence in her death, and the whole matter should have been brought to closure. There were only two barriers to full and final resolution: first, the stubborn, selfish, greedy, grubbing, vicious, psychotic, evil spirit of Thomas Vanadium; and second, Seraphim's bastard baby--little Bartholomew..He knew what she made of it, all right, and he could see that the others on the porch knew as well, and likewise he could see that all of them wanted to hear him confirm the conclusion at which Agnes had arrived long before he'd come here with Wally this evening. Even in the dining room, before the proof in the rain, Tom had recognized the special bond between the blind boy and this buoyant little girl. In fact, he couldn't have arrived at any conclusion different from the one Agnes reached, because like her, he believed that the events of every day revealed mysterious design if you were willing to see it, that every fife had profound purpose..He stepped into the house, quietly closed the front door, and examined the bottle. The glass was thick, especially at the base, where a large punt--a deep indentation--encouraged sediment to gather along the rim rather than across the entire bottom of the bottle. This design feature secondarily contributed to the strength of the container. Evidently he had hit her with the bottom third of the bottle, which could most easily withstand the blow.. "They've gone to bed. They're tired," Wally told her as he put the car in gear and released the hand brake. "Aren't you? ". "I'm not sad," Tom said, "because though I have this face here in this world, I know there's another me-in fact, lots of other Tom Vanadiums-who don't have this face at all. Somewhere I'm doing just fine, thank you."..The wink startled and baffled EDOM. Oddly, he thought of the mysterious, disembodied, and eternally unwinking eye in the floating pinnacle of the pyramid that was on the back of any one-dollar bill..The maniac kicked once more, but because of the bracing dresser, the door wouldn't budge, so he kicked harder, again without success..Had Junior been chest-deep in wet concrete, he would have been more mobile than he was now. He had no feeling in his legs..In San Francisco, Seraphim Aethionema White lies beyond all hope of resuscitation. So beautiful and only sixteen.. "It's an uncommon reaction," the physician acknowledged, "but not so uncommon as to be rare."..He met her eyes, but at once shifted his gaze to the porch floor again. "I've come to say ... how sorry I am, how miserably sorry."
